

#### School Openings

Next Monday will mark the opening of another school year for the youth of Newton. Some twelve thousand of them will fill the classrooms of the numerous buildings which have been thoughtfully provided for their education. Their teachers and the administrative officers are on hand to train them to take up the task of carrying civilization onward to better citizenship. How fortunate we all would be, could we return to the school days of our youth, armed with the mature experiences of the years, and knowing that we can never learn too much, or too well.

How fortunate the pupils who enter the school doors next week would be, could each of them recognize to the fullest the opportunities that are opened before them.

#### America Tomorrow

Over a long period of years the annual observance of Labor Day has become an institution, marking the turning point in the daily life of many persons. Not only does the September holiday mean the end of the summer vacation period and the opening of school, but it means the resumption of many community, civic, and private activities which have been laid aside during the summer months.

This September everyone picks up the threads of life anew, with courage and determination. There is a disturbing uncertainty to the immediate future with the threat of deeper involvement in international conflict hanging over the country. There is a greater pressure being put upon the lives of each and every one. There is the expectation of economic deprivation, with shortages of gasoline, fuel oil, and many other commodities that enter into our daily living, too numerous to mention.

Yet traditionally, America, and those people who make America, will take what comes and build upon it a better nation. For America is built of a race of pioneers who knew the dangers and hardships of a new world. As in centuries past, the United

#### Newton Units Carrying On Much Knitting And Red Cross Work In All Parts Of The City

##### Newton Ctr. and Newtonville Women Head Two Active Divisions

Each locality seems to be immersed in British War Relief work and the Newtons among the most active. The amount of work turned in by the many groups working there is breathtaking.

Mrs. Fred Cummings of Newton Centre is chairman of the Newton Branch of the British Workshop, at 69 Newbury st., while Mrs. Frank E. H. Johnson, of Newtonville, is chairman of another division under the British War Relief Society.

Mrs. Cummings' group was one of the first to start with Mrs. William Endicott when the latter originated the Workshop in her own home. There were no spacious quarters then and no large corps of volunteers; only a very small group of women determined to send all the help they could to those hard-hit people in England who despairingly saw their homes bombed out from under them.

Although the membership now numbers only about 25, this Newton group has already turned in about 597 knitted garments, 4 crates of second-hand clothing, 27 new sheets and 6 dozen pillow slips and 50 pounds of tin foil.

One member, Mrs. Samuel B. Paul of Halcyon rd., Newton, has already knitted no less than 50 turtle-neck sweaters and quite a few of those heavy hip-length stockings called "sea boots." Not so incidentally, she paid for the work herself.

Mrs. Herbert Dwight is called chairman of "findings," this means that her task is to keep track of all small accessories such as buttons, thread and the like.

Mrs. C. O. Bassett is the official responsible for opening up morning tea for the group. Mrs. H. R. Cookson is in charge of packing.

Mrs. Alice McKee is the recorder. She has to keep track of all articles brought in or sent out. Mrs. R. B. Spaulding is chairman of supplies and must keep in touch with mills, wholesalers, etc.

Mrs. W. M. Fife is chairman of cutting and must pass on all material to be cut.

The knitting division is tremendous. It is composed of many chairmen, who, in turn, have large groups working under them.

Mrs. William Keesler is chairman of the whole knitting division and Mrs. Norman Mitchell is chairman of packing.

Mrs. Charles H. Penhallow is chairman of embryos sold in Newton for British War Relief and it is interesting to note, in passing, that over a thousand dollars' worth have been sold.

Then small sewing groups have been organized in all the Newtons and are operating under different chairmen. Miss Agnes Strang of

The other group in Newton is large enough to stagger the imagination. It is under the direction of Mrs. Frank E. H. Johnson of Newtonville and it is called the Newton Unit of the British War Relief Society. The ladies meet every Thursday at Trinity Church, Newton Centre, from 9:30 to 4:30. Although tremendous, this group would like still more volunteers and would welcome anyone wishing to help sewing or knitting.

Luncheon is served right at the Church on Thursdays for a very small charge and it consists of sandwiches and coffee made at home by members. Mrs. W. I. Carney has charge of this activity.

Mrs. Newton Hyslop combines the duties of secretary and treasurer.

Exceedingly well organized, this group seems to have a chairman for everything. For instance, Miss Clara Boswell is chairman of sewing and Mrs. Arnold Davis is her assistant chairman.

Mrs. Herbert Dwight is called chairman of "findings," this means that her task is to keep track of all small accessories such as buttons, thread and the like.

Mrs. C. O. Bassett is the official responsible for opening up morning tea for the group. Mrs. H. R. Cookson is in charge of packing.

#### Expert Favors Hands-Off School Budget

##### Believes School Board Should Control Policies

Forces which have opposed the assumption of greater control over the Newton School Department budget by the Newton Board of Aldermen were vindicated to a large extent by a report of the United States Office of Education received yesterday by Mayor Paul M. Goddard.

W. S. Deffenbaugh, chief of the Division of American School Systems, who prepared the report, stated:

"In those cities in which some municipal body may revise item by item the estimates of the board of education, it would seem that such municipal body and not the board of education may determine school policies by approving or disapproving the expenditures of funds for purposes that the board of education deems necessary."

"If, as claimed by some persons, the school budget should be reviewed by a municipal body, such body should have authority to revise only the total amount. The board of education itself should decide where reductions in its budget can be made with least detriment to the schools."

In Newton, the Board of Aldermen appropriates the School Department budget, but the School Committee determines how the money shall be spent. Although it has been the contention of many that the aldermen have the power to reduce the budget requests of the School Committee, the board has made no attempt to make such cuts in recent years, despite the demands of some members of the Board of Aldermen and citizens.

#### Large Profit Paper Baling

The baling of corrugated craft paper which was undertaken by the city of Newton last March has proved a profitable enterprise, according to Street Commissioner John D. Haughey.

At the close of the first six months' period of the operation of the project, the street commissioner reports an expected profit of \$4000 for the year, sufficient to pay for the baling machine. The work was started last March.

The supply of corrugated paper available for baling and sale by the city has been smaller than anticipated because the chain stores have taken to hauling the paper instead of discarding it.

The street commissioner revealed that the city could have sold the baling machine at a profit of \$1500 because of the difficulty in obtaining such machines since the defense program was undertaken. The offer was turned down because the sale of corrugated paper collected by the Street Department has proved so profitable that it is considered advisable to continue the project.

The paper baler was bought by the department after the Board of Aldermen authorized the purchase and appropriated funds for the machine. At the time the project was outlined to the board, a greater profit was predicted than has been realized. The situation has changed because of the fact that the chain stores began to follow the city's example, with a resulting drop in available material for the city collectors.

##### Board To Fill Vacancy At Meeting Monday

The election of an alderman-at-large from Ward 1 to fill the vacancy resulting from the resignation of Major Richard H. Lee will take place at the meeting of the Board of Aldermen on Monday evening, Sept. 8.

Major Lee resigned after being called into active service with the Army. His resignation was accepted "with regret" at the last meeting of the board Aug. 18.

His successor will complete his unexpired term, which runs to Jan. 1. The biennial city election will be held on Nov. 4 to elect members of the Board of Aldermen for 1942 and 1943. Nomination papers have been issued to the present member of the board by City Clerk Frank M. Grant.

#### Petitions For Waivers Swamp Board

The recent adoption of more restrictive zoning regulations for the use of building lots has resulted in many petitions to the Board of Aldermen for waivers in the laws. The Claims and Rules Committee of the Board which considers these petitions is literally swamped with applications for such variances and waivers.

On Monday evening during the customary recess of the entire Board of Aldermen this committee will conduct five hearings. On Wednesday evening the committee will meet to hear eight others. On Sept. 24th the committee will hear another group of petitions of this and similar nature.

Many of the petitions are for variances and waivers of lot line restrictions for private garages, changing single dwellings to two-family dwellings, and lot sizes.

Among the numerous petitions, however, are several of an important nature including the use of wooden buildings as dormitories by the Newton Hospital, the rezoning of the Crystal Lake "ice-house" area as recommended by the Planning Board, and the use of an area near Court st., Newtonville, as a parking lot.

The former hearing will be held Monday night and the other two on Sept. 24th.

#### Two New Draft Registrants

New registrants received by Local Selective Service Board 114 of Newton were William Mair Sanderson, 228 Pleasant st., Newton Centre, and Arthur Means Pollan, Lake ave., Newton Centre. Sanderson was assigned order number 787A and Pollan 1278A.

##### Health Dept. Finds 30 Per Cent Do Not Meet Standards

An intensive campaign of inspection of drinking utensils in 120 establishments in Newton which is nearing completion by the Health Department has revealed that approximately 30 per cent of the concerns have not met the sanitary standards set by the department.

At the first fall meeting of the Board of Health on Monday evening, Sept. 8, a plan of publication of the names of the establishments found delinquent will be devised. It is proposed to publish the names in the forthcoming issue of the Health Department Bulletin, "Your Health."

The practice of publishing ratings of milk dealers in the bulletin was adopted several years ago. That only about 70 per cent of the tests taken of drinking glasses in restaurants, beer parlors, and soda fountains have proved satisfactory from a bacterial standpoint, was revealed today by Chief Inspector Alexander A. Robertson, who has been in charge of the drive to make the establishments toe the mark.

Robertson said that the inspection work would be completed next Tuesday. Five trips have been made each time. The work will be complete when five tests have been made at each establishment.

The samples have been taken at the places of business by Inspectors Irving W. House and Norman Whitney. The laboratory tests of the samples have been made by Chief Inspector Robertson and Miss Grace Farrell, laboratory technician.

The latest ratings of milk dealers, which are also to be published in the next issue of "Your Health," revealed that less than 5 per cent of the dealers had been rated "unsatisfactory."

#### Legion Plans Annual Chow Night

The annual Chow Night of Newton Post 48, American Legion, will be held at the Newton War Memorial Building on Monday night, Sept. 8th. John B. Foley, past commander, is chairman of the committee on arrangements. Noted guests will be present including Governor Saltonstall, Mayor Paul M. Goddard, newly elected State Commander Richard Cunningham, and past State Commander Chester Grant.

Among sports notables on the speakers program is Frank Shellmoe, Boston Red Sox pitching coach and assistant to manager Joe Cronin. A well-known vaudeville team will provide entertainment. The annual election of officers will also be held.

### Defense Demand Brings Large Enrollment at Newton Hospital Overcrowding Its Dormitories

#### Newton Grid Candidates Issued Suits

##### Coach McDowell Greeted Initial Squad of 1941 Season

Coach Owen McDowell of the Newton High School football team greeted the initial crop of grid-iron candidates for the 1941 squad yesterday morning. Under the direction of Physical Director Frank M. Simmons and Faculty Manager Ralph M. Sanborn, 47 of the first group were given physical examinations and equipment issued to them. Another group is being outfitted today, including numerous youths who have been members of the various Newton football squads in previous years and who have shown some promise. The large influx of candidates, unknown and untried, will report next week Monday when school opens at which time the entire Newton coaching staff will be on hand.

The Newton varsity coach has ten letter men available from the group of twenty-six that received letter awards last fall. Sixteen have graduated. Of the ten returning players six are linemen and four are backs. The tackle squad looms up as one of the most promising in years with Captain Bill Healey and Bill Kalousdian, who were starters last year, in the forefront. Frank Brock and Kenneth McCarthy are other tackles who earned their letter a year ago. McCarthy is the only one of the quartet who did not report yesterday but it is believed that he is working and will be on hand within a few days.

Larry Tepesta, a letter man, is the only veteran end available while the other veteran returning is Dick Lowry who will be one of the outstanding schoolboy centers in schoolboy circles this coming fall.

The four backs available are George Norcross, Bill Hooper, Charlie French and Alfred Savignano. Norcross is the leading passer and French the leading bucking back of the quartet and Coach McDowell's problem will be to develop or find a triple threat who will take over the duties left by Joe Beatty's graduation.

In the line the guard problem is the biggest worry with the possibility that the Newton mentor may change Brock and McCarthy to the guard berths in the event that suitable reserve tackle material is available among the newcomers. With the experience of a year ago the two youths may find the transition to a new position a not too difficult task.

Nine of the ten letter men were on hand at Wednesday morning's call with McCarthy expected any day. Others who were physically examined and given equipment

#### Seek to Use Wooden Building

The great demand for nurses in the national defense preparations has resulted in a large increase in the enrollment of student nurses at the Newton Hospital School for Nursing. The Nurses' Home on the hospital grounds has become overcrowded making added accommodations a necessity. The new dormitory, built several years ago at a cost of more than half a million dollars, was believed to have been adequate and would be at the present but for the unprecedented defense needs. Accordingly the hospital authorities have petitioned the Newton Board of Aldermen for permission to use two wooden buildings in the vicinity as dormitories for the duration of the emergency.

One of the buildings is located on the hospital grounds. It is of frame construction and stuccoed. The other building is at 284 Dorset rd., Waban, a short distance in the rear of the hospital grounds. It is frame construction with brick veneer. Both are classed as wooden structures and under the Newton zoning ordinances and building laws could not be used as dormitories.

However, a few months ago the Newton Aldermen amended the regulations to make it permissible for authorities to grant use of buildings for hospital purposes during periods of emergency for such duration as proclaimed a national emergency by the President. President Roosevelt having proclaimed that a national emergency exists there is basis for the use of the buildings.

The hospital officials must comply with two requirements, however, before such use can be made of the buildings. They must obtain permission to use the buildings for the purpose in a Single Room B district. The Aldermen will hold a hearing on this phase of the matter on Sept. 8th.

The second step requires approval of the Building Commissioner who has authority, under the amended Newton ordinances, to permit use during the emergency.

DO SKUNKS PLOW UP YOUR LAWN AT NIGHT?  
DO STARLINGS AND CROWS DIG HOLES?  
CAN YOU PICK UP SHEETS OF BROWN TURF?  
HAVE LARGE SECTIONS TURNED BROWN?

If the above is true . . then you have JUNE BEETLE WHITE GRUBS in your lawn . . !

HERE IS THE BEST KNOWN CURE FOR THEM:

Mix 6 pounds of dry Arsenate of Lead with 25 pounds of MILORGANITE and spread evenly over each 1000 square feet of good and browned turf. Water slightly and let alone. The Milorganite will feed the grass roots and aid revival, the lead will penetrate the soil by soil water and winter erosion action and kill the crop of grubs hatching next spring. This treatment will grub-proof your lawn for FIVE YEARS.

DO IT THIS MONTH. If you neglect to, you may lose the entire lawn, and have to plow and re-seed the entire area next year.

If you are not equipped to mix this material, we will do it for you. Our price is \$10.00 for 124 pounds of mixed material. This amount will treat 4000 square feet of lawn.

Safety To Children In  
New Colorful Fabrics**

You've told Betty Jane to watch for the green light and then to look both ways before crossing the street. But—if you're like most modern mothers—perhaps you've often wished you could attach her own stop-light to her dress when you wave her off to school.

If so, you'll join in a salute to the drive that fashion is now making in the cause of child safety under the sponsorship of Bond's Convenience Shop of Newton Centre. Perhaps you never realized it, but in between its many big projects, the government down in Washington manages to find time to figure out how our little girls should dress. Some

years ago, the Bureau of Home Economics of the U. S. Department of Agriculture made a special plea for children to be dressed in brighter colors because vivid hues make them more easily visible to motorists and therefore safer on city streets.

The result of this suggestion is a group of fabrics now being featured by Bond's which really brings your daughter's wardrobe "safely by the yard" . . . ABC Safe-T-Tone Percales. Bright in color and smart in design, they stand forth for protection as well as for fashion. The patterns include Safe-T-Chintz, a sweet little pattern adaptable for recent kindergarten graduates; Safe-T-Vine, Safe-T-Star, and Safe-T-Daisy for the intermediates. Safe-T-Plaid and Safe-T-Stripe are especially recommended for the teen-age crowd. All fabrics are

guaranteed fast in laundering and have iron constitutions when it comes to wear. At Bond's they'll be glad to recommend designs in New York and Buttrick patterns specially created for these prints. So you'll be able to join in the safety chorus—"Children Should Be Seen and Not Hurt."

Mr. and Mrs. Burroughs met the boys in Boston and invited them to visit their summer home. They were welcomed as guests and went to the Saconessett Club, where they were entertained with special English songs played by the orchestra. They also visited a captain's inspection at Newport, which impressed the boys greatly.

The three sailors were enthusiastic about the Cape, because it seemed to them so much like England.

They remarked the trees, shrubs and flowers reminded them of their country and the salt air made them feel very much at home, also the swimming in the Sound.

**Boston "El" Plans  
For More Riders**

Plans for transporting a greater number of riders on the lines of the Boston Elevated Railway during the coming fall and winter months have been in the making for some time, according to Edward Dana, president and general manager of the "El," who in a statement outlined what has been done to take care of a volume of business comparable to the 350,000,000 or more passengers carried annually prior to 1930.

"Because of a rise in the level of riding," said Mr. Dana, "we saw that intensification of the defense effort would be reflected in the use of the railway facilities and that there would probably be a reduction in use of automobiles. Consequently, we began to prepare for a larger volume of business than the 'El' has had for some years."

"First, we decided to re-condition 25 main line elevated, eight Cambridge-Dorchester subway and six East Boston tunnel cars, which were in storage, to be ready for service as soon as possible. There are 19 more elevated cars and 94 surface cars which could be placed in service within a relatively short time."

"During this year there have been received 31 new buses and 28 more are expected. Delivery of 25 additional buses is expected early next year. These new buses are for replacements of old buses which in normal times would be sold. This year, however, the old buses are being held in reserve for emergency use for the reason that there will probably be delays in the delivery of new equipment."

"It is expected that the Highland ave. and Somerville ave. car lines running between Clarendon Hill and Lechmere stations will be converted to trackless trolley operation in October which will then release for use elsewhere the cars now operating there."

"In terms of service on the rapid transit lines, the cars in service and the re-conditioned cars could provide, if needed, a maximum rush hour frequency of a six-car train on the main line elevated and of a four-car train in the Cambridge-Dorchester tunnel every 1 1/2 minutes and of a four-car train in the East Boston tunnel every 1 1/2 minutes, which would be as frequent service as has ever been operated on these rapid transit lines."

"Early in September, the railway will provide an increase of 2338 car trips and of 16,351 miles on weekdays as compared to the present schedules. The winter schedules are now being prepared and provision made for increased service. Every effort will be made to meet the riding requirements."

"In preparing for the fall and winter service, the 'El' has been engaging from five to 10 new operators a week since June of this year."

"These men and all other new operators engaged since last 1939 have been employed in order of ranking from a list established following written, oral and physical examinations and credit for education and experience under a merit plan method of employee selection. When established on December 15, 1939, the list had 673 men who had qualified. There are still 396 men on this list, and this number is expected to take care of the railway's requirements for some time in the future."

"We believe that public transit will undoubtedly be given every possible consideration in fuel supplies. Because of the relatively high efficiency and large capacity of buses, four times as many persons can be carried by bus per gallon of gasoline as by private automobile."

"We recognize our responsibility in co-operating with the State Director of Gasoline Conservation and shall do everything possible to see that vehicles are in efficient condition and that gasoline is conserved."

"Thus far in 1941 the buses have consumed 130,998 fewer gallons of gasoline and have increased the miles operated per thousand gallons of gasoline."

"Already the Federal government has recognized the necessity of public transit in defense work. OPM's priorities division announced on August 8 that an A-1 rating, next to that for actual defense work, is made available to local transit operators for all necessary repair parts and maintenance orders and a special arrangement permits an A-1-a rating, the highest available, for emergency breakdown repairs."

"Thus, the job of moving large numbers of people is declared by OPM, in its own words, as 'essential to defense as well as to civilian life.'"

## Kiwanis Club

Newton Kiwanians enthusiastically welcomed the president of the local club at their meeting last Tuesday upon his return from an extended vacation in Maine. President Raymond Green told about his vacation and extended his congratulations to the local club for the work which they had accomplished during the summer time. New England District Secretary, Russell L. Norton, said that the convention was well attended and that almost the entire capacity of the Poland Spring Hotel had already been engaged. It is expected that a considerable number of members from the local club will attend September 8.

The bride was graduated from the Watertown High School and the groom from the Newton High School.

George Van Buskirk, Chairman of the special Achievement Committee appointed two weeks ago, reported that this committee would meet some evening this week and complete the work of the Achievement Book from the local club. The entire committee consists of the following: George Van Buskirk, Archie Bellinger, James Riggs, William White, William Payne, John O'Donnell, Charles Train.

Mr. Van Buskirk, who is also chairman of the local Program Committee, said that next week he expected to have Chief Allen of the Brookline Fire Department furnish the program.

John Bell of the Manchester, Connecticut Club, was a visitor.

## Recent Weddings

### HESKEY-GUION

Miss Frances Partridge Guion, daughter of Mr. and Mrs. LeRoy Partridge Guion of 159 Oakdale rd., Newton, was married to Albert Chapman Heskey, son of Mr. and Mrs. Thomas Heskey of Allston at 4 o'clock on Monday afternoon, September 1 in Grace Church, Newton. Dr. H. Robert Smith, rector of the church, performed the ceremony. An informal reception was held at the home of the bride's parents following the ceremony.

The bride wore a white satin redingote in princess style with a train over a dress of white lace and net. Her veil of white net fell from a coronet of orange blossoms and she carried a bouquet of white gladioli. Miss Eleanor McAleer of Newton was the maid of honor. The bridesmaids were Mrs. Eaton Webber of Newtonville, Mrs. Dudley Braithwaite of Auburndale, sisters of the bride, and Miss Jean Webber of Newtonville. Miss McAleer wore powder blue taffeta and carried a bouquet of lemon yellow and coral gladioli. The bridesmaids wore rose-coral taffeta and carried coral and lemon yellow gladioli. The bride's mother wore powder blue crepe and the groom's mother chose dark blue silk.

George Heskey of Allston, brother of the groom, was the best man. The ushers were George Moore of Allston, Eaton Webber of Newtonville and Dudley Braithwaite of Auburndale.

The church was decorated with white gladioli and summer flowers formed the decoration at the home. Mr. Paul Ladbouche, organist, played the wedding music.

Following a wedding trip to the White Mountains, Mr. and Mrs. Heskey will reside on Commonwealth ave. in Allston.

### GLYNN-KELLY

John Paul Glynn of Waban and Helen Elizabeth Kelly of Somerville were married on Labor Day at a very pretty wedding in St. Polycarp's Church. Father Mosley performed the ceremony.

The maid of honor was Patricia Glynn, sister of the bridegroom, and the best man was Francis X. Glynn, brother of the groom.

The bridesmaids were Miss Margaret Glynn, sister of the bridegroom, Miss Doris Higgins and the Misses Louise and Mary Kelly.

The ushers were Warren Davis of Waban, Francis Shuster of Newton, William Kelly and Gerald Kelly of Somerville.

and carried old fashioned bouquets. After the reception the couple left for a motor trip through Canada.

## Painter on Busman's Holiday Injures Neck

Taking a busman's holiday John S. Cookson of 136 Cypress st., Newton Centre, a painter, was injured in a fall from a ladder while engaged in painting his house. A physician called to attend the injured man ordered his removal to the hospital. Cookson injured his neck in the fall when the ladder which he was standing on slipped while standing on the porch and leaning against the house.

"DECEASED THIS YEAR (BLANK) TH' COUNTRY OF (BLANK) DUE TO PUBLIC APATHY, FALSE SECURITY AND DIS-UNITED LEADERSHIP!"

Lifeless body of Belmont man found in Crystal Lake. Subsequent identification revealed victim as having been recently discharged from a Danvers asylum.

55 YEARS AGO

Newton Graphic, Sept. 4, 1886

Judging from the daily arrival of trunks at the Newton depot, the tide of travel has set homeward with a rush. The hacks and expressmen have had a busy week.

The Boston & Albany Railroad is considering a practicality of a plan for lighting all its cars by gas. The plan contemplates the equipment of the cars with storage reservoirs, which will be filled with gas at regular intervals.

The many improvements that are being made along the Boston & Albany railroad make it the pleasantest route out of Boston. If the road keeps on, it will have a flower bed on each side all the way, as gorgeous as the beds of petunias at the Allston repair shops.

A good deal of attention is attracted to a plant of the gourd family growing in the garden of Mr. George Leonard. Nine days ago the plant was in flower, and now the fruit measures 38 inches in length and 4 inches in diameter. It grows from 4 to 6 inches a day.

The earthquake shock was noticed here, and one lady who was standing near the window was greatly alarmed by the trembling of the house.

The brass band, it is hoped, will rapidly improve, and some of the people in the vicinity of the square (Newtonville) would like to have them retire to the woods or some isolated building.

At the fire in Newton Centre Saturday night, Dr. Sylvester abandoned his homeopathy and Dr. Bodge his allopathy, and united on hydrophobia with results very gratifying to property holders and insurance companies.

## RECENT DEATHS

## GEORGE BACON GRAFF

George Bacon Graff, founder and president of the George B. Graff Company of Cambridge, died at his home, 25 Victoria Circle, Newton Centre, on Saturday, August 30. Mr. Graff, who was in his 80th year, was born in Mayfield, New York, the son of John and Helen Sprague Graff. He was a former officer of the International Society of Christian Endeavor and when a young man organized many of the first branches of the Christian Endeavor Society west of the Mississippi. In 1891 he was called to Boston to take charge of the publication department of the society and served in that post for 20 years. He was also active in the organization of Kurn Hattin Homes for the shelter and training of homeless boys and girls, was a trustee of that corporation and recently president of the Massachusetts branch. He was a member of the Boston City Club, the Boston Rotary Club, and of the First Church in Newton (Congregational) where he served as an officer for a number of years.

He is survived by his widow, Mrs. Florence Murray Graff; a son, Leland S. Graff of Canton, Ohio, and a daughter, Miss Dorothy Graff of Louisville, Kentucky. Funeral services were held on Tuesday afternoon at 2:30 o'clock at his home. Rev. M. Russell Boynton officiated. Burial was in Forest Hills Cemetery.

## AGNES G. HALLAHAN

Mrs. Agnes G. Hallahan, widow of Stephen J. Hallahan, died on Monday, Sept. 1, at her home, 53 Reservoir ave., Chestnut Hill. Mrs. Hallahan was prominent in local Catholic charitable organizations. She is survived by four daughters, Mrs. William Burke of Boston, Mrs. Edward Costello of Chestnut Hill, Mrs. Arthur Dowling of Waterbury, Conn., and Mrs. Harold Clary of Watertown. Funeral services were held this morning from her late home. A high mass of requiem was celebrated in St. Mary's Chapel, Boston College, at 10 o'clock.

## CHARLOTTE F. SLADEN

Mrs. Charlotte Fleming Sladen, wife of Mr. Charles N. Sladen, of 83 Lowell ave., Newtonville, died at her home on Saturday, August 30. Mrs. Sladen was 86 years of age and was born in Sherborn, Mass., the daughter of Thomas and Emma Jeffries Fleming. She had resided in Newton for 57 years. She is survived by her husband, two daughters, Mrs. Marie F. Sladen of Newtonville and Mrs. Emma Loring of Natick, a son, Charles Sladen of Clinton, Mass., and seven grandchildren. Funeral services were held at her home on Tuesday afternoon at 2 o'clock. Rev. Robert Smith, pastor of the Grace Episcopal Church, Newton officiated. Burial was in the Newton Cemetery.

Auburndale has about 31 workers. Mrs. Hartley Rowe, of Newton Centre heads 14 workers; Mrs. Norman Millard's group of 30 workers meets in Elliott Church in Newton; Mrs. Fred Whiting has a group of 30 knitting in W. Newton; Mrs. John W. Eaton has a group of 12 knitting in West Newton; and there is an evening group which meets at Trinity Church under the direction of Miss Dennison.

In various districts representatives have been appointed. Here knitting yarn and instruction may be obtained during the week by anyone interested in joining this worth-while war work.

Mrs. L. N. Clark has about 100 knitters in her group in Newton. Mrs. L. Tiechert also has a large number of knitters in Newton Upper Falls. Others who head groups of knitters are Miss Florence Marble in Newton Highlands, Mrs. W. G. Archibald in Newton Highlands, Mrs. A. Nielsen in Newtonville and Mrs. James S. Barie in West Newton.

Mrs. A. N. Mosher chairmans a group working from the Auburndale Woman's Club which is specializing, just now, in collecting squares and putting them together for knitted blankets. Then there are still smaller knitting groups with leaders instead of chairmen. These leaders are Mrs. Arthur Jones of Newtonville; Mrs. William J. Baxter, Miss E. O. Arnold, Miss Annette Sirotn, Miss Virginia Allen and Mrs. C. J. Robinson.

Lady Norton Griffiths took a lot of wool with her for the summer to put her friends to work and there is also a group knitting at the Mount Ida School.

Permanent quarters have been opened at 10 Windsor rd., Waban, where sewing and knitting are given out and emblems and gifts are on sale. Old clothes are also gratefully received. The store is open every day.

Anyone wishing to form a sewing group, please get in touch with Miss Clara Boswell, LAsell 1041.

The Newton unit is proud that in addition to all its other work it also, in less than a month, raised over \$40 in pennies, nickels and dimes for the children's sanctuary in England.

The city election is but two months away and as is customary there is the usual apathy evident relative to municipal affairs. Persons in Newton have become so accustomed to having their local government conducted by men of high calibre, conservative and unselfishly civic minded, that they have learned to expect nothing else. How fortunate Newton has been. Yet if this degree of desirability in local government is to be continued it is obvious that attention must be continually focused upon it. One needs no polyscope to view the picture from this angle.

At the present it appears that Mayor Paul M. Goddard will have no serious opposition for re-election. The present administration is highly regarded by most Newton residents. The one question many are seeking to answer is whether or not ex-Mayor Edwin O. Childs will seek to return to the office which he held for more than twenty years. One needs a polyscope to answer this.

Mayor Childs is the only possible candidate who presents any probability of a change in our city administration and in the minds of many there is a great uncertainty as to the success he would have in essaying a political "comeback." His name on the ballot alone means a large percentage of the vote. Yet the possession of the office is an obstacle which is difficult to overcome. One need only recall the election of two years ago when the Childs-Goddard campaign resulted in a victory for the latter by the narrowest of margins. And meanwhile the present Newton Mayor has not lost ground. Again one needs no polyscope.

During recent weeks there has been an apparent attempt on the part of some persons to induce former Mayor Childs to re-enter the political arena in Newton, or at least to commit himself to another campaign. Those familiar with Newton politics and with the political habits of the well-known former Mayor know that no polyscope will ever reveal his political intentions. In due time he will reveal his own political plans.

Without the use of a polyscope we are going out on the well-known limb of political predictions and guess that the former Mayor will not be a candidate. This statement may well cause some discussion in view of the oft-repeated observation that when it comes to local politics "take the opposite of what the GRAPHIC says and you will be right." Once again we need no polyscope to reveal the fact that we have maintained a respectable "batting average." And we look upon such comment with the knowledge that "every knock is a boost."

And by the way—should it happen that our readers are not acquainted with a "polyscope" we hasten to add that the instrument is a multiplying lens and not a fish.

Next week the polyscope focuses upon the city election as it views the forthcoming campaigns of candidates for the Board of Aldermen.

#### Newton Man Is Admitted to Mass. Bar.

### 14,000 Pupils Are Back At School

#### Public School Enrollment Lower Than Last Year With Largest Drop Noted In Trade School

Expect Smaller Decrease With Complete Figures

A drop of over 200 pupils in the Newton Public schools at Monday's opening session was shown in the total attendance figures as compared with a year ago. The attendance figures of 11,212 are expected to be increased within another ten days somewhat as numerous families have not returned from their summer homes, and school opened a few days earlier this year. With over 2000 pupils enrolling in the several parochial schools in the city, the "back to school" figure this year reached close to the 14,000 mark.

In the public school figures the largest percentage drop in attendance occurred in the enrollment at the Newton Trade School where 208 attended as against 273 last year. The decrease is attributed to the fact that many youths have found employment. The decrease in the High School attendance was 36 with the junior high school drop only 16. The elementary schools had an enrollment of 5635 compared with 5740 a year ago. The total opening day decrease was 22.

#### Will Widen Walnut Street at Newtonville Sq.

The proposed widening of Walnut st. at Newtonville sq. was authorized on Monday night by the Aldermen with an appropriation of \$7000 as recommended by Mayor Paul M. Goddard. No land damages are involved in the project which will be effected by taking part of the sidewalk on the westerly side of the street from the railroad bridge to Highland ave.

#### Hoffman Blocks Water Main Project

Raises Charter Objection To Expenditure of \$5,100 As "Experiment"

A charter objection, raised by Alderman Carroll Hoffman, blocked the proposed appropriation of \$5100 by the Board of Aldermen on Monday night for the purpose of cleaning and lining nearly a mile of water main on Waverley ave., Newton. The tactical maneuver of the Newton Centre alderman came after some debate over the expenditure and after a motion to refer the matter back to the committee on Public Works had been defeated.

Alderman Warner Eustis opened the debate on the proposal with a question as to whether the proposal was not an "experiment" whose efficiency had not been proved. He read testimonial letters which had been sent to members of the board by the concern seeking the contract for the work.

Alderman Charles Hughes seconded the motion stating that the testimonial letters were not basically of such importance as to warrant immediate action. Although Alderman Jamieson had stated that the estimated price might be higher unless the offer was accepted promptly, Alderman Jamieson agreed that there was something in the previous speaker's views in regard to the experimental nature of the work but he believed that the "experiment" should be done at home.

Water Commissioner Joseph J. Murray was present and in response to questions brought out the fact that the process used had been employed in England and France for 24 years and that more recently it had been used in this country.

Alderman Hoffman stated that he did not oppose the cleaning of the main but that he believed the "experimental" nature of the work should be done at home.

#### Director of School Music Has Resigned

Haydn Morgan Accepts Professorship In Michigan College

The announcement of the resignation of Haydn M. Morgan, director of music education in the public schools, was announced this week by Superintendent Julius E. Warren. Mr. Morgan was recently offered a full professorship at the Ypsilanti State Teachers' College in Ypsilanti, Michigan, as director of music there and as head of the Conservatory of Music conducted by the college.

Mr. Morgan has been director of music education in the Newton Public schools for four and a half years, coming to Newton in January, 1937. Superintendent Warren is giving attention to the selection of a successor to Mr. Morgan and may be prepared to submit a recommendation to the School Committee at the first meeting of the season on Monday, Sept. 22nd.

In commenting on Mr. Morgan's resignation, the Newton school superintendent stated "his departure is a major loss to the city. He has done a remarkable job in organizing and advancing the musical education program in the schools."

#### Hospital Changes Plans For Nurses Dormitories

Abandons Petition To Use Dorset Road Home

The petition of the Newton Hospital to obtain the use of a dwelling house on Dorset rd. as a dormitory for nurses was withdrawn on Monday night by hospital officials. Opposition of residents of the vicinity and conferences with the hospital authorities brought an amicable settlement. In place of the Dorset rd. dormitory, hospital officials filed a petition to erect a one-story frame building on the hospital grounds.

In order to provide more facilities for nurses who are enrolled in the Nursing School at the Hospital additional living quarters were necessary. The Board of Aldermen have granted the hospital permission to use an existing wooden building on the hospital grounds at 2048 Washington st. for the purpose.

The new building will be erected near the new nurses home which was erected a few years ago and in view of the fact that the building is located on the hospital grounds it is believed that the required permission will be granted.

The petitions of the hospital were based on the provision of the law that during periods of "unlimited national emergency" structures used for hospital purposes need not comply with the building laws for fireproof construction. A provision of the ordinance calls for the discontinuance of the use of such buildings within a year after the emergency has passed. It is anticipated that under ordinary conditions the existing facilities for nurses at the hospital are adequate. The stepped up defense program of the nation has resulted in a largely increased enrollment of nurses at the Training School.

#### School Custodians Re-Elect Rogers

Arthur M. Rogers, custodian of Newton High School, was reelected president of the Newton Public School Custodians' Association last Friday at the organization's annual dinner at the Hotel Essex, Boston. More than 50 members and guests attended.

Other officers, all reelected, are: Austin M. Morgan, Davis School; West Newton, vice-president; Harry S. Thomas, Underwood and Lincoln School, Newton Centre; secretary; Joseph P. Flynn, Day Junior High School, Newtonville; financial secretary; John H. Ross, Underwood and Lincoln School, treasurer.

Chairmen of the dinner were Mrs. Mary N. Harlow of the Levi Warren Junior High School, West Newton, and Mrs. Madeline Magee of the John Weeks Junior High School, Newton Centre. Edward Duggan of the Cladin School, Newtonville, vice-president of the State Association of School Custodians, headed a group of state representatives attending. Entertained was offered by Billy Kelly, Ernie Murray's Orchestra and the Essexettes.

#### Legion Guards Off to Seek National Title

The Newton Legion Guards, state champion drill team, leave this evening for the national Legion Convention at Milwaukee, where they will compete for the national championship. Some of the members are leaving by automobile while others will leave by train tomorrow.

The Guards are seeking their fourth national title in five consecutive years, being ineligible for competition last year because of being a host club at the Boston convention. For the three successive years prior to 1940 the Newton team were victors. The Guards also hold three state championships, the latest being the 1941 title at Fall River last month.

The team held its final drill in the State armory last evening. On arrival in Chicago the guards will be met by County Chaplain Frederic J. Helm of Fort Dearborn Post, Chicago and a committee. At Boston last year the Newton Post entertained the Fort Dearborn Legionnaires. A banquet on Saturday evening and a banquet on Sunday have been planned in honor of the Newton Guards.

Among the Guards making the Milwaukee trip are: Capt. Joseph Ward, Carl Peterson, Edmund White, Fred Frazier, John McDonald, Joseph Vachon, Commander Joseph F. Henriks, John Pendergast, George Parsons, Henry Hurley, Raymond W. Taffe, Warren Gierro, Ernest Carver, John Chubbard, Fred Perkins, John Woodward, Austin Morgan, Charles Mann, Fred Young, William Maloney, Wayne Walcott, Joseph McHugh and Leon Mayer.

#### "Ice House" Zoning More Complicated

Planning Board Seeks To Clear Decks By Withdrawal of Petition

Complications attending the solution of the so-called "ice-house" zoning problem at Crystal Lake, Newton Centre, were partially straightened out on Monday evening by a letter from the Planning Board. Previously the Planning Board had adopted a recommendation that land in the vicinity of the "ice-house" site, now in the business zone, be changed to single residence classification. Their recommendation did not include the ice-house property which was, at the time, the subject of another petition brought by Newton Centre residents, seeking to change the property from manufacturing to single residence zone.

It was apparent that the Planning Board had believed that action by the Aldermen would be taken on both petitions at the same time. At the August meeting of the Board the Claims and Rules committee reported adversely on the "ice-house" petition and the report was accepted. Subsequently the Planning Board's recommendation was received and a hearing date of Sept. 24th was set. On Monday night the Board received the Planning Board's recommendation that their recommendation be given "leave to withdraw." The letter added that "all the land involved should be rezoned 'at a future date.'"

As the situation now stands, the Aldermen have before them a recommendation that land in the vicinity of the ice-house property (but not including it) be rezoned, and a request by the makers of the recommendation that it be dropped. The rezoning of the ice-house land can only be brought up by a new petition and in no way is affected by the scheduled hearing on Sept. 24th. The possible perfunctory acceptance of the Planning Board's request would then clear the situation for whatever further attempt may be made to settle the controversial question which has been the subject of numerous aldermanic debates for some years past.

#### Elect Gibbs New Alderman From Ward 1

Takes Seat Vacated By Major Lee's Call To Army Service

Donald L. Gibbs of 37 Claremont st., Newton, was elected on Monday night by the Board of Aldermen to fill the vacancy of Alderman-at-Large from Ward 1 caused by the resignation of Alderman Richard L. Lee. Alderman Lee, a Major in the U. S. Army reserve corps, was recently called to active duty. He resigned on Aug. 18. Alderman Gibbs will complete the remainder of Alderman Lee's term which expires on January 1st, 1942. He will be a candidate for re-election at the coming municipal election in November.

Following his election he was immediately sworn in by City Clerk Frank M. Grant and began his duties having been named to the committee posts formerly held by Major Lee.

The new Alderman from Ward 1 is assistant treasurer of the Kendall Paper Company. He was born in Dorchester in 1904 but has lived in Newton since 1912. He is a graduate of Newton High School in the Class of 1922. St. Luke's School in Wayne, Pa., in 1924, and attended Bryant & Stratton School in 1925 and 1926. He is married and has one child.

Alderman Gibbs is a director of the Village Players, a member of the Republican Ward Committee and the Hunnewell Club of Newton. He attends the Eliot Congregational Church and has been an active worker for the Community Chest for several years.

The nomination of Gibbs was made by Alderman John Barwise of Ward 1 and seconded by Ward Alderman Edward Fahey. President Floyd announced the appointment of the new member to the committee on claims and rules, public works, education, and Kenrick Fund.

#### Newton Merchants Plan "Retail for Defense Week"

Three projects in connection with "Retail for Defense Week," Sept. 15 to 20, will be launched by the Retail Division of the Newton Chamber of Commerce at a meeting in the Chamber building on Walnut st., Newtonville, this evening.

The three matters to be considered will be the sale of defense savings stamps in retail stores, the conservation of gasoline and the establishment of uniform prices for materials needed by householders for air raid precautions, such as sand, metal barrels, metal pails, shovels, flashlights, rubber hose and hose connections.

Street Commissioner John D. Haughey, who was appointed gasoline conservator for the city, will

#### Parker Elected Commander of Newton A. L. Post

Governor Saltonstall Heads Guests at Chow Night

Alvin D. Parker, music instructor at Weeks Junior High School, was unanimously elected commander of the Newton Post, American Legion at the annual "chow night" at the War Memorial Building, Newton Centre on Monday night. Governor Leverett Saltonstall, a member of the post, headed the list of distinguished guests which included Mayor Paul M. Goddard, Supt. of Schools Julius E. Warren, Raymond A. Green, Francis P. Frazier, Albert K. Reed, junior vice commanders; Charles E. Coogan, chaplain; Edward V. Nolan, historian; Edward F. Dalton, Elmer E. Ellsworth and Adolph H. Rangnow, executive committee at large.

Elected to the executive committee from the villages were the following: Winfield C. Anderson, Newton; Edward J. Cannon, Newtonville; Henry T. Seaver, Newton Lower Falls; Charles J. Mulen, West Newton; Charles J. Kearney, Auburndale; Frank Dalton, Newtonville.

Some very close contests resulted in the election of executive committee members with William Corbett and Matthew F. Ruane deadlocked for committeeman from Nonantum.

Officers elected were as follows: Alvin D. Parker, commander; Francis P. Frazier, Albert K. Reed, junior vice commanders; Charles E. Coogan, chaplain; Edward V. Nolan, historian; Edward F. Dalton, Elmer E. Ellsworth and Adolph H. Rangnow, executive committee at large.

Elected to the executive committee from the villages were the following: Winfield C. Anderson, Newton; Edward J. Cannon, Newtonville; Henry T. Seaver, Newton Lower Falls; Charles J. Mulen, West Newton; Charles J. Kearney, Auburndale; Frank Dalton, Newtonville.

Under the supervision of the Defense Division of the Massachusetts Committee on Public Safety, a model control centre has been set up in West Newton, giving the Garden City the distinction of taking the lead throughout the entire country in defense preparedness from air raids. The State Safety Committee has set up the control centre in order that the police and fire chiefs, air raid wardens, and others vitally interested in defense work may obtain the necessary information to meet any eventualities that the future may bring. The control centre is located in the former telephone exchange.

Demonstrations will be given, beginning Saturday and Sunday, and on three evenings of next week. Upon the conclusion of the demonstration the entire control centre will be moved to fire headquarters at Newton Centre where the permanent local control centre has been established. The local demonstration is under the direction of Gen. Daniel A. Needham of West Newton, for the Committee on Public Safety, and by Col. Harry Liepman, representing the British government.

Col. Liepman was an air raid warden in London for over a year and was sent to this country to instruct American defenders in the essential training for preparedness.

In the main room of the control centre are sectional maps of the city of Newton. Around a table will be seated the fire and police chiefs, chief air raid warden, chief medical officer, and representatives of the gas, telephone, electric, and other utility companies which might be damaged by plane attacks. In response to incoming reports, the necessary services will be dispatched to the affected area.

#### Sight or Hear Planes

The control centre will operate in connection with the United States Army and Navy forces and the plan is briefly described. An invading plane may be heard or sighted miles away by officially designated army or navy listening posts, of which there are six in Massachusetts. To those communities in the direction of flight of the invaders, a flash will be sent to the local control centers.

A yellow light will flash the warning of the approaching planes. Subsequently if the light is headed for Newton, for instance, a blue light will be flashed and the instant it becomes clear that Newton is in danger of being bombed a red light will demonstrate the fact.

With the appearance of the red light, all air raid wardens will take their positions and the sirens which are to be installed will be set in operation. When the raid is over a white light will be flashed. During the raid the air raid wardens and their deputies will report the falling of bombs, the need for ambulances, fire crews, and the like.

## GRUBS in your lawn?

DO SKUNKS PLOW UP YOUR LAWN AT NIGHT?  
DO STARLINGS AND CROWS DIG HOLES?  
CAN YOU PICK UP SHEETS OF BROWN TURF?  
HAVE LARGE SECTIONS TURNED BROWN?

If the above is true . . then you have JUNE BEETLE WHITE GRUBS in your lawn . . !

HERE IS THE BEST KNOWN CURE FOR THEM:

Mix 6 pounds of dry Arsenate of Lead with 25 pounds of MILORGANITE and spread evenly over each 1000 square feet of good and browned turf. Water slightly and let alone. The Milorganite will feed the grass roots and aid revival, the lead will penetrate the soil by soil water and winter erosion action and kill the crop of grubs hatching next spring. This treatment will grub-proof your lawn for FIVE YEARS.

DO IT THIS MONTH. If you neglect to, you may lose the entire lawn, and have to plow and re-seed the entire area next year.

If you are not equipped to mix this material, we will do it for you. Our price is \$10.00 for 124 pounds of mixed material. This amount will treat 4000 square feet of lawn.

IF YOU DO NOT HAVE A MECHANICAL SPREADER FOR EVEN APPLICATION WE WILL RENT ONE TO YOU FOR 75c PER DAY.

### ANDERSON—MERRIAM

At 7 o'clock last Saturday evening (Sept. 6) at a candlelight ceremony in the Newton Highlands Congregational Church, Miss Ada Merriam, daughter of Mrs. Harry C. Merriam and the late Harry C. Merriam, became the bride of Mr. Arthur J. Anderson, Jr., son of Mr. and Mrs. Arthur J. Anderson of Wellesley Hills. The double ring ceremony was performed by the Rev. Ben Roberts. A reception was held at the home of the bride's mother immediately following the ceremony.

The bride wore a white satin gown ending in a train and carried a cascade bouquet of cattleya orchids, phloxes, and carnations. The bride's mother carried a bouquet of white gladioli. The bridesmaids, Miss Dorothy W. Danforth of Baltimore and Miss Helen Bird Loring of Newton Centre, wore gowns of lavender and orchid and carried bouquets of gladioli in contrasting shades.

Dr. A. Benedict Schneider, Jr., of Cleveland was the best man. The ushers were William C. Loring, Jr., and Stanton Loring of Newton Centre, cousins of the bride, Arthur K. Willey, Jr., of Montpelier, Vt., Vincent S. Kraeger of Danvers, Mass., E. Kenneth Bancroft of Forest Hills, N. Y., and Davis B. Keniston, Jr., of Boston.

The bride was given a gown of white satin which had been worn by her sister and an heirloom veil of Russian lace. Her bouquet was of white gladioli. The bride, who was the maid of honor, wore a gown of deep reds and carried gladioli of contrasting colors. The bridesmaids, Miss Dorothy W. Danforth of Baltimore and Miss Helen Bird Loring of Newton Centre, wore gowns of lavender and orchid and carried bouquets of gladioli in contrasting shades.

## Reject Plan For Bell Warning at West Newton

The plan to install a bell warning signal for motorists at West Newton square has been abandoned. At the meeting of the Aldermen on Monday evening a report of the Traffic Committee rejecting the plan was accepted. Alderman Maxwell P. Gaddis of West Newton told the board that in Watertown square a bell had been installed to protect blind persons, that in Central square, Waltham a bell had been installed, taken out and put in again, and that in Cambridge where a bell had been installed it has been taken out and left out. He stated that there was considerable difference of opinion as to the value of the bell warnings and that in West Newton square, near which many persons reside, the continual sounding of the bell would be annoying. He stated that 50 per cent of the merchants opposed the installation of the bell and that the other half were skeptical of its value.

He concluded, "if the motorists cannot see the lights the bell won't help much."

Alderman Eugene Cronin, agreeing with his colleague, stated that Chief Michael Hughes of the Police Department had made the request in a "sincere effort to solve the problem." He urged further study of the traffic control situation at the square.

## Hutchinson Speaks To R. I. Community Chests

Maynard Hutchinson of Newton, general chairman of the 1942 United Campaign of the Greater Boston Community Fund and the

U. S. O., was the main speaker at the opening meeting of the first United Campaign of the Rhode Island Community Chests held last week at Shepherd's Run, the summer estate of Mr. and Mrs. Rush Sturges in South Kingstown, Rhode Island. More than 200 campaign leaders and representatives of community chests attended.

## Neighbors Oppose Waivers of Lot Lines for Houses

Neighborhood objection to the proposed construction of a number of houses on the lot at the corner of Waverley ave., Franklin and Park sts., was expressed last night at a hearing before the Claims and Rules Committee of the Board of Aldermen. The location, known as the former Towle property, was sought some months ago for use as a boys' private school. On the property at present is a large brick unoccupied mansion, a cottage house and an old barn. Less than a month ago the barn was adjudged a menace and fire hazard and was ordered boarded up or torn down. Thirty days were given to comply with the order.

Meanwhile an auction has been held on the property and an agreement to buy has been made by Walter Greymont, a Newton architect, from Henry W. Brown, present owner. The agreement is contingent upon the right of the purchaser to erect houses on the lot. Without any further authorization from the Board of Aldermen it is possible to erect five houses on the property. In a petition to the Aldermen a request was made for variance of lot size restrictions in order to enable Mr. Greymont to build seven houses. At last night's hearing Mr. Greymont informed the committee that he had abandoned the idea of seven houses but would like to build six. One of these he would occupy himself and the remainder he would sell. The barn would be removed, as well as the brick mansion, while the existing cottage house would be painted and renovated.

Opposition to the plan was led by former Aldermen Clarence C. Colby and Eliot B. Church, representing neighbors and abutters. Colby contended that in the event of any houses being built there that Franklin st. was narrow, curved and made a dangerous intersection, and that the street should be widened to a 50 foot thoroughfare.

Other abutters and residents including George M. Angier, Fred G. Howe, Eliot Vivian and Edward T. Collins, opposed the plan.

Another hearing was held on the petition of Arnold Hartmann seeking variance of restrictions for six lots on Meadowbrook rd., Oak Hill. Objection was expressed as to the principle of dividing up the larger lots but only one objector, Arthur Dudley of Fox lane, was an abutter. Numerous other hearings were held on routine petitions for waiver of setbacks, garage locations, and the like, all of which the committee took under advisement and will report to the full Board of Aldermen at a later meeting.

## Where It Will Stop Nobody Knows

## Eleven-Year-Old Gladiola

I was once a bulb in Africa. Many years ago some one brought me to America. They planted me, then they gave me to their friends.

Their friends did not treat me nicely. They would not water me often. They let bugs get on me. Then their children dug around me, and then they pulled on my petals and buds.

I began to go to new people. They took good care of me. Now I am known all over the world and I am in almost everyone's garden.

I have many different colors. Some of them are: Scarlet, orange, lavender, yellow, white, and many others. Some of my flowers are the size of orchids. I am very proud of myself. My red and white flowers I am especially proud of because they are pure colors, like when you color something very dark without any other color in it. My blossoms are of many different sizes. Some people like me very much. Others merely enjoy me. I am one of summer's loveliest flowers.

## Powers Wins Tri-City Tennis Title

Bill Powers, Newton High School tennis star, won the annual tri-city singles tennis championships sponsored by the Newton Y. M. C. A. recently defeating Don Skakle, Waltham High captain and ace in a two and a half hour five-set match. Powers was seeded number 2 and Skakle number four. The scores of the evenly contested match were 6-2, 3-6, 6-3, 2-6, 6-3.

Trophies were presented the finalists by Al Rogan, chairman of the event which brought twenty players from Newton, Waltham and Watertown. The major upset in the tournament was provided by unseeded Ted Wood, member of the Newton High team, who defeated Jack Lynch, number one seeded star, state schoolboy champ and captain of the team upon which Wood played. Lynch was the winner of the 1940 tourney. In a third round match Wood upset his more experienced rival and teammate in three sets, 4-6, 9-7, 6-1. Wood then met Skakle in the semi-final taking the first set 7-5 but dropping the second one at 4-6. Wood was leading in the third set when he was unable to continue. The default put Skakle into the finals to meet Powers.

## Out to sea but not out of touch

Some four hundred ships sailing in New England coastal waters have regular telephone service... just like us landlubbers. Of course, they don't trail telephone wires from the stern. The New England Telephone Company's Coastal Harbor Radio Station WOU furnishes a radio path to land telephone lines.

These floating subscribers not only can telephone home or to friends or to business associates on land but also can get weather reports. Twice a day Telephone Station WOU broadcasts weather information furnished by the United States Coast Guard. Also, storm warnings from the Coast Guard are broadcast at two-hour intervals. So whether you are sailing or plain land-bound, you are always in touch by telephone anywhere in New England.

### All Newton Music School To Open Fall Term

The All Newton Music School announces that the fall term will start Monday, September 29th and will mark the opening of the thirty-first season of the institution. Special registration days will be held at the Peirce School, West Newton on Tuesday, September 23rd and at the Clafin School (wooden building) Thursday, September 25th from 2 to 5 p. m. On these afternoons the director and staff of the school will be present to consult with and advise parents and students in all matters pertaining to music opportunity and education.

Beginning on Monday, September 15th the headquarters at the Clafin School will be open mornings from 9 to 12 noon to afford opportunity for those interested to obtain information or arrange advance registration for early placement.

This school is a member of the National Guild of Community Music Schools, the Music Division of the Greater Boston Federation of Settlements and a charter member of the Newton Community Chest. Newton is fortunate in having a Community Music School which is well established and backed by long years of continuous service in Newton. It is noted for its high standards and achievements, and is recognized by leading music educators as one of the best of its kind in the country.

Many privileges are enjoyed by pupils of the Music School such as moderate rates for superior teaching, individual instruction by expert teachers, scholarships and advanced study for those who earn it, instruments loaned and individual coaching for public appearances.

Last season, a great many adults also took advantage of music opportunity offered by the school. In addition to several who studied in the instrumental and vocal departments many attended the Harmony Course for adults and the Lenten Courses on "Understanding Composers."

With the opening of the fall term the All Newton Music School will again take up its special service of teaching music to the whole city of Newton—from every village come the students—a service that for nearly thirty years has influenced the very life of the whole community. The work is carried on for those who need a chance for creative work, for those who wish to store up a resource for the future, for those who need an outlet for suppressed longings. The All Newton Music School is a center of art and culture with a background of ideals.

### Upper Falls Garden Club Holds September Meeting

The members of the Newton Upper Falls Garden Club met at the home of the Misses A. Gertrude, Nellie and Florence Osborne, 117 High st., Newton Upper Falls on Thursday, September 4, at 6:30 p. m. Dessert was served in their Hillside Garden among a setting of beautiful fall flowers. Following refreshments the group of twenty-five members adjourned to the parlors of the Osborne home where the president, Mrs. Frank F. Mordo, presided at a short business meeting.

The members study State Flowers, each member reading about the flowers that have been selected by the several states as their flower. Their following program has been arranged for the September Flower Show to be held at the Emerson School on Wednesday, September 17, from 2 to 8 p. m. The exhibits will be as follows:

Class 1—Flower Arrangement, Mrs. Austin W. Flint, chairman.

Class 2—Miniature Bouquets, Mrs. Robert McLaughlin, chairman.

Class 3—Orange and Yellow Flowers in Black Container, Miss A. Gertrude Osborne, chairman.

Class 4—Flower arrangement in Teacup with saucer as background, Mrs. Frank G. Mordo, chairman.

Class 5—School Children-Buxom Bouquets, Miss Grace Hunt, chairman.

Class 6—Gourds and Winter Bouquets, Mrs. James Tully, chairman.

Class 7—Vegetable and Fruit, Mrs. Raymond Capobianco, chairman.

Class 8—Flower Arrangement in Shell Containers, Mrs. Michael Wiczorek, chairman.

Class 9—Display of House Plants, Mrs. John Donlon, chairman.

### Newton Upper Falls Man To Give Organ Class

Carl McKinley, of Eliot Hill, Newton Upper Falls, well-known organist, member of the faculty of the New England Conservatory and organist of the Old South Church in Boston, will give an Organ Class at the conservatory during the year 1941-42. The course will consist of a survey of organ literature from the 16th century to the present day, with particular reference to the selection of suitable material for church and recital work. There will be discussion of style and interpretation.

### NEW CHILDREN SHOP IN NEWTON CENTRE

"Newton Juniors" is Newton's newest store, which opened at 837 Beacon st., Newton Centre, last Tuesday.

The store is a branch of the popular "Jack and Jill" shop which has been a favorite with Newton mothers for the past 5 years.

The new branch under the name of Newton Juniors was opened for the convenience of Newton residents. It will carry a complete line of well known clothing for children such as "McKern," "Donmoor" knit goods, "Holgate" and "Playskool" toys. Conveniently located a few doors from S. S. Pierce's Bookstore on Beacon st., the store will prove a welcome addition to Newton's mercantile establishment.

### Newton Junior Community Club Begins 3rd Year

The Newton Junior Community Club will begin its third year of activity with its first meeting to be held in October. Sponsored and organized in November 1939 by the Newton Community Club, through the interests of Mrs. John L. MacNeil, it has proven to be an active group.

Under the leadership of Miss Betty Tobey, first president, regular meetings were held each month in the Newton Y. M. C. A. auditorium with an average attendance of thirty-five girls. In addition to the regular meetings a variety of projects and activities were undertaken which included assisting at the Newton Community Club Christmas party for underprivileged girls and boys, driving for the Red Cross, working at the Thrift Center, and helping to equip the nursery at the Rebecca Pomeroy House. The Juniors also had a ski club, bowling parties, conducted an elephant sale, and sponsored a very successful dessert bridge.

Miss Tobey was presented at the State Federation of Junior Women's Clubs in Swampscott in May when the Club was admitted to the Federation.

The annual meeting and election of officers at the conclusion of its first year was held at Howard Johnson's in Waltham.

The Club began its second year with even more interest and enthusiasm. Miss Marjorie W. Aldrich was the new president, and regular meetings were again held with varied programs, each one very interesting. Special mention should be made of the November meeting which was celebrated as a birthday party, it being one year since the Club had been organized. The mothers of the members were guests at this meeting.

Outstanding during the year were a dinner in Chinatown, bowling parties, again assisting at the Community Club Christmas party, and a dessert bridge held at the Hunnewell Club, the latter being attended by close to two hundred people. The Club acted as hostesses to the Twelfth District Junior Clubs at the First Annual Club Institute when club advisers and representatives of the State Federation were also present. Delegates attended the Second New England Junior Conference, in Hartford in January, the annual Spring Conference, and sessions of the State Junior Convention at Swampscott in May.

The annual meeting on May 5th was at Seiler's in Wellesley when Mrs. Ivan K. Hoyt was elected president for the coming year. Under her leadership the members of the Club are looking forward to another year in which to enjoy carrying out to the fullest the work and aims of the organization. The 1941-42 advisory committee is composed of Mrs. Daniel A. White, chairman, Mrs. Andrew G. McKnight, Mrs. Everett L. Pierce, and Mrs. Frederick White.

### Hospital Aid Benefit Shop Reopened on Monday

The reopening of the Hospital Aid Benefit Shop at 795 Washington st., Newtonville, at two o'clock on Monday afternoon, Sept. 8th, resumed the usual hours of business with the committees from the various Newtons in charge. The two other days are Wednesdays and Fridays from ten to twelve in the morning.

Donations for this valued civic enterprise will be gladly received, to include clothing for all ages, sporting goods, baby carriages and bicycles. As usual the services of two men from the hospital are available with a truck on Wednesday mornings, by telephoning Mrs. Raymond Perkins, Las 8123 before Tuesday evening.

### Highlands Garden Club Meeting And Flower Show

The annual meeting of the Newton Highlands Garden Club was held on Tuesday evening, Sept. 9th at the home of Mrs. E. B. Walter Goodhue at 1096 Walnut st. There was a picnic supper at 6:30. Mrs. William J. Skinner was the guest speaker on "The Romance of Flower Seed Growing."

An informal flower show was held with five classes. Mrs. Emil F. Haberstroh sponsored the arrangement of garden flowers; Mrs. Edward Stuart the arrangement of wild flowers, grasses, seed pods, etc.; Mrs. Donald D. McKay the miniature arrangements in cigar-box; Mrs. Raymond R. Wisner the class for trimmed hats using fruit, flowers or vegetables; and Percy I. Merry the class for men in flowers, fruits and vegetables.

### Boston College Given Library of Many Volumes

A library, numbering several hundred volumes of mathematics and mathematical physics, has been donated to Boston College by Paul S. Bauer, in memory of his father, the late Ralph S. Bauer, ex-Mayor of Lynn. The gift was announced by Rev. George A. O'Donnell, S. J., chairman of the Department of Mathematics and dean of the Graduate School.

### Thirteen Newton Girls At Colby Junior College

Thirteen students from Newton will attend Colby Junior College this year which opens for its 105th year Monday, Sept. 15, with the registration of 200 entering students. A four-day orientation program for the new students conducted by Dean Amelia E. Clark and 20 senior counselors will precede the registration of returning students on Thursday, Sept. 18, bringing the capacity enrollment to 360.

Returning as members of the senior class are the Misses Ruth S. Hunter, daughter of Mr. and Mrs. Louis J. Hunter, 35 Hyde st., Newton; Constance Colby, daughter of Mr. and Mrs. Clarence C. Colby, 31 Farlow rd., Newton; Charlotte H. Kidger, daughter of Mr. and Mrs. Horace Kidger, 376 Newtonville ave., Newtonville; Shirley W. ### Rotary Club

A very inspiring talk was given on Monday at the regular meeting of the Newton Rotary Club by Miss Elizabeth Fisher Adams who spent several months in France driving an ambulance with the Ann Morgan Unit and was decorated with Croix de Guerre for bravery and action under fire. Miss Adams related many of her experiences in France which included work with Alsations who had been evacuated from their home province and many of whom were completely destitute in their new surroundings. On May 11 she was given orders to go to the front lines and evacuate refugees at the Belgian border and it was at this time she was bombed and narrowly escaped death during an attack on a bridge on the River Meuse.

Miss Adams feels that France fell as a democracy because the government was not a servant of the will of the people and if the people do not express their will there is no real democracy. France was honeycombed with rotten politics and the people did not care enough to unite and attempt to correct the evils which persisted. When France fell the only concern of the leaders of the government was their own preservation and the nation which itself echoes the selfishness of the people.

Miss Adams ably put across her message that we in America must unite and express our will if we are to save democracy. When in a leaky boat, all must bale, and there is just one decision we have to make—are we for a Democracy or a totalitarian form of government? Hats off to Miss Adams for a bang-up talk.

### No Changes in R. R. Train Service

The new schedule of train service between Boston and Worcester announced this week by the Boston and Albany Railroad will have no effect on the curtailed service in Newton, it was revealed today.

Five local trains making stops at Newton, Newtonville, West Newton and Auburndale were discontinued on Aug. 25 because of the national defense program, according to the railroad. Petitions were presented to the Railroad Commission for resumption of the service and the new schedule was announced after a conference with Commissioner Carroll L. Meins and railroad officials.

### Automobile Accidents

Three persons were injured in two automobile accidents in Newton last Thursday. The first accident, operated by Kenneth J. Adams, 29, of Elliott st., Framingham, and Robert B. Hatch, 21, of 58 Hancock st., Braintree, collided opposite 684 Commonwealth ave., Newton Centre, about 4 p.m. Ethel M. Adams, 37, and Ann Adams, 34, both of Elliott st., Framingham, were injured in the crash and were treated by Dr. George R. Baxter of 851 Beacon st., Newton Centre.

Adams reported that he was proceeding west on Commonwealth when the other car passed him and "cut in" striking the left front fender of his car.

Allan H. Lyons, 41, of 122 Taylor st., Waltham, reported that he was proceeding west on Watertown st., Newton, when Francis Bonti, three years old, of 282 Watertown st., ran from the sidewalk with a box over his head.

The driver said he stopped, but the child ran into the machine and suffered a cut on the right cheek. The boy was taken to the office of Dr. A. Amendola and the latter rendered first aid and took x-rays.

Both the driver of a car and a woman pedestrian involved in an accident at River st. and Mague ave., West Newton, Saturday night bore the surname Caruso, but they were not related.

The operator, John Caruso, 17, of 33 Lill ave., West Newton, reported to the police that he was proceeding west on River st. about 9:15 p.m. when the woman, Mrs. Rose Caruso, 48, of Mague pl., West Newton, stepped from behind a parked bus, accompanied by a child.

Caruso stated in his report to the traffic bureau that his car stopped about ten feet away from the woman and the machine did not come in contact with her. Mrs. Caruso complained of an injury to her left leg and was taken to the office of a physician for treatment.

of land over to the city to remove legal obstacles in the way of completing the project at that location. The widening of the street at this point by narrowing the sidewalk will remove a "bottleneck" point at the corner of Austin rd. which has delayed traffic considerably for some time.

#### Chestnut St. Widening

At Monday night's meeting of the Board another street widening project was discussed at a public hearing on a petition of the West Newton Men's Club. This petition sought to have the city take land on the easterly side of Chestnut st. between Washington st. and the railroad. Roland F. Gammons, chairman of the Village Committee of the club, stated that the street is only 32 feet wide between curbs and that there are no buildings on the easterly side of the street, other than a dilapidated barn. He believed that the time to make improvements for the future was at hand before construction of buildings there made the cost excessive. "As a member of the Taxpayers' Association I am loath to urge the spending of money except where it is justified," he concluded.

A letter of protest was received from John C. Madden as trustee of the estate of the late J. Mague, whose property would be affected by the taking of land for the widening.

The American Oil Company, owners of the gasoline station at the corner of Washington and Chestnut sts., sent representatives to the hearing to oppose the project. They told the Board that the widening affected it would be necessary for cars backing out of the lubricatorium and turning to back across the sidewalk whereas under present conditions the cars have to make off the company property. They contended it would result in a hazard to motorists and pedestrians. One representative told the Board that the company had purchased the property for \$40,000 in 1930 and at that time had deeded a strip to the city for the purpose of rounding the corner.

lining project needed further study. Following defeat of the Eustis nomination, which was favored by only six aldermen, Hoffman, who had been in the city which automatically postponed action until the next meeting.

#### Other Appropriations

An appropriation of \$350 for the purchase of a "booster" for the emergency radio at fire alarm headquarters, recently installed as part of the city's system of air raid precautions was voted. The "booster" will eliminate "dead spots."

Other appropriations made were: Water department, water main extensions, Westminster rd., \$4205. Street Department, widening Crescent ave. at Pleasant and Pelham sts., \$800.

An important executive policy meeting of the U. S. O. was held at Camp Frank A. Day on the 10th of September. Also on the 10th, the Y. M. C. A. Board of Directors held a meeting to consider the preliminary report of the Y. M. C. A. Building Bureau with respect to building changes in the Newton Y. M. C. A. building.

The date of October 4th has been appearing in the Y. M. C. A. during the past week with no explanation. The above has created an air of mystery, which according to "Y" officials will be cleared up soon.

The following young men have signed up for the Young Men's Congress to be held at Camp Frank A. Day on September 27th and 28th: Algie Shapalis, Ernest Groves, James Martin, Fred Harrington, Morton Harrington, James Francis, Douglas Granger, Howard Shink, Earl Taylor and Arthur Jacobs. Curtis M. Haug, Activities Secretary, will also attend.

Plans are under way for a busy winter season, with as much emphasis on the program and social as the physical.

Boys  
The summer schedule and program drew to a close on Saturday, August 30. The winter schedule will not begin until October. A special routine of events will be planned for the boys during this interim.

Two Newton Persons  
Bitten By Dogs

Two persons were bitten by dogs in Newton Saturday, according to reports made to the police. James Norton, 14, of 315 California st., Newton, was bitten by a dog owned by Mrs. Chester J. Norton, 9 Dalby st. The owner was notified to restrain the dog.

Likewise, Robert L. Munroe of 42 Eliot ave., West Newton, was also notified to restrain his dog, on complaint of Charles R. Knapp, 54 Wedgewood rd.

Dr. Richard Schofield, city veterinarian, was notified to keep both dogs under observation.

### Ten of Eleven Draftees Are Inducted at Boston

Ten of the eleven men sent from Newton to the Army induction station at Boston Saturday were accepted for military service under the Selective Service Law.

Of the six men selected by Local Board 112, the following five were inducted: Arthur Boyer, 174 Webster st., West Newton; Norman J. Cronin, 33 Henshaw st., West Newton; Dominic Arce, 25 Court st., Newtonville; Edward Steele, Jr., 23 Bemis st., Newtonville; Robert Posner, 105 Adena rd., West Newton. Boyer and Cronin were volunteers and the latter is a brother of Alderman Eugene A. Cronin.

Both selectees sent by Local Board 113 were accepted. They were Philip K. Gilbert, 114 Glenville ave., Allston, who recently moved from Newton; and Lorenzo M. Tiberio, 33 Floral st., Newton Highlands.

The three selectees sent by Board 114, all of whom were accepted, were Joseph L. Johnson, Jr., Depot st., South Duxbury; John T. Dunn, 8 Belmont st., Newton; Henry J. Sheehan, 21 Fairview st., Newton.

Local Board 113 had been given a quota of three men for the call, but after the three selectees were inducted, the board was notified to report for induction, one of them appealed and was granted a deferment of 30 to 60 days because of the claim that his induction at this time would result in hardship at home.

### Newton Campers Return From Summer At Zakeo

Returning to their homes last week from Camp Zakeo, Harrison, Maine, where they were leaders in many activities, were the Newton campers from all parts of this city, headed by Capt. Elmer E. Ellsworth, head counselor at the camp and principal of the Davis and Franklin Schools, West Newton; Carlton W. Ray, principal of the Angier School, Waban, who was head of the camp; and Alan Acomb, assistant principal of the Mason School, Newton Centre. The boys returned in superb physical condition, having acquired many new skills which they are eager to put into practice. The camp was a success for the boys, for which they received honors at Zakeo.

In the Cub Division, Billy Hudson, son of Dr. and Mrs. Henry Hudson of Waban, was elected chief of the den, and the Cub Scouts of the Newton Centre, which was the first time in the history of the Newton Centre Scouts. In the Boy Scouts, Elmer E. Ellsworth, 6, son of the head counselor, the youngest boy in camp, excelled in Nature Study.

Among the juniors, Alan Burke, son of Mr. and Mrs. Alan Burke of Newton Centre, was Kenoma Medicine Man and excelled in archery and tennis. Jack Oakley, son of Mr. and Mrs. Leo Oakley of West Newton, won his Marksmanship First Class medal from the National Rifle Association, and earned high praise in the arts and crafts shops. Donald Meyers, son of Mr. and Mrs. George Meyers of Waban, won his Marksmanship medal and placed second in swimming. Tommy Derr, son of Mr. and Mrs. Thomas Derr of Waban, excelled in riding. Bob Brownell, son of Mr. and Mrs. John Brownell of Waban, passed his 880-yard swim test and starred in dramatics. Buddy Black, son of Mr. and Mrs. Caroline Black of Waban, won his Marksmanship medal in rifle. Rodney Parker of Waban, was an all-around athlete and excelled in baseball.

In the Intermediate Division, Brian Sleep, brother of referee Robin Sleep, won the photographic award for making a "picture of the week" which was acclaimed the most beautiful photograph done by any camper this season; he passed his 440-yard swim test; earned Marksmanship First Class; and won the fourth seeded father and son tennis team of William and Francis Chase, 6-2, 6-3, in a quarter-final match.

The tightest first round match was between D. and C. Hill and Woodworth and Ellis, with the former taking the victory in a three-set match, 6-3, 4-6, 6-2. Manchester and Carder, who disposed of Lynch and Skakle, schoolboy stars, in the first round, were extended to three sets by Boot and Darkin in the quarter-final.

The semi-final match will be played at the "Y" next Saturday at 1:30 p. m. and the finals will be at 3 p. m.

### Tennis Doubles Final Saturday

Harry Sylvester and Henry Picard provided the only upset in the first two rounds of the sixth annual invitation doubles tennis tournament at the Newton Y. M. C. A. courts Saturday afternoon by defeating the fourth seeded father and son tennis team of William and Francis Chase, 6-2, 6-3, in a quarter-final match.

The tightest first round match was between D. and C. Hill and Woodworth and Ellis, with the former taking the victory in a three-set match, 6-3, 4-6, 6-2. Manchester and Carder, who disposed of Lynch and Skakle, schoolboy stars, in the first round, were extended to three sets by Boot and Darkin in the quarter-final.

The semi-final match will be played at the "Y" next Saturday at 1:30 p. m. and the finals will be at 3 p. m.

### Sport Notes

Newton youths may grab much of the football spotlight at Brown University this fall with three local athletes on the varsity squad. Captain Ernie Savignano is the outstanding member of this trio and is counted on as a heavy duty back in the Bruins backfield. George P. Delaney and Stewart T. McNeil are two ends who reside in Newton. Delaney matriculated at prep school while McNeil, who is a son of a former famous Newton athlete, was on the high school football and track teams a few years ago.

### Kiwanis Club

Vice President of the Newton Kiwanis, James B. Riggs, presided at the meeting of the Newton Kiwanis Club last Tuesday. Report was read by Treasurer Leo Noel. Archie Bellinger also reported on the plan to take the Peabody Home children to the Shrine Circus the week of Sept. 29.

Speaker at the meeting was Judge Thomas Weston of Newton District Court, who is also Chairman of the Draft Board No. 112. Judge Weston, who was introduced by International Trustee James P. Gallagher, gave a most interesting and instructive talk on the inner workings of the draft board. His talk explained very concisely the various classifications and difficulties encountered by the draft board in making decisions, and in selecting young men for service.

### Newton Girls Enter St. Joseph Novitiate

Seven Newton girls entered the novitiate of the Sisters of St. Joseph at Bethany, Framingham, on Monday. They are Miss Anna M. Drew of 116 Adams st., an honor graduate of Our Lady's High School; Miss Irma Stubbs of 271 Pearl st., who was graduated in June from Regis College, Weston; Miss Winifred Murphy of Pearl st., and Miss Dorothy Fitzpatrick of Adams st., graduates of Our Lady's High School; Miss Ann Campbell of Junot st., who was graduated last June from the Newton High School; Miss Kathryn V. Burke of 52 Clyde st., Newtonville, who was graduated from the Sacred Heart High School and has been employed in a Boston department store the past two years, and Miss Virginia Marie Vachon of 306 Lake ave., Newton Highlands, who was graduated from the Sacred Heart High School in 1940.

### Newton Archers Win at Swampscott

Newton Archers captured the two top places in the women's and first and third juniors' at the semi-annual tournament at the Swampscott Archers on Sunday.

Mrs. Hazel Wilson with a score of 157-807 won the double American round and Mrs. Anita Howarth took second place with 149-769. Tom Lamb topped the juniors in the double junior American with 164-868 and Hermon Norton, Jr., was third with 158-828. Mrs. Wilson was first in the morning American round with 73-413, and second in the afternoon American with 66-394. Mrs. Howarth placed second in the morning with 68-366, but took first place in the afternoon with 73-403.

Bob Goldich led the Newton Archers in the men's double American placing fifth in the field with 177-1077.

The Saturday handicap shoot of the Newton Archers at the Newton Centre Playground was featured by Ernest Bradley, who shot six golds at 30 yards in the junior round.

Mrs. Theresa Goldich was first in the women's handicap and Philip Richmond was first in the men's handicap. Tom Lamb led the junior handicap shoot. Mrs. Hazel Wilson won the novelty shoot with a score of 841.

The summary of Saturday's shoot:

### Air Raid Precautions Demonstrated

#### Newton Defense Plans Graphically Shown at West Newton To Many Interested Spectators

##### Newton Has First Control Centre In Country

Over the last week end and on the first three evenings of this week hundreds of incendiary and high explosive bombs fell on the city as they were only theoretically dropped there was no damage. Yet each and every bomb was noted, the results of its probable damage taken care of, medical treatment ordered for the injured and every other effort, mythical though it was, made to demonstrate Newton's preparedness in case of an actual air raid. The demonstrations were put on through a control center set up at the former telephone exchange building at West Newton. The workings of the control center were provided by the Massachusetts State Public Safety Committee under the direction of Colonel Harry Liepman of London, England, who served as a fan air raid warden during the time of the all-out attack last fall and who is in this country instructing in the defense from air raids. The control center is the first communication system to be established in the United States.

State officials including Governor Saltonstall, city officials from many parts of the state, Mayor Paul M. Goddard of Newton and visiting air raid wardens from cities and towns that are shortly expected to establish similar control centers attended the demonstrations. As the air raids warnings came in the various units of the control center went into action in a most impressive exhibition of what can be done, when it should be done, and how to do it.

Two complete units of the A. R. P. communication system, modeled after the foolproof system developed in Britain through bitter experience, were displayed.

**Receive Word of Raid**  
One was the district warning center, whose function it is to receive word of approaching enemy planes from the Army and Navy observation and listening posts and to spread the alarm to the cities and towns in the area in danger of attack.

The other unit on exhibition was Newton's own "report center," where reports of air raid damage and casualties are received from the air wardens on

##### Legion Commander Rescues Comrade

Commander George F. Hennrikus of the Newton American Legion Post and a Newton police officer, plunged into the waters of Lake Michigan on Tuesday and rescued his fellow Legionnaire Frank Duggan. Duggan was none the worse for his experience. He accidentally fell into the Jones Island dock at 300 Massachusetts veterans departed from the Steamer City of Detroit, at Milwaukee. Commander Hennrikus, who was chatting with Duggan, dived in after him. Duggan was stunned by the fall and both men went under for a moment but then came within reach of other veterans who had climbed down the pier uprights to their aid. The crew of the steamer prepared to put over a lifeboat. The steamer captain commended the heroic action of the Newton commander. The accident did not prevent either of the Newton veterans from participating in the parade, though they were forced to wear borrowed clothing.

#### McCutcheon Is Candidate to Succeed Walker

Kenneth D. McCutcheon of 518 Chestnut st., Waban, has taken out nomination papers for Ward Alderman from Ward 5 to succeed Clifford H. Walker who is not running for re-election. Mr. McCutcheon is a member of the firm of the McCutcheon Company, Builders.

He has been a resident of Newton for over 17 years. He is past president of the Waban Neighborhood Club and is a former superintendent of the Union Church Sunday School. He has been active in numerous Community Chest campaigns. He has four children all of whom attended the Newton Schools. He is a graduate of the University of Pittsburgh.

In 1935 and 1938 he was chairman of the Boston Jurisdiction Board for the building industry, handling labor jurisdictional disputes.

#### Woman Fights Off Attacker

##### Pluckily Resists Night Assault at Newton Ctr.

Brutally assaulted and beaten early Wednesday morning after she alighted from a bus at Centre and Paul sts., Newton Centre, a plucky young woman not only outwitted her assailant but also brought about the arrest of the alleged culprit.

The prisoner, Francis J. McCarthy, 23 years old, of 32 Chesley rd., Newton Centre, was arraigned in the Newton District Court Wednesday on charges of assaulting a person of the opposite sex and assault and battery on Miss Anita Brown, 30, of 20 Locksley rd., Newton Centre. He pleaded innocent and Judge Donald E. Mayberry continued the case until next Monday, placing bail at \$500.

He was identified by the woman as her assailant after Patrolman Stephen Madden brought them face to face. Madden and Patrolman James Motherway then arrested the youth.

Miss Brown told the police that after she alighted from the bus about 12:45 a. m. the man approached her from behind and knocked her down. She struggled with him and he punched her and tore her shoes off. She said she started to drag her towards a clump of bushes, but she halted him by remarking that there was too much light.

She suggested that they go "near the Weeks School" and he acquiesced, carrying her shoes and her pocketbook as they proceeded towards the school.

As she reached her home, however, she suddenly began to scream and the man, angered at having been outwitted, struck her and knocked her down again. He then fled and was gone when Miss Brown's employer, who had heard her cries, came out of the house. Miss Brown is employed as a domestic at the address.

The police were notified and Patrolmen Madden and Motherway were sent to the house to hear the woman's story. They obtained a description of the assailant and then set out to search for him.

At Newton Centre square they encountered Patrolman John Umina and the latter told them that a youth answering the description had gone through the square and had turned into Chesley rd.

Patrolman Madden's suspicions then fell on McCarthy and the officers proceeded to the latter's home and found that he had gone to bed. They asked him to get dressed and they then took him to the victim's home, where she identified him as her assailant.

Miss Brown suffered a black eye, bruises on the nose and forehead and a cut knee. She was treated by Dr. Raymond Johnson of Walnut st.

#### Rev. Lang Resigns From Church

##### Was Rector of St. John's For 15 Years

After serving 15 years as rector of St. John's Episcopal Church, Newtonville, Rev. Raymond Lang, D.D., this week announced his resignation from the pastorate because of his promotion to the rank of lieutenant-colonel and senior post chaplain at Camp Edwards.

Dr. Lang was graduated in 1919 from Bowdoin College and was ordained by Bishop William Lawrence in 1920. He served in Episcopal churches in New York, Pittsburgh and Boston and has been rector of St. John's Church since 1926. He is president of the Bowdoin Alumni Club, past president of the Boston Bowdoin Club, past president of the New England Chapter of Sojourners and past grand standard bearer of the Grand Lodge of Masons.

He is chaplain of the Ancient and Honorable Artillery Company of Boston and a member of the Newton Rotary Club, Brae Burn Country Club, and Norumbega Lodge of Masons. He was commissioned a major in the Massachusetts National Guard by Governor Saltonstall in 1940 and was inducted in the Army last fall.

In 1919 he married Ruth McArone of Hartford, Conn., a graduate of Boston University. They have two sons, Edward Raymond, 18, and Charles Sheldon, 10.

After October first Mrs. Lang and her son Charles will reside on the Cape and Edwin will attend military school.

A meeting of St. John's Parish was held on Tuesday evening at which time a committee was chosen to confer with the Bishop relative to the appointment of a new rector.

#### Haughey Speaks On Gas Saving

Gasoline Conservator John D. Haughey of Newton urged that definite steps be taken by Newton merchants in the campaign to conserve the automobile fuel in this city at a meeting of the Retail division of the Newton Chamber of Commerce last Thursday evening. The committee met to make plans for "Retail for Defense Week" being observed this week. Mr. Haughey, who is also Newton Street Commissioner, outlined methods which could be used by dealers in saving gas including restriction to two deliveries per day. A saving of 10 per cent could be made with the co-operation of all the dealers.

It was announced that most of Newton's storekeepers would sell defense savings stamps. A committee on standardization of defense materials reported through Chairman Lucius C. Chandler on a list of supplies and prices which will be presented to the Newton Defense committee. The list includes sand, metal barrels, metal pails, shovels, flashlight, rubber hose and connections, and similar material. Prices will be checked by the Defense Committee and published about Oct. 1st.

The merchants voted to close their stores all day on Columbus Day, Oct. 12th and Armistice Day, Nov. 11th.

Charles Sprague, chairman of the Traffic Committee, urged that merchants keep their own cars out of parking areas as much as possible.

A vote was taken relating to the closing of Wednesday night opening of Boston stores. No action will be taken locally until after the experience of several months has been learned. Fred D. Bond, chairman of the Retail Division presided over the meeting.

The first call was received at 12:43 p. m. for a blaze on land at Winchester and Charlmont sts., Newton Highlands.

At 5 p. m. Engine 5, Auburn-dale, was sent to fight a brush fire near 5 Williams st., West Newton. Engine 2, West Newton, was at that time occupied with a rubbish fire on Lucas ct., West Newton, having been called out at 4:59 p. m.

A still alarm was received at 5:41 p. m., followed by an alarm from Box 913 at 5:48 p. m., for a brush fire near 73 Brookline st., Oak Hill.

#### Legion Guards Take Second Place Honors

##### Chicago Post First In National Competition

Meeting some of the stiffest competition in its seven-year history, the Newton Legion Guards placed a close second in the national championships at the American Legion convention in Milwaukee yesterday, according to a telegram received Tuesday from Past Commander Leon H. Mayer, business manager.

The Newton Guards, seeking their fourth national championship, were nosed out by Beverly Hills Post of Chicago, Ill. Cambridge Post took third place. Newton won the national championships in 1937, 1938, and 1939, and did not compete last year. Last month the team recaptured the Massachusetts title in Fall River.

The team was entertained in Milwaukee by the Fort Dearborn Post of Chicago, under the direction of County Chaplain Frederick J. Helm, a former resident of Waltham. A dance in its honor was given on Saturday and a banquet on Sunday.

Leading the Guards was Captain J. Joseph Ward, assisted by Lieutenant Wayne Walcott, Second Lieutenant Ernest J. Carver, and Adjutant and first Sergeant Carl Peterson. Others who made the trip were Treasurer Francis J. Frazier; Business Manager Leon H. Mayer; Commander George F. Hennrikus; Edmund White, John McDonald; Joseph Vachon; John Pendergast; George Parsons; Henry Hurley; Raymond W. Taffe; J. Warren Girroir; Henry Chandon; Fred Perkins; John Woodward; Austin Morgan; Charles Mann; Fred Young; William Maloney and Joseph McHugh.

A meeting of St. John's Parish was held on Tuesday evening at which time a committee was chosen to confer with the Bishop relative to the appointment of a new rector.

After October first Mrs. Lang and her son Charles will reside on the Cape and Edwin will attend military school.

#### Paint Sprayer Fire at Raytheon

While scores of employees of the Raytheon Production Corp., radio tube manufacturers at 55 Chapel st., Newton, were at work nearby Tuesday evening, a fire broke out in a paint-spraying machine in the plant, setting off the automatic sprinklers. The plant, engaged in defense work, is operated 24 hours a day.

The Fire Department was summoned by an alarm from Box 224 at 7:17 p. m. and Engines 1, 4 and 5, Ladders 1 and 3 and the lighting plant responded. The firemen were occupied for more than an hour in sweeping out the water and the last piece of apparatus returned to quarters at 8:35 p. m.

The machine in which the fire occurred is used for painting the metal tubes. Deputy Chief Henry T. Seaver, who directed the work of the firemen, stated that the fire was caused by an electric breakdown. The damage was extensive, but officials said it was difficult to estimate.

An alarm was sounded at 12:41 a. m. Tuesday for a fire at the dump at Bridge st. and Linwood ave., Nonantum. The blaze was quickly extinguished.

Several brush fires engaged the attention of the Fire Department on Monday.

The first call was received at 12:43 p. m. for a blaze on land at Winchester and Charlmont sts., Newton Highlands.

At 5 p. m. Engine 5, Auburn-dale, was sent to fight a brush fire near 5 Williams st., West Newton. Engine 2, West Newton, was at that time occupied with a rubbish fire on Lucas ct., West Newton, having been called out at 4:59 p. m.

A still alarm was received at 5:41 p. m., followed by an alarm from Box 913 at 5:48 p. m., for a brush fire near 73 Brookline st., Oak Hill.

##### A. R. P. School Graduation to Be Held on Sept. 30th

The graduation date of the 1940 air wardens from the Newton Air Raid Precautions School, scheduled for September 29th has been changed to September 30th according to announcement late last week. Approximately 1200 student wardens attended weekly lectures during the summer in the high school auditorium and Red Cross first aid classes in schools of the various villages.

The graduation exercises to be held at the Dickinson Stadium, Newtonville, on the 30th will include a demonstration of methods of extinguishing incendiary bombs.

#### October Draft Quota of Ten

Newton Selective Service Boards were notified this week by Massachusetts State headquarters to supply ten men for induction in the Army on October 15th. Board 112 will furnish half of the quota or five; Board 113, three and Board 114, two.

Of the September quota of twelve for this city only ten were inducted. One was given a deferment after being selected and another was not accepted.

#### Summer Measles Epidemic Subsides

The outbreak of measles which occurred in Newton during the summer has subsided according to records of the Newton Health department. Thus far this month no cases have been reported. During August but seven cases were noted. In July there were 76 cases which saw the beginning of a drop from a far greater number in June.

In August no cases of chicken pox were reported compared with 14 during July.

Fourteen persons were bitten by dogs in August as against ten the preceding month.

Other diseases reported by the health department during the two months were as follows:

	July	Aug.
German Measles	3	0
Scarlet Fever	2	5
Mumps	3	6
Whooping Cough	12	13
Lobar pneumonia	1	4
Pul. Tuberculosis	3	1
Other tuberculosis	1	0

#### ANNOUNCING the NEW G. E. AUTOMATIC BLANKET

After 4 years of experiment and testing in thousands of homes and hospitals throughout the country the new and improved General Electric Automatic Blanket is now available to the people of Newton.

We take pardonable pride in announcing that the General Electric Company has granted us the sales responsibility for this amazing new product in the Newtons.

It will be our privilege to courteously demonstrate and explain the operation and construction of the G. E. Automatic Blanket to everyone interested—with-out, in any way, placing our visitors under obligation to purchase.

Let us show you why the G. E. Automatic Blanket is absolutely safe (it uses less current than a toy train). Examine the selective thermostatic control which automatically maintains the blanket temperature that the user finds is most comfortable—in spite of changing room temperatures. See the five lovely colors in which this blanket comes.

If you find it inconvenient to visit our store, just phone or write for free folder "For Better Sleep—the Blanket with a Brain".

**Rotary Club**

This week the Newton Rotary Club was again treated by ir-  
repressible Joe Limrick who gave  
an illuminating talk on the loop-  
holes in insurance policies to be  
guarded against.  
First Joe brought out the fact  
that insurance brokers represent  
the insured and not the company  
and that it is very wise to do  
business through a competent  
broker who can look out for your  
own interests. There are four  
principal types of insurance: Per-  
sonal (Life), Accident, Auto-  
mobile and Business.  
In Life insurance we should  
make sure that we have the ten  
day common disaster clause em-  
bodied in our policies as other-  
wise the payment may be subject  
to taxation before being turned  
over to the beneficiary.  
In straight Accident insurance  
it is well to realize that hernia  
is not considered an accident and  
there is no coverage unless the  
insured has a combined Accident  
and Health policy.  
In regard to House insurance  
always be sure that the garage is  
covered if it is connected to the  
house, otherwise in case of fire,  
there will be no collection on the  
garage. Also full coverage on the  
house should include such items  
as smoke-damage, wind, airplane,  
etc. Many people have lost their  
insurance on their houses; in other  
words take precaution that you  
have a fair balance of coverage  
between the house and the furni-  
ture. Few people know about  
rent insurance which only costs  
\$1.20 a year and gives the cus-  
tomer \$100.00 a month rent if  
forced to move out of a rented  
home because of fire. It is very  
important not to transfer your  
mortgage if you sell your house.  
Always have the new owner take  
out a separate mortgage, as other-  
wise you may be held responsi-  
ble many years later.  
Massachusetts is the only state  
in the Union that has compulsory  
automobile insurance; in this re-  
gard always carry high limits and  
not the bare minimum and also  
be sure to carry property dam-  
age. Automobile rates are based  
on the amounts paid out on 50,000  
cars in a certain section; so it is  
obvious the insurance company  
cannot lose. Lastly it is extreme-  
ly important for you to have cov-  
erage driving cars other than your  
own.

give such calls preference  
over all other calls.  
In case of accident or other  
danger all you have to do,  
if you don't have the num-  
ber of the nearest police or  
fire station, is get the Op-  
erator and say "Emergency  
Police" . . . or "Emergency  
Fire" . . . and give her your  
telephone number and your  
street address. . . She  
has available the numbers

Rev. Arthur H. Bradford performed the ceremony assisted by Rev. Charles N. Arbuckle of Newton Centre. A reception followed in the chapel hall of the church.

The bride, who was given in marriage by her father, wore a gown of white satin with a lace yoke trimmed with seed pearls and a long train. Her veil of illusion was caught to a wreath of orange blossoms and she carried a bouquet of gardenias and bouvardia. Mrs. Marion C. Greene, sister of the bride, was the maid of honor. She wore Ming green lace and net and carried a bouquet of pink roses and gladioli. The bridesmaids were Miss Florence Greene, sister of the bride, Mrs. Norman Myers of Burlington, Vt., Miss Gretta Roberts of Providence, R. I., and Mrs. Howell E. DuPuy, Jr., of Wellesley. They wore gowns of sun rose and carried bouquets of yellow roses, gladioli and delphinium.

Howell E. DuPuy, Jr., of Wellesley was the best man. The ushers were Harry H. Briggs, Jr., of Melrose, a cousin of the groom; Warren L. Huston of Providence, R. I., and Newtonville; John R. Lynch and Thomas Gaggin of Providence, R. I.

Mr. and Mrs. Briggs are to make their home in Providence.

WILLIAMS—DAVIS

Mr. and Mrs. Joseph B. Davis of West Newton have announced the marriage of their daughter, Miss Dorothy Davis, to Lieutenant Robert Sydney Williams, son of Mr. and Mrs. Sydney Williams of Rochester, New York.

Miss Mary Alice Davis was her sister's only attendant. Charles Milton Strossner of California was the best man.

Following a wedding trip Lieut. and Mrs. Williams will reside in Dayton, Ohio where he is a member of the Material Division of the A. Corps Reserve.

The bride was graduated from Lasell Junior College in 1940 and from the Katharine Gibbs School in 1941. Lieut. Williams was graduated from the Massachusetts Institute of Technology in 1941.

WHITING—CANADA

Mr. and Mrs. Joseph R. Canada of Anniston, Alabama, have announced the marriage of their daughter, Miss Nellie Lucille Canada, to Alfred Frederick Whiting, Jr., son of Mr. and Mrs. Alfred F. Whiting of 209 Mt. Vernon st., West Newton, which took place at Raleigh, North Carolina, on August 30.

Mr. Whiting is a graduate of the University of Alabama. Mr. Whiting was graduated from New Hampton Preparatory School and attended the University of Virginia and the Babson Institute. He has just been graduated from the School for Surgical Technicians, Army Medical Center, Walter Reed Hospital, Washington, D. C., and is now stationed at Fort Bragg, North Carolina.

CARRINGTON—ASHLEY

Mrs. Anne Ashley of Newton and Mr. Sterling R. Carrington of Watertown were married at the home of the bride, 9 Eldridge st., Newton on September 12 at 11 o'clock.

Mr. Carrington holds a master's degree from the Graduate School of Business Administration of Harvard University. He is in the investment banking business and is a director of numerous corporations. He is a member of the Oakley Country Club.

Mrs. Ashley is an educational adviser and a member of the faculty of Mt. Ida Junior College. She is a member of the West Newton Women's Educational Club and of Phi Beta Phi sorority.

They will reside at 11 Stoneleigh rd., Watertown, Mass., and will be at home after October 1.

LAWRENCE—MOULTON

Announcement has been made of the marriage of Miss Ruth Arlene Moulton, daughter of Mr. and Mrs. Marshall L. Moulton of Grove st., Newton Lower Falls, to Donald S. Lawrence, son of Dr. and Mrs. Howard S. Lawrence of Newtonville which took place recently at Springfield, Mass. Mr. and Mrs. Lawrence are to make their home in Hartford, Conn. where he is engaged in defense work at the Pratt & Whitney Airplane plant. They are both graduates of Newton High School, class of 1939.

### The Question of Convoys

For some months the question of convoys and the protection of American made supplies to foreign belligerents opposing Axis domination has been a controversial subject in the public mind. It has been generally recognized that when American fighting protection was given the very act would plunge this country into war. Yet it has also been the general opinion that it was useless and a vast economic waste to produce millions of dollars worth of war supplies under the Lend-Lease act and have that effort wind up at the bottom of the sea. The tide of events over which no nation, no group, no party, nor any individual has control has swept all democracies into the cauldron of war except those in the western hemisphere. And those countries, particularly the United States, are dangerously close to a "shooting" war. We have never been aloof from the European conflict. In defending ourselves, and

we must defend ourselves from a grave danger, we must help those seeking to prevent the triumph of either Nazism or Communism. Modern warfare has developed new methods and new trends. In World War I a most efficient convoy system of insuring the delivery of supplies was developed by naval accompaniment of merchant ships. Today that method is outmoded—it is risky and dangerous. We have learned that faster ships are more vulnerable when forced to slow their speed to that of a slower vessel. The "steel corridor" plan of using the airplane as the most important factor in keeping shipping lanes clear of enemy undersea craft will go down in history as an important step in the winning of World War II. The Axis forces have had warning to keep clear of American defensive waters. We can now go ahead and protect those waters from the air as well on sea.

### The Legion Drill Team

The Legion Guards, drill team of the Newton American Legion Post, made a valiant effort to regain the national honors with which it had been thrice previously crowned in competition with other units throughout the country. The Guards finished second to the Beverly Hills Post of Chicago. There was a very small margin between the two and Newton is proud of the effort made by

Captain Joe Ward and the team. Congratulations are due the winners, for in the drill competition they were forced to the very limit to top the efforts of the Newton Guards. There is no discouragement in knowing that the Chicago outfit was just a little bit better than our own boys. The Newton team will take care of that matter at the next convention.

### There Is Always a Way

A few days ago revelation was made of the great threat to industries of Massachusetts through the ever-increasing shortages of materials used in the production of many articles. The lack of materials is almost entirely due to the stepping up of defense production. There is a dearth of metals in the jewelry and other trades, there is a dearth of chlorine in the paper industry and a lengthy list could be compiled showing the

effect of defense production on manufacture of common everyday essentials as well as luxuries. Thousands of persons depend upon the manufacture of these essentials and luxuries for their livelihood. In many cases substitutes are being developed and we have begun to even seek substitutes for the substitutes. Such ingenuity is a part of our American life. There is always a way—no matter how difficult the way may seem at times.

### Preparing for the Future

The efficiency with which any municipality may take steps toward preparedness against possible air raid attacks and enemy invasion from the air was clearly demonstrated this week at the control center at West Newton. The demonstration was set up under the direction of Colonel Harry Liepman of England, who served as an air raid warden in London during the terrific assault of last

fall. At the model center every phase of an attack and the steps taken to counteract its effect was carried out in theory, except for the nerve-tension which must be attendant during actual combat. The demonstration shows what can be done—and what will be done—only time will prove whether or not it will have to be done. Meanwhile Newton continues to prepare for the eventualities of the future.

### —Polyscope

(Continued from page 1)

Continuing to reveal bits of information from the political skies the polyscope discloses the probability that Alderman-at-Large Donald L. Gibbs and Ward Alderman Edward Fahey will "swap" seats at the coming election. In several instances of Newton political history of recent years this has been done when a new member has been elected to fill a vacancy. It is an act of political courtesy by which the senior member who has served faithfully as Ward Alderman takes the office of Alderman-at-Large (elected by voters of the entire city and not solely by voters of the Ward he is to represent) and the newcomer the Ward Alderman seat. Alderman Fahey has served several terms as Ward Alderman while Alderman Gibbs became a member of the Board two weeks ago.

Alderman-at-Large John Barwise of Ward 1 is the third representative from that section of the city. In Ward 2 the three Aldermen, Carl F. Schipper, Albert Everts and Rodney C. Eaton, the latter the Ward Alderman, will be candidates again. In Ward 3 the same is true of Alderman-at-Large Maxwell P. Gaddis and Robert H. Whidden and Ward Alderman Eugene Cronin. Incidentally an interesting political development has taken place in Ward 3 where formerly the Precinct 2 section, comprised in the main of West Newton Hill, always held two of the three seats in this Ward, leaving Precincts 1 and 3 in the hands of many a bitter struggle for the other position. Time has changed the picture the polyscope finds and it is probably a permanent change that will find the north side of the Ward, Precincts 1 and 3, holding two of the positions.

President Charles B. Floyd of Auburndale will be a candidate for

re-election along with his other Ward 4 colleagues, Charles A. Hughes and George R. Bacon. The polyscope finds, as anyone can readily ascertain to their own satisfaction, that President Floyd has given many hours of faithful service to the city, with little fanfare, not only as a member and president of the Board but in many other community activities, not the least of which has been as chairman of the Public Safety Committee and Chairman of the Republican City Committee, which post he insisted upon leaving last spring despite determined efforts to persuade him to continue.

Swinging past Ward 5 which the polyscope has already examined the lens falls upon the Ward 6 picture where Alderman-at-Large Henderson Inches and Joseph B. Jamieson, and their colleague Ward Alderman Carroll J. Hoffman will seek re-election. Back in Ward 7 the polyscope learns that Alderman-at-Large George Eustis, who has been elected to fill a vacancy, is also planning to serve another term.

Before being stowed away in its case for another week when the polyscope turns to the School Committee situation the multiplying lens discovered one item of political interest that may be of large or little magnitude. The latter part of last week who appeared in the reach of the polyscope's vision but one of the best known of Newton politicians, one whose political sagacity has not only made Aldermen and Mayors of Newton but has reached as far as the White House. Thomas W. White, present secretary to Senator Henry Cabot Lodge, and former political adviser to President Calvin Coolidge, Governor Saltonstall, and Mayor Edwin O. Childs, was in town. The polyscope learned that Mr. White had refrained from making any commitment on the topic of the Newton mayoralty other than that (at the time) he had not "talked with Mayor Childs."

The girls, under Miss Peoples' direction, are planning to start soccer and boxing practice at the new Albemarle Playground.

### Arrest Boy of 14 For \$110 Cash Box Burglary

A 14-year-old Newton boy was arraigned in the Newton Juvenile court last Friday on charges of delinquency involving a burglary and an assault on a 14-year-old girl. The boy was accused of having entered the home of Cesidio DeRubeis at 41 Lincoln rd., Newton, on Aug. 31 and to have stolen \$110 from a strong box. While police were investigating the boy as the burglar suspect the report of an assault of a 14-year-old girl on the steps of a house on Washington st. was received a week ago Monday evening. Patrolmen Albert Smith and Thomas L. McEnaney questioned the boy who denied that he was involved but the girl identified him as her assailant. The boy confessed complicity in the robbery but involved another youth who has disappeared and said to have joined a traveling carnival.

Service Squad No. 1. This squad, composed of eight young women on the staff of the American Unitarian Association, has volunteered an evening a week for social service. Three Newton young women, Misses Beatrice V. Olen, Eleanor Bolster, and Charlotte I. Da, are members of the first squad. They have been placed by Mrs. Edward E. Wise, head of the Volunteer Service Bureau, and begin their assignments on Tuesday evening, September 16. For six weeks they will work in Boston Hospital, and then begin five months' work at South End House.

### WALK WARILY

Suggestions from an Overworked Guardian Angel

15. OFF AND ON. When alighting from street car or bus, wait till it leaves and you can see both ways before crossing to the far curb. Even in a safety zone, watch out for traffic, and never step off until your path to the curb is clear. When waiting, stay on the sidewalk, not in the street, unprotected. Famous last words: "Believe it or not, I'm waiting for a streetcar!"

A telephone line connecting the different parts of Newton with the City Hall has been put in for the benefit of the police. One end of the line is located (Upper Falls) at the house of Officer Purcell.

50 YEARS AGO

Newton Graphic, Sept. 18, 1901  
Miss Mabel Dyer has accepted a position to teach Latin and French in the Gardner High School. She began her labors there Tuesday of last week.

An entertainment of a rare character was afforded a large crowd on Brook st., Sunday afternoon. A mason entered one of the sewer manholes about three o'clock and subsequently crawled in to the main sewer pipe to do some repairing. When he entered the manhole was evidently well loaded with intoxicants, for inquiries as to his whereabouts later led to the conclusion that he had not returned from his journey underground. Contractor Killian was sent for and upon his arrival volunteers were called for to enter the sewer pipe and ascertain where the missing man was, but volunteers were not forthcoming. Contractor Killian finally offered a \$10 bill to the man who would commence crawling and rescue the manhole. It had the desired effect, and a clothesline was tied about the wrist of a volunteer and he descended the manhole. Crawling into the pipe for 30 feet he encountered the feet of "Puddler" Tim and getting a strong hold upon the latter's ankles, after endeavoring in vain to awake him, gave the signal to "pull away." After being pulled several feet in this manner Tim woke up and instead of aiding his rescuer commenced crawling the other way. This prevented progress in the right direction, and the line being tied about his feet, he was finally drawn to the surface covered with slime and mud.

The Boston and Albany Railroad Company have planked and paved the track at the Walnut st. crossing, to make the walk and the carriage road over it to correspond with the new boundaries of the enlarged square. The great improvement of the Newtonville square is now completed much to the safety of public travel, and the convenience of local business. Newtonville smiles.

We narrowly escaped a frost in the early part of the week. But the Lima beans and the Isabella grapes have a further respite.

The Williams School (Auburndale) is fairly roomy. The new building is very tasteful, and comfortable inside, but we are told that the 6th class is overcrowded, so that there must be a general retrograde movement. Alas for the scholar who hopes for a double promotion. Scholarship will count for nothing where room is wanting.

"Newton when first settled was a suburb of Cambridge, and called 'Cambridge Village,' afterwards 'Newton' but for the past two hundred years it has been 'Newton.' The change was made by Judge Fuller of Newtonville in 1766. He was town clerk for many years, and the present form of the word was adopted by him in the town records. The question was never put to vote, but during the seventy-five years following the old form of spelling disappeared."

### Alterations of School To Cost \$18,000

Alterations at the former Country Day School building on Hood st., Newton, will cost \$18,000 according to a building permit issued last week by the Public Buildings Department. The former school was recently acquired for the Roman Catholic archdiocese of Boston by Cardinal O'Connell for the establishment of a boys school.

The plans for alteration call for the removal of a portion and construction of a stair well. Richard Shaw of Boston is the architect and Charles Logue Building Company of Boston the builders.

### Youth Committed To Psychopathic Hospital

Arraigned in the Middlesex Superior Court last Friday on indictment charging possession of narcotics, and a hyperdermic needle and on two morals offenses involving a young woman, Hugh F. Scott, 26, of Lake ave., Newton Centre, was committed to the Psychopathic Hospital for observation. The defendant had pleaded not guilty but after a conference with the chief at the bench in which Chief Michael T. Hughes, Lieut. Daniel E. Crowley and Sergeant Richard L. Bannon of the Newton police took part the order was issued.

## Dr. Eliot To Be Guest Preacher at Newton Centre

Dr. Frederick May Eliot, president of the American Unitarian Association, will be the guest preacher at the Newton Centre Unitarian Society on Sunday, September 21. His subject will be "Shall Not Perish from the Earth."

The Newton Centre Unitarian Society held its first services of the season last Sunday. With Dr. Eliot's appearance it will initiate its new program of guest preachers for the year. During October Dr. Johannes A. C. Fagginger, Auer will be the guest preacher, and in November Dr. Henry W. Foote, minister emeritus of the First Church in Belmont, and Dr. Eliot.

Mr. Wendell Hughes has been appointed associate minister of the Newton Centre Unitarian Society; he will preach the last Sunday of every month. He completed his studies at the Boston University School of Theology, June and will be ordained October 22 at the Newton Centre Unitarian Society. Mr. Hughes will have charge of all parish work. Beginning December 1, Dr. Everett Moore Baker, Executive Vice-President of the American Unitarian Association, will be the regular Sunday preacher.

## Past Presidents Form New Club in 12th District

The newly formed Twelfth District Past Presidents' Club is holding its third luncheon meeting on Wednesday, Sept. 24, 1941, at one o'clock, at the Wellesley Country Club, Wellesley Hills, Mass. This club was organized February 12, 1941, and admitted to the Massachusetts State Federation of Women's Clubs March 1, 1941. Its object is to promote friendship among past presidents and to assist when called upon in any special need within the Twelfth District. All past presidents and presidents who have served a term of one year in this district, are eligible for membership.

The officers are Mrs. Donald R. Zimmerman, of Framingham, president; Miss Dorothea Thompson of Hopkinton, vice-president; Mrs. Ernest A. Hale of Waban, secretary and Mrs. George H. Tracy of Newtonville, treasurer.

## Melamine Drops From \$40 Pound to Almost Nothing

Melamine, raw material of a new family of valuable resins used in plastics and paints, has fallen in price almost 99 per cent following its industrial production on a tonnage basis, according to a report to the American Chemical Society by Dr. P. P. McClellan of the research staff of the American Cyanamid company, Stamford, Conn. Two years ago melamine was listed as a rare chemical at \$40 a pound, today it is 55 cents a pound.

Aviation is already relying on melamine plastics for tableware which is light, does not discolor, and is highly resistant to heat and to water, it is pointed out. Cups, saucers, and plates of melamine plastic are not stained by coffee, are free from any taste or odor, and can be dyed in light colors which do not fade. In paint, melamine resins give a porcelain-like finish which resists aging, discoloration, and heat up to 300 degrees Fahrenheit.

Melamine is derived as a principal product from cyanamide. It contains carbon, nitrogen, and hydrogen, and is a member of a class of compounds known as the triazines, to which cyanuric acid and cyanuric chloride also belong. Triazines contain three nitrogen atoms in a ring alternating, in the case of melamine, with carbon atoms.

**Bible Doesn't Say It**  
One very often hears someone declaring that the Bible says "Cleanliness is next to Godliness"; but the Bible says no such thing—in spite of the fact that many of the laws of Moses were designed to insure cleanliness and good hygiene. The saying is attributed to Rev. Charles Wesley, founder of the present Methodist Episcopal church. There was so much filth in his day that he created the phrase to make cleanliness a matter of conscience and religion. He thus made religion practical to millions of people since his time.

## City Baseball Leagues Hold Annual Banquet

The 18th annual banquet of the Newton Twilight baseball league, joined by the Newton Softball leagues, climaxed a highly successful season for both local circuits last week Wednesday night at the city hall cafeteria. Over 200 persons attended. Gold cups to the winners in the three leagues were presented by Mayor Paul M. Goddard. Baseball charms were presented to the 48 players on the leading teams. Under the direction of John F. Donahue, who was one of the principal speakers of the evening, nearly 600 games were played during the season.

Alderman John E. Barwise was toastmaster. Among the speakers were P. Ewing Wilson, Recreation Commissioner; Rev. Charles O. Farrar, rector of St. Paul's Church and founder of the Newton Highlands Boys' Club which won the national division honors; James Kelleher, manager of the Boys' Club; Harry Gath, manager of Gath's Guards, softball champions, and Mesrop Sarajian, manager of the Cabot Associates which won the American division championship of the Twilight league.

Frank Shellenback, Boston Red Sox coach, spoke on the opportunities for young men in professional baseball. Carl Brumbaugh, B. C. assistant coach, spoke on the chance of a repetition of the Eagles 1940 gridiron performance.

An entertainment followed the dinner under the direction of John McInnis, master of ceremonies, consisting of a professional troupe of entertainers, an orchestra, accordion selections, and songs.

Members of the teams receiving awards were as follows: Cabot Associates — William J. Reilly, Thomas S. Dugan, James W. Feeley, John W. Murphy, Everett J. Janse, Nick DeStefano, Alfred P. Caruso, Joseph A. Mason, Joe Cronin, John Cronin, James F. Doherty, Joseph Green, Nick Colantuono, John Garvin, Joe Forte, Carl Bosworth.

Highlands Boys' Club — John J. Collins, John Corcoran, John J. MacPhee, John V. Giano, John A. Tedesco, Joseph A. Taranto, Joseph E. MacPhee, James T. Coffey, William Johnson, William H. DeRusha, George Thorne, Chet H. Dussault, Frederick Hickman, Francis M. Collins, Harry B. Bradford, Victor A. Ciccarella.

Gath's Guards — Duncan Bartley, Fred Gougoun, Nino Collette, Al Hudson, John Quinn, James Cahill, Walter Maguire, Fred Arsenault, Peter Birmingham, Clifford Boudrot, Pius Mullen, James Connelley, Robert Brady, David McLeod, Dan McLaughlin, Ray Paul, John Murphy.

**Does Not Like Horses**  
One of the most prolific writers of Hollywood "Westerns" is Betty Burbridge, says the American magazine. In 10 years she's turned out more than a hundred of what the film folks call "giddyap" movies. But strangely enough, this author of horse operas writes only from hearsay—she just does not like horses.

**War Near America**  
The first World War came close to the U. S. Atlantic coast. Three ships were sunk near Cape Hatteras by submarines. Most famous of ships to be destroyed was old Diamond Lightship. Other boats were the Hauppauge, a wooden freighter, built in Wilmington, N. C., which went down off Cape Hatteras, and the Milo, a tanker ship sunk off Nags Head, N. C. The crew of the lightship rowed an open boat nearly to shore before being rescued.

**Good Auto Law**  
One of the many good laws they have in Massachusetts is that all automobiles must submit to a semi-annual mechanical inspection. If the car is found not to be in good mechanical shape it must be kept off the road until fixed up. Pennsylvania has a somewhat similar law.

**New Waffle Irons**  
New waffle irons should be washed with soap and suds and rinsed carefully. If this is not done the first waffles made are likely to be discolored.

## Football Team At High School Progresses Slowly

Showing gradual progress in its development towards the opening of the football season, the Newton High football team has been working out daily at Claffin Field, Newtonville, under Coach Owen McDowell. A strong, fairly heavy first team is in the making, but there is little depth to the squad and able replacements are slow to develop due to lack of experience. Meanwhile a number of the youths counted upon to hold down first team positions have been bumped and bruised just enough so that they cannot get into the thick of things with their full abilities.

The squad had a practice scrimmage at Watertown late last week and is attempting to book another with the same squad before the end of this week. It is possible also that scrimmages will be arranged with Wellesley and Belmont. The Newton opening game will be staged at the Dickenson Stadium on Saturday, September 27th.

Charles French and Gordon Hobson are being counted on to do the heavy duty work in the backfield with Guy Munroe, George Salmon, Bill Hooper and Alden Haffernheil staging a battle for starting berths as wing back and blocking back. Other leading candidates in the backfield include George Norcross, Al Savignano, John Malley, John Brickett and Charlie Rezutti.

Dick Lowry at centre holds down the middle of the line which has two other veterans, Captain Bill Healey and Bill Kalousdian, the tackle posts. The guard positions are unsettled with Ken McCarthy and Frank Brock as probable starters with Richard Colter coming along fast. Dick Church, another leading guard candidate suffered an injured knee this week but hopes to return to action shortly. A close race is being waged for end berths with Phil Walsh, Leonard Morrissey and Larry Tempesta, the latter a letterman, being pressed by Gerald Peck and Richard Hay.

## Not So Long Ago

Remember those primitive days of motor touring, away back there in 1928? An automobile editor brings up the scene. The tourist setting out for a vacation trip had his running board equipped with a luggage carrier, crammed with suitcases, a couple of spare inner tubes, a five-gallon can of gasoline and a gallon of motor oil. There was more baggage piled on the front fenders and tied to the headlights and hood handles. Then there were tents, blanket rolls, folding arm chairs and tent poles tied with rope to the top of the car and around the spare tire.

The toolbox was carefully checked before starting, and it was essential to have a can of tire patches and a piece of wire to open the gas lines when they clogged. There was generally a spotlight clamped on the windshield for night driving. There had to be driving cushions for comfort and eyeshades for the driver. And all that primitive stuff only 12 years ago. Well, well!

## Code Message With Hair

Code messages were written with the curls of a woman's hairdress by a barber at Hickam field, Honolulu, America's largest airdrome in the Pacific.

M. L. ("Bill") Hix, the barber, devised the code. Its secret lies in the arrangement of the curls. He told army officers that he could send 200 words in a single hairdress.

Each letter of the alphabet has a curling of its own. The message is written in a system of curls and waves turning left or right, up or down, and in various combinations. He demonstrated to army officers how secret agents could deliver messages with the aid of a pretty woman's hair and the deft touch of a barber, by waving a message in the hair of Bunnie Paris, Hickam field bookkeeper.

To those who could read Hix's code, the curls of Miss Paris' hair plainly said: "Blow up power plant."

## Fall Tennis At Newton H. S.

With sixteen lettermen in school again this year, tennis prospects at Newton High continue to be excellent although Coach Taylor openly prophesies that his netmen will not go through the 1942 season undefeated.

Meanwhile 32 boys who have not won their letters at tennis are competing in the annual fall tournament for non-lettermen and the field has narrowed down, in less than a week of after-school play, to two seniors and two juniors just out of junior high school. Nelson "Bud" Everts, younger brother of Al Everts, from Day, and Howie Abbott from Warren are the outstanding finds in the sophomore crop. Ray Eusden of the golf team and John Cavanaugh who works and plays at the Newton Center Squash and Tennis Club are the seniors. As the two sophomores meet in the upper bracket and the two seniors in the lower, a showdown between sophs and seniors is the setup for the finals to be played over the week-end.

Simultaneously the annual Varsity Tournament which settles the school championship is getting under way with Bill Powers, junior city champion, out in front with Ted Wood, with whom Bill fought out the non-lettermen's tournament two years ago, seeded a close second. Captain Art Peabody, whose father played for Harvard-Yale in the Oxford-Cambridge matches some 25 years ago, and Dick Lowry, football and basketball star, are in the running and playing strong tennis. Newcomer to the invitation list is Hilton Landry, a transfer from Concord High School, who has earned his letter for two years there. An even dozen lettermen from last year's Second Team brings the possible entry list to 17, the largest number ever to participate in the Invitation Tournament. It will be drawn Wednesday and first-round matches will all have been played by the week-end.

## City Football League to Start

The Newton City Football League will get under way on Sunday, Sept. 28, with six teams participating, according to an announcement by John E. Leary of the Newton Recreation Department, director of the league.

Three games will be played weekly with each team playing six contests. Teams and managers taking part are Newton Highlands Merchants, last year's champions, Johnny Janse, manager; Upper Falls, Arthur Precious and John Shaughnessy, managers; Highlands Boys' Club, Timothy Kelliher, manager; Thompsonville, Paul Grogan, manager; Black Hawks of Newton, Michael Plantadosi, manager.

Games slated for the opening Sunday are as follows: Boys' Club vs. Upper Falls at Upper Falls Playground; Auburndale vs. Highlands Merchants at Newton Highlands Playground; Thompsonville vs. Black Hawks at Allison park, Nonantum.

## Many Recipes Given At Cooking School

New recipes, as well as some that were popular in grandmother's day, are to be used at the Paramount Theatre Cooking School. Grandmother's recipes, however, have been developed to meet present day cooking methods, explains Miss Florence Buxman, experienced lecturer in charge of the school.

This cooking school sponsored by the Paramount Theatre, the local merchants, and the manufacturers of Spry, begins Monday, Sept. 29, with other sessions on the following Mondays, October 6 and 20th. All schools are to be held on the stage of the Paramount Theatre, and are scheduled to begin at 1:00 p. m., preceding the regular matinee program consisting of two fine screen attractions. There will be no advance in prices.

A printed program containing all recipes for the dishes made upon the stage each day is to be presented to each person in the audience. The recipes contain complete directions for making the dishes.

A different program, with different recipes, will be given each day. Those who attend all three sessions of the school will have a nice collection of recipes to add to their file.

All food prepared on the stage, many baskets of popular household products and groceries, and many valuable prizes from local merchants are given away at each session.

## Cops as Bellhops

Because the largest hotel in Burlington, N. J., has no night clerk, policemen do bell hop duties for the hotel after midnight, and it is oked with Capt. George W. Bowley. In addition to acting as a bellhop, the coppers also deliver messages after telephone offices are closed. "It is all a matter of courtesy," the captain says, "and is something that every small town policeman should be required to do."

## New Portable Radio

The Association of Anti-Listeners to Other People's Radios, which suffered quite a setback with the appearance of the portable radio, will be glad to learn of this development. Portable radios can now be had with an earphone attachment so the owner can walk down the street listening to the favorite program without bothering other pedestrians. It is about as large as an oversize candid camera.

## Non-Profit Organization

The American Automobile association is a non-profit, civic association which belongs to its members. Its president is a non-paid official. This great organization now has approximately 1,000,000 members.

### Newton Firm Introduces G. E. Automatic Blanket

According to Mr. C. M. Wilson,

manager of the General Electric Factory Branch, 700 Commonwealth ave., Boston, a survey was made throughout metropolitan Boston to select the city in which to introduce the latest General Electric product—the Automatic Blanket.

"We found that Newton has the greatest number of oil burners per thousand homes," says Mr. Wilson. "Also, more families have automatic refrigeration, more houses are insulated, more kitchens are modernized in Newton than in any city in New England."

"These facts prove to us that Newton people are interested in new products that contribute to better living—that they are receptive to new ideas."

"Accordingly," continued Mr. Wilson, "we have selected Newton as the first suburban city in our Eastern Massachusetts territory to receive the initial shipment of Automatic Blankets and have appointed Modern Kitchens, Inc., 1189 Centre st., Newton Centre as our exclusive representatives for this new product in the Newtons. Furthermore we have selected the Newton Graphic, to carry the advertising introducing the Automatic Blanket in Newton."

"The General Electric Automatic Blanket has been subjected to the most severe tests imaginable throughout the country from Minnesota where the temperature continues below zero for weeks at a time to Texas where the temperature will drop as much as fifty degrees in a couple of hours. Constant improvements and refinements have been made in the blanket of four years ago until today it is as near to perfection as is humanly possible to achieve."

"We know Newton people will find the General Electric Automatic Blanket to be a thoroughly satisfactory device and one which will give every user a new conception of relaxed sleep," concluded Mr. Wilson.

### Whites, Negroes Separated

There are 18 states which require the complete segregation of schools for the white and Negro races. They are Alabama, Arkansas, Delaware, District of Columbia, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia and West Virginia. In Arizona and Kansas the mandatory provision applies only to the elementary schools.

### Putting It Plainly

Universal adoption by American cities of just two money-saving techniques—centralized purchasing and sound civil service control—would save enough tax money annually to pay for 8,000 pursuit planes plus nearly 6,000 tanks, the National Consumers Tax commission, a nationwide women's organization seeking economy in local government, reveals. The savings would total \$748,000,000, the organization says.

### Closest Presidential Election

The closest presidential election was that of 1876 when, as a result of decisions by the electoral commission, Hayes was finally declared the winner over Tilden by exactly one electoral vote.

### Was It the Bump?

Charles Currier of Klamath Falls, Ore., stepped in front of an automobile and was knocked to the pavement. He got up, walked over to the driver and apologetically offered to pay for the windshield which was broken by the impact.

### Letters To The Editor

#### PRaise Where Due

To The Editor:

About eight years ago, in 1933, Mr. and Mrs. Edwin S. Webster of Chestnut Hill gave to the City of Newton an area of land located at the end of Warren street, Newton Centre, for a playground. This area of about seven and one half acres was used as a dump for the refuse city material. This became such a nuisance that it was closed to the public for quite a period, by building a fence at the entrance and having a strong gate locked. During this period the mass of weeds that have grown became the subject of criticism especially as the rag weed was predominant. It is not often that praise is given to any city official but such should be given to the Superintendent and his department (Street Department) for their recent work upon this area in the leveling of the filling and eliminating the weed menace.

As the gate is locked this improvement can be seen from the windows of the passing trains, and it looks quite encouraging for the playground possibilities. There remains in view several old automobile bodies that should be rescued from the ditch along the tracks and sold for defense work. This playground is destined to be a very useful adjunct to this section of the City as it will serve quite an area adjoining and save the crossing of several traffic highways to the Newton Center Playground.

HERBERT J. KELLAWAY.

#### NEWTON HIGHLANDS GARDEN CLUB

Mrs. B. Walter Godsoe of Walnut St. was hostess to the Newton Highlands Garden Club at its annual meeting on Sept. 9th. After a picnic-supper under the apple trees, the members adjourned to the house to enjoy a small informal flower show with exhibits ranging from mammoth cosmos to the tiniest of miniature arrangements. Much amusement was caused by the "millinery exhibition" of hats trimmed with real fruit and flowers and in one case by vegetables.

After the annual reports of secretary and treasurer, the officers for the coming year were elected and the new president took the chair. Mrs. William J. Skinner, as speaker of the evening, gave a fascinating talk on "The Romance of Flower Seed Growing."

The new officers are: President, Mary R. Stark; Vice President, Mrs. Edward M. Stuart; Secretary, Mrs. William J. Skinner; Treasurer, Mr. Howard A. Whitcomb; Program Committee, Mr. Percy I. Merry, Chairman, Mrs. Norman E. Dupee, Mrs. John E. Peakes.

#### Newton Owners Are Ordered To Restrain Dogs

Mrs. Marion White of 33 Ipswich st., Newton Highlands was ordered to restrain her dog after a complaint was received last Friday that the animal had bitten a person. John Carding of 920 Walnut st., Newton Highlands, was the complainant. Dr. Richard Schofield, city veterinarian, was notified to keep the animal under observation.

Eliot Robinson Jr., of 5 Oakwood rd., Newtonville, attempted to separate his dog from another dog with which it was fighting last Friday and was bitten. Patrolman William Condrin notified the youth's father to restrain the Robinson dog.

#### NEW BEAUTY SALON AT NEWTON CORNER

Miss Margaret Horne, well known in beauty circles in this city because of her former connections with three of Newton's leading beauty shops, will open her own Beauty Salon on or about October 1st. She will operate under the name of Horne's Beauty Salon, in Room 3 at 313 Washington st., Newton.

Miss Horne has equipped an attractive shop and has installed the latest type dryer and other equipment. She will be glad to see her former patrons and many friends.

#### Autoists Fined On Various Charges

On Friday in the Middlesex Superior Court Abraham Epstein of Allston was fined \$50 on automobile charges brought when his car collided with a truck in Newton last April. He had been fined a similar amount in the Newton court but had appealed. He was found guilty by a jury after Sergeant Thomas Burke and Inspectors Alfred Hammill and William H. Dowling testified that skid marks of the defendant's car measured 48 feet. Judge Williams imposed the same fine that had been assessed in the lower court.

The Epstein car had collided with a truck operated by Frank E. Kimball of Somerville at Centre and Willow sts., Newton Centre on April 15th. Both drivers were injured in the crash.

Doris I. Wentworth of Somerville was fined \$5 in Newton Court last Friday on a charge of speeding and \$5 for driving without a license. A charge of failing to stop on signal of a police officer was filed by Judge Donald E. Mayberry. Motorcycle Officer Thomas L. McEaney testified that he chased the car on Aug. 18 from Crafts and Watertown st., Newtonville, to Newton Centre before overtaking it. The defendant told the officer that she did not see him and that she had been in a hospital and allowed her license to expire.

Thomas H. Sloan, Jr., of Hyde Park appeared in court on Friday and a case of answering to a charge of failing to stop before entering a through way, scheduled for Sept. 18th, was advanced. After testimony Judge Mayberry placed the case on file.

John W. Buskosi of Chelsea and Frederick B. Kershaw of Boston were fined \$5 each on charges of failing to stop before entering a through way.

In the Newton court last Friday a fine of \$10 was imposed on Edwin L. Abbott, Jr., of Wellesley on being found guilty of speeding. Joseph R. McLean of Cornell st., Newton Lower Falls was fined \$5 on a similar charge. Fines of \$5 each for failing to stop before entering a through way were levied against Frank J. Mitchell of Natick, Arthur L. Boudrea of 12 Washington, ter., Newtonville and John F. Wark, Jr. of Dorchester.

Charges of speeding in the cases of four drivers were placed on file, as were eight cases where failing to stop was the complaint.

#### Newton Lodge Elks

Exalted Ruler Bernard T. Haffey presented a report of the grand lodge convention in Philadelphia at the meeting of Newton Lodge of Elks last Thursday evening. Esteemed Leading Knight Matthew Hurley reported that the weekly socials on Wednesday evenings were being well attended.

Newton will be host to Brookline Lodge this evening according to report of Edgar F. Callahan for the inter-lodge tournament committee. Newton will be entertained at Cambridge on Sept. 29th. Many Newton members will attend the first regional meeting of the Mass. Elks' Association, and the reception to the new president, Arthur J. Hart, in Winchester on Sunday, Sept. 21st.

#### POETRY EVENINGS BEGIN THURSDAY

A group of people interested in poetry have arranged a series of lectures on modern verse, by noted personages in this field of literature.

These are to be held on Thursday evenings at the Newtonville library, in accordance with the policy of that institution to promote cultural progress. This course offers an opportunity to all who wish a clearer view of modern poetry and its inspirational values, to study recent tendencies in this form of literary effort.

The program for the course is as follows: Sept. 25, Robert Frost; Oct. 9, John Holmes; Oct. 23, Robert P. T. Coffin; Nov. 6, Robert M. Gay; Dec. 4, Newton night. Charles J. Conick of Newtonville, famous stained glass artist, presides at the first three meetings. It was through his personal friendship with Mr. Frost that the distinguished author and lecturer was selected for the first meeting of the series. Rev. Herbert Hitchen, minister of the West Newton Unitarian church, will preside.

Only course tickets are sold. Fred C. Alexander is treasurer. The committee in charge will be followed, with Mrs. Gorham W. Harris acting as chairman; Charles J. Conick, E. Donald Robb, Miss Dorothy Peters, Mrs. Randolph S. Merrill, Mrs. Edward W. Lewis, Gorham W. Harris, Harold Lounsbury, Mrs. Constance Kemper, Mrs. Frederic Keyes, H. Philip Patey, Mrs. Raymond Green, Edward K. Titus, Mrs. Nelson B. Vanderhoof, Floyd Rinker, Fred C. Alexander and Mrs. William Mattson.

#### NEWTONVILLE IMPROVEMENT ASSOCIATION

A meeting of the Executive Committee of the Newtonville Improvement Association was held on Tuesday evening, September 16th, at the home of Mr. D. H. Hardwick Bigelow, 598 Walnut st.

Progress was reported on the matter of the new large playground near Albemarle rd., on which children will soon be playing.

A report was made on the billboard situation in Newton; general permits have been granted by the State against the wishes of the city government.

The committee also discussed a number of parking and zoning situations that have recently arisen and appointed committees to look into them. A number of minor matters were also taken up by the committee.

#### Kiwanis Club

President Raymond Green announced at the last meeting of the Kiwanis Club held last Tuesday that he had received an invitation asking members of the local club to join with the Worcester Kiwanis Club in their Twentieth Anniversary celebration on October 3rd, 1941 at the Worcester Country Club. Celebration will consist of luncheon at noon, golf in the afternoon, and a dinner in the evening. Several members of the local club are planning to attend.

Mr. James Riggs, Vice-President, gave a report on a meeting of club delegates recently held at the Hotel Beaconsfield, and announced that a decision would be made at the New England Convention being held this week in Poland Spring in regard to redistricting of the local clubs.

A number of members of the local club, together with their wives, left for Poland Spring on Thursday of this week to attend the New England Convention.

Mr. Archie Bellinger, Chairman of the Entertainment Committee of the local club, announced that he had completed plans for most of the children of the Peabody Home to attend the Shrine Circus in Newton during the week of September 29th.

Mr. VanBuskirk, Chairman of the Program Committee, announced that the program for Tuesday, September 23rd, would be furnished by Officer Dave Dalton, a member of the Newton Police Department. Officer Dalton will discuss the subject of guns, and pistols, and will give a display of actual weapons. He owns a number of emblems and blue ribbons which he has won for various shooting contests. Each member of the club is inviting a guest for this meeting.

The speaker last Tuesday was Mr. R. L. Chambers, who spoke on "Today's Advertising." Mr. Chambers is connected with the C. I. Brink Company in an executive capacity, and described the business of his concern as it has developed from 1863 down to the present time. He described particularly the development of the Neon signs, and stated that some of the Neon signs which his firm had erected more than twenty years ago were still being displayed. Mr. Chambers was introduced by Mr. George VanBuskirk, Chairman of the Local Program Committee.

#### Plan To Enlarge Chapel Of Upper Falls Church

Plans have been developed for the enlargement of the chapel of the Newton Upper Falls Methodist Church on Summer St. A permit for the construction of an addition has been issued by the Newton Building Department. The extension will be 46 feet by 46 feet. Arland A. Dirlam of Malden is the architect and James S. Smith of Newton is the builder.

The plans include a beautiful Children's Chapel and Assembly and rooms for classes. The outstanding architectural feature will be the central palladium window at the Worship center of the chapel. Each of the forty-five panes will have a symbol of some Christian child's theme.

It is hoped to produce a window whose theme will never be forgotten by the children. The committee includes Miss Doris Brown, Church Treasurer, as chairman, J. Charles Batey, Robert Curran, Dr. Hobart F. Goewey, Lester H. Hilton, Herbert A. Locke, Kenneth E. Newcomb and Oscar E. Nutter. Miss Olive Duval is superintendent of the Primary Department.

#### NEWTON SMITH CLUB

For the first fall meeting of the Newton Smith College Club, Mrs. Matt B. Jones will open her home in Newton Centre this Friday. Mrs. Harold B. Cranshaw will preside over the informal meeting whose speakers will be Mrs. Matt Jones, Mrs. Katherine Bingham Leverich, and Miss Isabel Wales.

Undergraduates of Smith, recent graduates, and entering freshmen and their mothers will be the guests of honor. Following the meeting, tea will be served by Mrs. Edward W. Freide, chairman of the hospitality committee, and her assistants. Mrs. Eliot F. Rogers, Mrs. Charles D. Brown and Mrs. Helen Lameyer.

#### Newton Youths Complete Naval Training Course

At Cambridge last Friday four Newton youths were among 376 ensigns of the U. S. Naval Reserve Supply Corps awarded graduation certificates after three months of training. Among the graduates also was John Roosevelt, youngest son of President Roosevelt, who left immediately with his wife and infant son to a post on the Navy on the Pacific coast. The Newton youths receiving awards were Nathaniel Groby and J. Davidson Rider, both of Auburndale; Richard M. Hoag of Newton Centre and F. Irving Lundquist of Newton Highlands.

#### Newton Man Leaves Army And Registers For Draft

The usual procedure of going from the draft lists to the army was reversed this week when John B. Lengemann of 76 Elgin st., Newton Centre reported to Local Selective Service Board 114. Lengemann was a second lieutenant in the infantry reserve and recently discharged from army service. He reported for registration under the draft and was assigned No. 1702 by the draft board.

#### Favor Widening Of Franklin St.

The proposal for the subdivision of the Towle estate at the corner of Waverley ave. and Franklin st., Newton and the subsequent plan to seek a widening of the latter thoroughfare if the variance requirements of the zoning ordinance to permit the subdivision are granted has been laid on the table by the Claims and Rules Committee and Planning Board seeking to decide the problem. A favorable attitude has been given towards the widening of Franklin st. by the Planning Board.

Under the provisions of a plan proposed by State Representative Clarence C. Colby and drawn by the city engineer at his request a strip of land would be taken by the city to increase the width of the street to 50 feet. It is now from 42 to 48 feet in width at that location.

Under the provisions of the regulations as to the lot-size of subdivisions only five building lots could be had. A petition has been brought to permit six houses to be built on the area by the owner, Henley H. Brown who has an agreement to sell the property to Walter Graymont. At a hearing last week the latter appeared in favor of the petition which was opposed by several residents and property owners of the vicinity.

The Planning Board has voted to approve all other petitions heard last week with the exception of that of the Home Owners Loan Corporation for a variance of zoning at 52 Hillside ave., West Newton. This petition was also laid on the table.

Among 11 other petitions of similar nature heard and favored by the Planning Board is that of Harold Hartmann of the Oak Hill Trust for a variance of the zoning ordinance on Meadowbrook rd.

#### Newtonville Youth Is Inducted Into Army

Norman D. Harris, 26, of 185 Highland ave., Newtonville, was inducted into the army this week through Local Board 112 of Newton. Harris is the son of Professor Gorham W. Harris of Simmons College. He was inducted as a selectee of the town of Salem where he registered last October, having a position there as a teacher of science in the Berkshire School.

#### Newtonville Youth Gets Reformatory Term for Break

Francis McDonald, 26, of 17 Central ave., Newtonville, was sentenced to the Massachusetts Concord Reformatory last Friday by Judge Harold B. Williams. McDonald had pleaded guilty to breaking, entering, and larceny at a Waltham department store last January 15th. Cigarettes, gloves and shirts comprised the loot in the break which was investigated by Waltham police. District Attorney Robert F. Bradford recommended the reformatory sentence.

#### Report Automobiles Looted of Articles

Joseph Cormier of 232 Water-town st., Nonantum, reported to Newton police last week that his automobile had been looted of a spotlight valued at \$3.50. The car was parked in his driveway when the theft occurred.

Edward F. Wright of Water-town reported that a camera had been stolen from his auto while parked near the Newtonville railroad station.

#### LYDIA PARTRIDGE WHITING CHAPTER, D. A. R.

The Lydia Partridge Whiting, D. A. R., will hold a Rummage Sale on Saturday morning, September 20th, at 9 a. m. in the basement of the Congregational Church in Newton Highlands. The proceeds will be devoted to the Philanthropic Fund of the Chapter.

#### Long-Time Correspondence

A 45-year-old promise to exchange two letters each week gives three sisters a record for long-time correspondence.

It was in 1894 that Mrs. Harry Koerbel of Jeannette, Pa.; Mrs. Orla Lutz of Donora, Pa.; and Mrs. Walter Bradford of Marion, Ind., agreed to write their weekly letters. Since then, two daughters of Mrs. Koerbel have joined the "round robin" correspondence and they estimate they've exchanged 17,576 pieces of mail.

The sisters began the marathon letter writing because they were forced to live in widely separated towns and they wanted to maintain contact.

The daughters of Mrs. Koerbel, Mrs. Al A. Engstrom of Ambridge, Pa., and Mrs. A. D. Wetland of Greensburg, Pa., joined the letter "trust" 17 years ago.

The five women are proud of the fact that in the 45 and 17 respective years, they've never missed a "post-time." On postage alone, they estimate they've spent more than \$800.

##### Substance of Bill in Equity

On December 18, 1923 RILEY G. CROSBY, deceased, executed and delivered a mortgage of the real estate at 17-19 Crosby Road, Newton, Massachusetts, to NEWTON SAVINGS BANK, which is dated December 17, 1923 and recorded with said District Court of Middlesex, Book 4590, Page 80, and in which his wife, GRACE E. CROSBY, released her right of dower. Through mutual error a five (5) foot strip of land on the Southwestly side of the said real estate was not set forth in said mortgage. The said real estate was later conveyed to John D. Dignin through means conveyances, subject to said mortgage. Said Crosby and all subsequent owners believed that said mortgage was a mortgage for said real estate at 17-19 Crosby Road, including said five (5) foot strip of land. Said mortgage was foreclosed on July 5, 1940 by said Bank, and was purchased by said Bank at the foreclosure sale. Said Dignin died on January 28, 1939 leaving fifteen heirs and next-of-kin who have refused to convey said five (5) foot strip of land to said Bank. As a result of the foregoing the Newton Savings Bank has filed a Bill in Equity in said Court to reform the aforesaid mortgage so that the mortgage premises shall include the aforesaid five (5) foot strip of land, as well as the real estate described in it, and to give to said Bank such other and further relief as may seem just to the Court.

Philadelphia Bible Society First

"The first Bible society to be organized in the United States was the Philadelphia Bible Society founded in 1808 under Bishop White. In 1816 a convention was called in New York city for the organization of a national institution, the American Bible society. These societies were primarily organizations for men and were entirely under male leadership. The great field of feminine effort in behalf of the church was the sewing circle. Every parish at least one such organization which would meet either weekly or twice monthly.

"The results of the women's handiwork was sometimes given directly to the poor, but were more often collected and sold at annual or semi-annual fairs. The sums raised were often quite respectable, proceeds ranging from \$300 to \$700 in the East, with larger sums possible in the West where there was a shortage of women's work. In one western mission the ladies raised \$1,700 by a fair."

Stewardesses on Streetcars

The dying trolley car is making an eleventh-hour effort to come back. Its newest effort to head off extinction appears in Atlantic City, where the management of an interurban line, taking a cue from the air lines, is installing hostesses. Two uniformed girls will ride the cars, to supply newspapers and magazines for passengers, help women on and off at stops and otherwise look after people's comfort.

The plan sounds fine, and it would probably be approved unanimously by trolley passengers, but will it succeed? Imagine a stewardess fighting her way through a densely packed crowd at 5:15 to hand a picture magazine to a homeward-bound citizen, then line-plugging to the exit to assist a housewife in alighting from the car. Not that the passengers wouldn't appreciate these little attentions to lighten the rigors of trolley-riding, but the stewardesses would have to be sisters of Superman in order to do the job.

Act On Red Signal

The red message is the action warning which is sent when the possibility of a raid becomes imminent. This is a warning message to the public and after it is received at the various control centers, it is relayed to the public by audible warning signals such as sirens, power whistles giving short blasts.

The white message is the all clear message which is sent after raiders have either passed from a district or all danger of further raid for the time being is over. This message is sent to all re-

duty in all parts of the city and whence officials on duty flash word to the various A. R. P. services to proceed at once to the locations where they are needed.

As the chief air warden read aloud the reports from the post wardens, telling of the location and nature of damage, representatives of the water, gas, electric, police and fire services, seated at a long table in front of him, were on the alert. Each sat in front of a telephone and when his particular service was needed, he promptly transmitted the necessary order to his headquarters at the other end of the line.

List All Warnings

The personnel at the District Warning Center includes a controller, deputy controller, record clerk, plotting clerk, telephone operators, radio operators and messengers.

Upon receiving an air raid alarm, the controller or his deputy is required to warn all report centers within the city and towns of his area and industrial centers, and others included in his warning list.

It is the duty of the record clerk to keep a list of all air raid warnings transmitted. The controller or deputy, when informed by the chief warden of any report center that his services have been exhausted, may order any service he deems required from any other report center area concerned. To do this he will write out a message in duplicate, hand the original copy to the telephone operator and retain the duplicate. The telephone operator will dispatch the message to the wardens in the field and repeat the demand and repeat the same message to the report center which has applied for assistance. The original copy, with notes on disposition will be handed to the record clerk for the record file.

Center in Each City

As for the report center, every city and all towns of over 2,500 population will have at least one. The report center is the executive headquarters for the A. R. P. services. In large cities there will be one report center for every 50,000 inhabitants. Rural areas will depend on the report center of nearby towns.

The local chief warden will be in charge of the report center, and it will be his duty to supervise the organization, training, equipment and proper functioning of the report center.

The Newton report center consists of two rooms. The main room is essentially a staff room equipped for staff work during an emergency. At one end of the main room is a large map of the city on which all information coming from the incoming message room is immediately shown by means of pins.

The chief warden is seated at the head of a long table around which his staff is also seated. Each representative of the A. R. P. services communicates directly with his respective services by telephone.

Plot Area Map

The plotting officer, plotting clerk and filing clerk sit at a table in front of an area map. In the incoming message room are telephones and operators receiving calls from wardens reporting damages. These incoming calls are transmitted by messengers direct from the operators to the main room. The messenger service is supplied by Boy Scouts and other volunteers.

The incoming room is separated from the main room in order to prevent noise from disturbing the work in the latter. To avoid curiosity or unofficial calls to the report center which would interfere with the plotting of the center, all telephone numbers will be non-published and given only to those officials whose duties require them to communicate with the report center.

Colored Lights System

The air raid warning system was described as follows: The Army takes from its information center the responsibility of warning the district warning centers of impending air raids. The district warning centers pass these warnings either directly or through report centers to all necessary civilian defense agencies in their area.

There are four degrees of air raid warning messages. These are represented by colored electric light bulbs in the district warning center and report center.

The yellow message is a preliminary caution which is sent to a district as soon as there is any possibility of a raid in the district. This preliminary caution is a confidential message and is sent to a limited number of recipients who take preparatory and unobtrusive measures to be ready to act instantly when a blue warning message or a red warning message is issued.

The blue message is the second degree of caution which is transmitted when the objective of the raiders is determined. This message is also confidential. At night it is a "lights" warning for railroads and essential industries and during the day it is a "lights" or put out lights in accordance with pre-arranged plans for a "black-out."

The red message is the action warning which is sent when the possibility of a raid becomes imminent. This is a warning message to the public and after it is received at the various control centers, it is relayed to the public by audible warning signals such as sirens, power whistles giving short blasts.

The white message is the all clear message which is sent after raiders have either passed from a district or all danger of further raid for the time being is over. This message is sent to all re-

cipients of the other messages. It is not relayed to the public unless a previous red message is still in force. It consists of long blasts. The yellow and blue messages are confidential because they may not automatically be followed by the red message and it is unnecessary to alarm the whole population until conditions necessitate the red.

Twenty-nine ARP district warning centers are to be organized and established in Massachusetts. Newton, which is one of these, will cover District 5, which includes surrounding cities and towns.

Preliminary Lectures

The visitors at Sunday's demonstration first registered at the court house and heard lectures by Eugene Campbell, manager of the Newton office of the Telephone Company, and Milton Street of the Metropolitan Region of the Committee on Public Safety. They spoke on the part the communication services plays in air raid precautions. Col. Harry L'epman of the British Army, who gave the course in the establishment of the system, was present to meet the delegates.

After the lectures, the delegates and guests proceeded to the telephone exchange for the actual demonstration. Arthur Rogow, district controller, was in charge of the exhibit in the room devoted to the district warning center. Chairman John M. Bierer of the Newton Committee on Public Safety and William V. M. Fawcett, chief air warden, explained the procedure at the city's report center. Gen. Daniel Needham, chairman of the state committee, also spoke.

The telephone exchange building was used for demonstration only. The city's report center will be located at Fire Headquarters for practical purposes. The district warning center, officials stated, will be set up at police headquarters.

One-Way Traffic

both sides, hardly enough space remains for two lanes of traffic. He declared that at least ten feet is needed for each lane.

He also complained that the green light facing cars coming out of the city remains on long enough for only four or five seconds to emerge, leaving other cars to cause traffic congestion while awaiting the next green light. He said the State Department of Public Works had agreed to study the traffic light problem both at that intersection and at Beacon and Centre sts.

Protests Made

Chairman Gaddis read a letter from the Newton Centre Business Men's Association expressing opposition to the one-way rule on the grounds that it would add traffic to nearby residential streets and cause further traffic congestion on Centre st. Mabel H. Hayward of Everett st. protested that the one-way regulation would divert traffic through Chesley, Dalton and Everett sts., thereby adding to the danger to children residing on those streets. In addition to sending a letter, Mrs. Hayward was present at the hearing.

A letter was received from Herbert Kellaway, chairman of the Planning Board, pointing out that land on Langley rd. and Lyman st. may be changed to a business zone and that such action might change the traffic situation in the section by providing a large parking area.

Hoffman Seeks Sentiment

Alderman Carol J. Hoffman of Newton Centre said he had consulted many residents and business men and had found that the congestion of traffic on Centre street being restricted to one side of Summer st. and that unlimited parking be permitted on Lyman st. "The sentiment in favor of a one-way street was not strong," he declared.

Several speakers at the hearing called attention to the parking of cars on Summer st. near the post office and one man told of seeing fire apparatus forced to stop until a parked car had been pushed nearer the curb.

Alderman John E. Barwise, the other member of the traffic committee in attendance, suggested that the superintendent of the post office be consulted on the parking problem and that the police be requested to enforce the regulations at the locality.

Stranded—Help

We've all heard of job-getting stunts, but here's one that takes the cake. A young man wrote 81 notes, mailed them in 81 bottles to 81 advertising agencies. The notes read: "Stranded! . . . on an island in Cambridge! . . . a college graduate . . . Will work like a horse for passage into port! . . . Have you room in the hold for a man who can prove he's worth his salt?" P. S. It worked.

X-Ray Your Tire?

Firestone Tire and Rubber company X-rayed the tires on 100 cars chosen at random, found nails or bits of glass imbedded in 99 per cent of them. Fabric breaks, good for eventual blow-outs, also showed up. Now service stations are installing X-ray, which is cheaper and better than demounting tires and inspecting them by sight and feel.

Do Not Live Longer

City people do not live longer than country people, but the public health measures in cities causes them to live longer than they would otherwise. Warren Thompson, population expert, states that people in the Southern states, mostly rural people, live longer than people in the Northern states.

Police Seeking To Solve Thefts

Jewelry and other valuables were stolen in a burglary discovered Monday at the home of Mrs. Mary B. DeMille, widow of ex-Allderman John C. DeMille, of 111 Parker st., Newton Centre. Miss Ethel DeMille, who discovered the burglary, found that a platinum ring set with diamonds and opals and valued at \$150, was stolen from her room. She reported that other jewels were missing.

She also discovered that a cedar chest in her mother's room had been forced open, but because her mother is away, she was unable to inform the police what was stolen from it.

The thief entered the house after removing a screen and forcing open a dining room window. Miss DeMille returned home Sunday night, but did not notice the open window until yesterday. It was then that she made a check-up and discovered that the house had been looted.

A burglary was discovered Monday night at the gasoline station at 782 Beacon st., Newton Centre, but the intruder is believed to have been frightened away before he could obtain any loot.

The break occurred between the time the station closed at 7 p. m. and 9 p. m., when the broken glass in the rear door was discovered. Inspector Joseph B. Lyons is investigating the case. The police are working on the theory that the culprit's car may have run out of gasoline and he entered the building for the purpose of turning on the power for the pumps.

Police were notified Monday that a bank containing \$12 to \$15, 100 Indian head pennies, some old coins, and an alarm clock were stolen in the recent burglary at the home of Francis X. Turbett, 87 Grove Hill ave., Newtonville.

Arlay S. Richards, 26 Parker st., Newton Centre, reported that a billfold containing \$40 to \$50, his auto license and a 12-ride railroad ticket was stolen from his locker at the Longwood Cricket Club.

Start New Study and Discussion Group

The inauguration of a new evening study and discussion class under the direction of the Henry George Institute of New England has been announced for next Tuesday evening. As in previous courses, which are free to any one who cares to attend, the group will meet in the Newtonville Library building. The subject of the course will be "Fundamentals of Economics." No previous study is required and the course will be directed to include a clarity in understanding the conditions needed for a just and permanent peace; why depressions occur with increasing severity; whether labor and capital need fight; why unemployment exists; and why poverty exists in the midst of plenty. Many other similar questions of vital interest will be considered in the view of their inevitable presence when the war is over. The course will continue on Wednesday evenings. Sincerely interested others will be given in eleven other locations in and around Boston.

The local course is under the supervision of Edward Van Tassel of Newtonville ave., Newtonville.

City Engineer Declines Presidency of Associates

Elected president of the City Hall Associates at an election in city hall last week City Engineer Ernest H. Harvey declined the office and made it necessary to call another election. He was elected by a vote of 10-9 over two opponents from a slate presented by the nominating committee. Miss Eleanor Hannigan was elected treasurer and Miss Ruth Prendergast was elected secretary. Paul Mullen is the retiring president.

Adopt Proper Approach When Criticizing Others

"In criticizing people, the best psychological method is what I have frequently termed the 'sandwich plan.'" Dr. George W. Crane says. "This means that we should first administer a sincere compliment to the person we are criticizing, then lay out the criticism, and finally, we should administer another honest compliment to take the possible sting from our criticism. Remember, too, that I used the word 'compliment,' not the word 'flattery.' A compliment is an honest statement of appreciation for a demonstrable virtue or talent that merits commendation. As such, therefore, it is an ethical as well as a sound psychological technique.

The Rev. Randolph S. Merrill, whose pastorate at Central Congregational Church, Newtonville, began ten years ago next Sunday, will preach on "The Secret of Real Life" at the eleven o'clock service.

Only Eight Face Types, Noted Artist Declares

What kind of a face have you? According to a new book, entitled "Faces," by Eddie Senz, famous Hollywood makeup artist, all human faces fall into eight basic types. There are, he says, four types of long faces and four types of short faces.

Few persons have faces which conform exactly to the ideal types, but nearly everybody can improve his or her face. With women the arrangement of hair and skillful makeup often can improve vastly the facial appeal. Men, although denied makeup, can strengthen their facial qualities by dressing the hair thoughtfully. Both sexes find a wide field for facial improvement in eyeglasses. With nearly a half of the adult population wearing spectacles, in recent years much attention has been given to the artistry of fitting spectacles to faces. By skillful shaping of the lenses frequently weak facial structures can be softened, desirable qualities emphasized. Nearly 100 illustrations in the book demonstrate the influence of coiffures, cosmetics, millinery and spectacles upon faces of the various types. This unusual book is published by the Better Vision Institute, New York city.

Two Women Fined For Drunken Driving

A woman who was arrested after she took her two-year-old baby out for an auto ride, was fined \$35 by Judge Donald E. Mayberry in the Newton District Court Wednesday on a charge of driving while under the influence of liquor. A charge of drunkenness was placed on file.

The defendant, Mrs. Marjorie P. Vincent, 30, of 14 Hood st., Newton, wife of a teacher, was given six weeks to pay the fine. She pleaded not guilty but was found guilty after a hearing.

Testimony was given by Lieut. Edward A. Moan, who booked her at police headquarters, and Patrolman Lawrence Dungan and Inspector William H. Dowling, who arrested her on the afternoon of Sept. 8.

Mrs. Anne Eddy, 29, of 56 High st., North Attleboro, was fined \$50 in the Newton District Court Tuesday on a charge of operating a motor vehicle while under the influence of liquor. A charge of drunkenness was placed on file.

She was arrested about midnight last Monday by Patrolmen Harold C. Hoyt and Nils Holmstrand. She pleaded guilty to the complaints when she was arraigned in court today.

LA SELL JUNIOR COLLEGE

Classes at Lasell Junior College began for the fall term on Monday morning. President Guy M. Winslow welcomed the students at the first assembly.

The meeting of the Orphean Club, the college chorus, was held on Wednesday morning. Mr. George Sawyer Dunham of the Music Department, is the director of the club.

Mrs. Wylie Sypher began her weekly lectures on current affairs on Thursday. Dean Margaret Rand will announce the Executive Council at the Friday student assembly and introduce Miss Gertrude Ruch, of Providence, Rhode Island, as the new president.

Dr. Boynton Merrill will be the Sunday vesper speaker.

Similar to the extreme changes in the weather of the past week, the political polyscope finds a direct contrast between the probable composition of the school committee of another year over that of the Board of Aldermen. Whereas the latter body will in all probability show little change when it meets to organize on January 1st, 1942, the School Committee will at least show an almost 50 per cent turnover.

The school committee is comprised of one member, from each Ward of the seven in Newton, elected at large by voters throughout the city. Of the seven present members three will retire from service of from five to nearly eight years. It is understood that the remaining four members of the committee will be candidates for re-election.

The three retiring committeemen (or women) are Mrs. Margaret H. Woods of Newton Highlands, Chairman Harold W. Knowlton of Auburndale and Joseph F. Wogan of Newton. Mrs. Woods is the oldest member of the committee in length of service, having been elected in the spring of 1934 to succeed Mrs. Katherine I. Cornell from Ward 5. She was elected in the fall of 1937, at which time the biennial elections and a two-year school committee term were adopted by the voters, and again elected two years ago.

Chairman Harold W. Knowlton has served Ward 4 but a few months less than Mrs. Woods. He was elected to the committee in the fall of 1937 and took office on January 1st, 1938. He is completing his sixth year on the committee of which he has been the chairman during his present two-year term.

Mr. Wogan, representing Ward 7, was elected to fill the vacancy caused by the resignation of F. Marsena Butts five years ago. He was reelected in 1937 and again in 1939 to serve the full two-year terms.

Other members of the present committee are Francis P. Frazier of Ward 1, C. Raymond Cabot of Ward 2, Ralph W. Taber of Ward 3, and Stanbrough Fernald of Ward 6. Of this quartet the lens of the polyscope looks back into the past and finds that Taber has served the longest, succeeding Chairman George F. Fernald of West Newton in 1937. Following precedent and unless events that cannot be foreseen occur, there seems to be little question that the chairmanship will fall to the West Newton member when the new committee meets.

Committeemen Frazier of Newton and Cabot of Newtonville were both elected to the committee two years ago and have been serving their first term. The former succeeded Franklin P. Smith upon the latter's retirement after several years of service, including the chairmanship of the committee. Mr. Cabot was elected in a contest with Committeeman Harry Bryant. Two years ago Ward 6 was represented by Clark B. Bristol who was reelected at the 1939 election. Subsequently business called Mr. Bristol to Connecticut. (Continued on page 4)

### Channing Unitarian Church Plans Three-Day Program With Public Lecture on Sunday Evening

Congressman Eliot To Give Address On "Liberalism—1941"

Channing Unitarian Church in Newton Corner will celebrate its ninetyeth anniversary this week-end. Climax of the three-day celebration will be a public lecture Sunday evening at 8:00 o'clock by the Honorable Thomas H. Eliot, Congressman, 9th District, Massachusetts, on the subject, "Liberalism—1941." The committee in charge of the celebration, of which Mr. Roger B. Tyler is chairman, has thought it fitting that, at this juncture in our nation's history, the Ninetieth Anniversary Lecture should be delivered by one of our legislators. The address will be preceded by a brief devotional service, to be conducted by Rev. Dan Huntington Fenn, Chairman of the Department of the Ministry of the American Unitarian Association.

The celebration begins tomorrow at 6:30 p. m. with a dinner for the members of the church and their guests. After the dinner there will be brief addresses by Dr. Everett M. Baker, Executive Vice-President of the American Unitarian Association; the Honorable Paul M. Goddard, Mayor of Newton; Rev. Ray A. Eusden, Minister of the Eliot Congregational Church of Newton; Professor Alfred S. Cole, of Tufts College and a former pastor of the Channing Church, and Rev. Ernest S. Meredith, Minister of the First Parish Church Unitarian in Watertown— from which Channing Church took its beginning. Mr. Frank H. Burt, one of the oldest members of the society and a former Sunday School Superintendent, will deliver the principal address, on the subject, "The Early Years of Channing Church." Rev. Irving R. Murray, the present minister, will conclude the evening's speaking. There will be music by the Channing Quartette, and after the program there will be dancing, with Roy Nelson's orchestra.

The celebration will continue on Saturday afternoon at 2:30 o'clock, with an observance for children, of which Mrs. Rachel Boudreau and Mrs. Elizabeth Marshall have charge. On Sunday morning at 10:45 o'clock the Ninetieth Anniversary Service will be held, with a sermon by the minister. The committee for the celebration includes, besides Mr. Tyler, Mrs. Joseph N. Palmer, Miss Maude B. Henry, Mrs. Richard Marshall, Miss Clara Harrington, Mr. Frank Burt, Mr. Clayton L. Holden and Mrs. Charles L. Pearson.

When Newton was a village the Unitarians of the community attended services at the First Parish Church in Watertown. As their numbers grew they came to desire a church of their own, and so they began to hold services in Union Hall, Newton Corner, with Dr. Conners Francis as their preacher. Finally a meeting was held on Sept. 2, 1851, with Dr. Henry Bigelow (after whom the Newton

### Permit Navy Yard To Use School Shops

School Committee Co-Operates in Training of Machinists

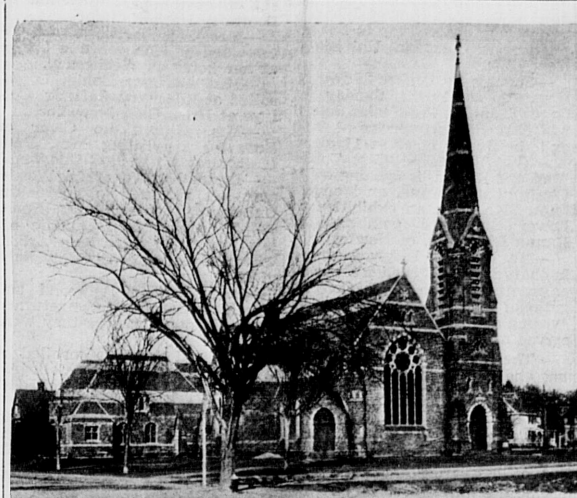

A plan to permit the Boston Navy Yard to use the machine shops of the Newton Trade School was adopted on Monday night by the School Committee. The Navy Yard will begin a national defense course about October first. Action was taken on the plan at the recommendation of Superintendent of Schools Julius E. Warren and Director James E. Forbes of the Trade School in a lengthy report.

The Navy Yard will use the machine shops at the Trade School in the Technical High School building and the Hamilton School at Lower Falls for two 8 hour shifts. There will be 40 men at the high school and 20 at the Hamilton School in each shift, bringing the total under training to 120. The trainees will be selected by the Navy Yard through civil service examinations. All work of a productive nature will be supplied by the Navy Yard and all work will become the property of the government. Breakage of small tools and replacement will be made by the Navy Yard. The latter will also supply qualified inspectors, and will co-operate in other ways in developing the program adequately.

### Resume Parent Education Course

The general theme of the Parent Education Course, sponsored by the Newton School Department and various civic organizations, will be "The Nation's First Line of Defense—The Young Child." Statesmen and psychologists have recognized for a long while that the main defense of a nation lies in the training which its youth receives. It is for this reason that the Executive Committee of the Parent Education Course has chosen "The Young Child" as the

### Newton Opens Grid Season With Woburn

The curtain will go up on the 1941 local high school football season at 3 o'clock on Saturday afternoon at the Dickinson Stadium, Newtonville. Coach Owen McDowell's eleven will entertain Woburn high in the opener and the Newton squad led by Captain Bill Healey, veteran tackle, is champion at the bit ready to go. With a fairly heavy first team the orange and black will have a weight advantage over their rivals although the latter will have the benefit of their last Saturday's game in which they tasted defeat.

Although bumps and minor injuries have held the local squad back somewhat the biggest problem at hand is the development of capable reserves. It is also apparent that Newton's prospects also depend a great deal upon the ability of Charlie French in the backfield. In the Waltham game last year French dislocated a shoulder and early this week he almost became "hors de combat" by hurting the member again. The prospects are that French will be in the starting line-up. Coach McDowell may also make a change in the announced starting line-up at one of the end positions.

The starting line-up will have veteran Dick Lowry holding down the pivot berth in the center of the line. He will be flanked by Frank Brock and Dick Boulter. The latter named has come along fast and for the present has edged Ken McCarthy out of the first call. Veteran tackle Bill Kaloustian and Captain Bill Healey will be in their regular berths and will be flanked on the ends by Larry Tempesta, letterman from a year ago and Morrissey.

French at fullback will call the plays and serve as quarterback while in the line-up although George Salmon will be in the quarterback position. The halfbacks will be Gordon Hobson and Guy Munro.

With this line-up Newton will present one of its heaviest teams in many years and one which packs potential power if cohesion and unity of teamwork are the vogue.

### Consider Change In Water Bills

Seek Sentiment In Change From Quarterly Payments

The question of the issuance of water bills semi-annually instead of quarterly as at present is pending before the claims and rules committee of the Board of Aldermen. A change to the twice-a-year plan was sought by City Treasurer Francis Newhall. Mayor Goddard placed the recommendation before the Board on recommendation of City Comptroller Daniel A. White, who acted on request of the treasurer. The proposal is opposed by Water Commissioner Joseph J. Murray.

The city treasurer told the committee at a hearing on the question that the collection of water bills on the quarterly basis consumes a great deal of time on the part of his office. About 70,000 bills are issued in the course of a year. The bills are prepared by the accounting department and collected by the treasury department. The latter finds that many persons would prefer to pay their bills twice a year or even annually. Frequently consumers who use a minimum amount desire to pay the \$9 charge for a year's service in advance, but the city could not accept payment before bills are rendered. The quarterly system was adopted nine years ago at which time public sentiment was not sought.

At the hearing Commissioner Murray contended that he believed water consumers prefer to pay their bills quarterly. The committee will undertake to learn the sentiment of the public before making its report. Mayor Goddard made no definite recommendation, indicating that he favored a study to ascertain public sentiment.

### Newton Drops To Fourth In August Home Building

Although the amount of building construction in Newton in August remained practically identical with the previous month when Newton led the state, the city dropped to fourth in the building during August. Increased building activity in Wellesley, Worcester and Braintree carried these three localities, in the order named, ahead of Newton. Figures reported by the State Department of Labor and Industries for residential expenditures give Wellesley \$279,900; Worcester \$279,475; Braintree \$278,400, and Newton \$258,800.

The largest number of family accommodations planned were in Braintree, 64; Wellesley, 54; Braintree, 52; and Newton, 46. Waltham had 44, Springfield 39, Needham 37 and Boston 32. The aggregate value of all types of work showed Newton, with \$341,225 in sixth place. In Newton 82 permits were granted for projects for the above value as against 101 permits in July with an aggregate value of \$340,420.

### Aldermen Vote Funds To Clean Main

Relining Project For Mile of Waverley Ave. Water Pipe

Action by the Board of Aldermen in appropriating \$5,100 for cleaning approximately a mile of water main on Waverley ave. was taken on Monday night. The proposal, which becomes an engineering innovation in this city, was advanced a few weeks ago but was postponed by the action of Alderman Carol J. Hoffman in raising a charter objection after a motion to defer action had been lost at the previous meeting of the board.

The project will not only clean the main but the ingenious device used will reline the main with a concrete lining which it is believed will eliminate future cleaning operations. Alderman Charles E. Hughes insisted that the project should be regarded as an "experiment" and that fullest records be kept as to its efficiency before further expenditures are made. He added that the company would give no guarantee or bond for the success of the project.

Alderman Jamieson of the Public Works committee which recommended the expenditure told of the showing of a motion picture of the work of the machine on Sunday which was attended by nine of the Aldermen. The process was developed in Australia and has been used for some years with success in that and other countries.

### Aldermen Authorize Expense Of New Municipal Department Under Council of Five Men

ARP Graduation And Demonstration Of Bombs Sept. 30

Mayor Names Bierer As Head

The Dickinson Stadium of Newton High School will be the scene on Tuesday, September 30, at 7:30 P. M. of an impressive demonstration of the action of incendiary bombs and the various tested methods of defense.

The occasion will be the closing exercises of the Newton Air Raid Preparations School which has been attended by twelve hundred Air Raid Wardens, Volunteer Police and Auxiliary Firemen enrolled by the Newton Committee on Public Safety.

The demonstration will be directed by William V. M. Fawcett, Chief Air Raid Warden for Newton, and John M. Bierer, Chairman of the newly created Municipal Defense Council, and will be attended by members of the City and State Governments and officials of the Massachusetts State Committee on Public Safety.

Ample facilities will be provided for the adult public at a nominal charge.

The establishment of a new city department of Municipal Defense and an appropriation of \$13,883.44 for the budget for such purposes were authorized by the Board of Aldermen on Monday night. The establishment of the new department, under a council of five men, was recommended by Mayor Goddard as the only legal manner in which the city could make expenditures for such purposes. An ordinance creating the new department was adopted and the confirmation of the five members of the council, whose names were submitted by the mayor, were immediately confirmed. As the council members will draw no salary the appointments did not have to await the usual two weeks confirmation period.

Mayor Goddard named five active members of the Newton Committee on Public Safety to the Council and designated John M. Bierer as chairman. Mr. Bierer is chairman of the Newton Defense division of the Public Safety Committee. Other members of the new council are Charles C. Dasey, William V. M. Fawcett, State Representative Douglass B. Francis and Frank L. Richardson. Mr. Dasey is publicity chairman. Mr. Fawcett is chief air warden. Francis is in charge of the auxiliary police and Richardson is a member of the medical division.

The largest item in the proposed budget is that of \$7800 for the equipment of the Auxiliary Fire Department. Next in size is the sum of \$2576.75 for the ARP office report center. The amount requested for the medical division is \$1604.19. The other items in the budget are: Publicity, \$755; Auxiliary Police Department equipment, \$627.50; air warden's equipment, 300; gas decontamination squad's equipment, \$200; Women's Division, \$100.

Chairman Carl F. Schipper of the Finance Committee, reporting on the proposed defense budget, stated that the original budget of the committee which was discussed (Continued on page 8)

## NOW -- the NEW G. E. AUTOMATIC BLANKET

The only blanket that provides uniform warmth by automatic control — throughout the whole bed — all night long. It is the only blanket that provides freedom from the discomforts of changing bedroom temperatures and the futile guesswork of piling on many old style blankets.

On retiring you merely press the switch and enjoy 8 NEW SLEEP COMFORTS:

1. Slip into bed already warm as toast — fall asleep faster.
2. Relax in a bed that's warm all over — no cold spots.
3. Uniform warmth all night long — no reaching for extra covers.
4. More comfort, less argument when two sleep together.
5. Wake up refreshed — less body energy wasted keeping warm.
6. The best aid to beauty is a perfect night's sleep.
7. No damp, cold sheets in rainy weather — ideal for summer homes.
8. No piling on heavy covers.

### Spending for Defense

The city has taken the only possible legal steps to handle its defense expenditures by the creation of a new department with the designation of Municipal Defense. The department's affairs will be handled by a council of five, named by the Mayor and confirmed by the Board of Aldermen. Members of this council, one of whom has been designated as chairman, will serve without salary. All are members of the Newton Public Safety Committee and have been active in the promotion of preparedness in Newton in the event of any danger, disaster, emergency or enemy attack.

In these days of uncertainty the matter of expenditure of public funds for something that is greatly problematical is a matter of grave concern to the taxpayers. There is the definite practical side of the situation

which indicates that unless some steps are taken we may find that it is impossible to obtain the most vital and essential accessories to enable us to withstand the dire effects of an emergency that might arise. On the other hand it is all too easy to go too far in the other direction and make expenditures which in the end would be useless and wasteful. It is pleasing to note some of the items eliminated from the original budget submitted by the defense council due to the possibility that some of the equipment may be furnished or supplied through government channels. We believe that the council appointed by the Mayor has the confidence of the people. To this we add the belief that the Aldermen are also mindful of the caution that must be exercised in the expenditure of public funds.

### Is Water 5 Cents a Glass?

We were astounded this week to receive in our mail bag a letter from a Westerner who was passing through the Garden City recently. Stopping at a local drugstore he was astounded to witness an incident which reflects no goodwill. An elderly man entered the store and requested a glass of water. He was told that he would first have to make a purchase of five cents before his request would be granted. We do not blame the visiting tourist for his indignation nor his desire to shout to the whole world the apparent lack of courtesy shown the thirsty individual. However it is an old maxim that there are

two sides to every story. We have known persons to abuse the privileges or courtesy extended by others in many ways to the point where they have become a nuisance. It seems almost incomprehensible that there was not a good and sufficient reason behind the refusal of the glass of water.

Should there be no adequate reason immediate steps should be taken to prevent a recurrence of such an incident. The fair name of Newton can be damaged beyond repair through the expressed intentions of the visiting newspaper man to relay the incident along his way.

### Giving Our Youth Their Chance

Through the years there has been frequent criticism expressed against the infrequency of the election of Newton young men and women to the faculty of our Newton schools. The administration of a school system of the size of that in Newton is not an easy task, nor is it always easy to fill a vacancy with the person of experience and

training that is always desired. It is a pleasure to note that in the election of six teachers this week three of them are graduates of our own public schools with further training in preparation for the vocations of their choice. We have always believed and maintained that our school authorities are more than willing to give Newton youth a "chance to make good" in their own home city.

### More Candidates For City Offices

Local politics became more active this week with the circulation of nomination papers in behalf of several candidates for the school committee. Three members of the committee will retire at the expiration of their present terms. Candidates to succeed them have entered the political arena. Among these are Mrs. B. Alden Thresher of Waban, Fitzhugh Traylor of Auburndale and Thomas A. West of Newton. Further details of the school committee situation are told in the political polyscope in another column.

The aldermanic situation was enlivened this week with the announcement by Wendell R. Bauckman of Dedham st., Oak Hill that he would be a candidate for Alderman-at-Large from Ward 5. He will oppose Aldermen John Temperley and Howard Whitmore, candidates for re-election, with two to be elected. Mr. Bauckman is 36 years old and has resided in this city for 26 years, twelve of which were in Waban, four in Newton Centre and the past ten in Oak Hill. He graduated from Newton High School in 1923, Norwich University in 1927 and attended Boston University School of Business Administration for two years. He is a member of Theta Chi Fraternity, the Oak Hill Improvement Association which he served as a director for three years, is chairman of the Cub Pack Committee of Pack 27 of the Boy Scouts, and a worker on the Community Chest drives. He is associated in the tanning business in Boston. With his wife and two sons, aged 12 and 9, he resides at 336 Dedham st.

### Newton Nash Salesman Wins Honor Rating

William McLain of Cabot st., Newton Highlands, salesman for V. A. Crossley, Watertown Nash dealers, was honored for his outstanding sales record during 1941 by being named to membership in the Nash Honor Club, a national organization of top-ranking salesmen, and obtained the outstanding honor as leader in the club.

Mr. McLain was honored at a

national meeting of Nash dealers and distributors in Chicago September 12, where he previewed the new Nash cars for 1942. He predicted that the new version of the Nash "600," which was completely sold out only a few months after its recent entry into the lowest-price automobile field, will be even more popular than its predecessor. He said that the car built on new construction principles, would travel 25 to 30 miles on a gallon of gasoline. Mr. McLain drove a Nash "600" from the factory at Kenosha, Wisconsin to Boston a distance of 1248 miles and averaged 28.9 miles to a gallon.

### Day Jr. High

Last Friday the first assembly of the school year opened with Paul Woodward's march, "On Parade," played by the orchestra directed by Mr. Vincent. Curtis Mosher, the student chairman, introduced Mr. Burkhard, who extended a cordial welcome to the Seventh Grade. Mayor Goddard was then presented. "We cannot go through life dodging responsibility for our governments—local, state, national—offer us equal and manifold opportunities; yet, we, in turn, must accept our duties as citizens," the Mayor stated in an impressive talk.

Street Commissioner, Mr. Haughey, who uniquely might be termed "the city's chief housekeeper," keeps highways safe, clean, and in good comfortable order. This community's fine safety record is due, in part, to both the Police and Fire Departments, good street lighting, traffic lights and the excellent highway markings.

The third speaker was Dr. Morris, Newton's new Health Commissioner, who made clear some of the ways in which the health standard is maintained—including the testing of the milk supply, the examining of restaurants, the untiring efforts of the school nurses in avoiding disease.

With beautiful fall weather helping, tennis has been the most successful event. There are 20 boys in the Ladder Tournament (Robert Scanlon, Bill Crafts, Warren Oliver, Woody Crowther, all members of last year's team, are the first four). There are 11 girls in the Ladder Tournament with Joyce Hunsfeld, Norma Tanenbaum, Norma Simmons and Suzanne Stetson leading. 15 girls attended the first tennis class under Mr. Cowles' direction.

### Warren Jr. High

At the first Junior I Assembly on Friday, Sept. 19, Mr. Scarborough presided, welcoming the new Warrenites and outlining procedures which would facilitate orientation for these new students.

Medical examinations of new students under the direction of the school physicians, Dr. L. E. Eastman and Dr. R. W. Rutherford, assisted by the Health Department nurse, Miss Myra Dority, have begun.

Miss Gladys A. Walley, a senior at the Worcester State Teachers' College, is to be a student observer and practice teacher at Warren until January, 1942, as part of her senior class work at college. Miss Walley is a former Warren student and a resident of West Newton.

Warren faculty members and students are proud of the distinction of having three former Warren boys on Harvard's football squads this fall. Brooks Heath, Stephen Mallett and Don Forte were early sports enthusiasts at Warren.

The first general teachers' meeting of the year will be held at the F. A. Day Junior High School auditorium at four o'clock on October 7. Dr. Karl Bigelow, Director of the Teacher Education Committee, will be the speaker.

### Greatest Improvement In Blankets in 5000 Years

The new General Electric Automatic Blanket is the first improvement in the fundamental principle of blanket making in more than 5000 years.

Up to now, we have slept under covers resembling in principle the woven blankets of ancient savages—blankets which cannot produce heat. The only service that even the finest woven blanket can render is to retain the escape of heat that the body works hard to produce.

However, this amazing Automatic Blanket by General Electric actually produces heat—a mild, constant warmth like drowsy southern sunshine.

The important fact to your comfort and well-being is that the Automatic Blanket not only produces warmth but, further, does it automatically. A few minutes before retiring you press the switch to turn on the blanket. The bed is warm and comfortable.

During the night, as the bed-room grows colder, the automatic thermostat calls for heat and the blanket begins to give warmth. The colder the room grows, the more warmth the blanket will give. If the room itself becomes warmer the heat from the blanket is automatically reduced.

All night long you sleep relaxed, undisturbed by changing room temperatures. Thus, the control box or thermostat of the blanket operates in the fashion in regulating the temperature of your bed as the thermostat of your furnace operates in regulating the temperature of your house.

### Letters To The Editor

#### THE WEBSTER PLAYGROUND

Sept. 23, 1941.

To the Editor: In writing the letter "Praise Where Due" published in your last issue of the 18th of September in regard to the Webster Playground, I seem to have made a mistake in giving the praise for the work that is being done upon the Webster Playground located upon Warren st., Newton Center. Instead of the Street Department having the praise it should be given to the Playground Department under the jurisdiction of Mr. F. E. Wilson as head. To make the matter clearer it seems that both departments work together in such major work in that the machinery of the street department was used by the playground department but is paid for by transferring funds to the street accounts.

I have had several comments by individuals upon this improvement of clearing up this 8-year-old dump. The leveling is propitious for the future use of this field by the neighborhood when time and money permit. Since the closing of this area to the promiscuous dumping of others than the city I do not hear any more complaining about rats infesting the neighborhood. The ragweed pest has been a continual commentary. The clearing up of this pest should also be given praise. There remains the skeletons of the discarded automobiles along the B. & A. R. tracks. High land Branch is almost equal to riding through a parkway with all the beautiful estates and parks along the line with the exception of this neglected area.

The region about Webster Playground is destined to be a home region and this spot will become a very useful adjunct to city life in Newton.

HERBERT J. KELLAWAY.

#### GRATITUDE FOR RESPONSE

Newton Graphic, To the Editor: Again this fall the Thrift Center of Newton thanks publicly its many friends for their kind assistance which has made possible the successful operation of this enterprise.

Our indebtedness to the Newton papers is great. Through their cooperation in printing appeals for various articles during the year, we have been enabled to secure not only many pieces of clothing, but also certain household furnishings we required to supply some need. Without this aid from them, such requisitions might have remained unfilled or might have been secured only after prolonged search. Rarely have we failed to meet our objective, and we are proud of the civic spirit of our papers and of the people of Newton.

The citizens of Newton have at all times responded generously and promptly to extend help to their needy neighbors. The children contributed splendidly in a drive through the schools last fall. Laundries throughout the city

cleanse garments and women from church organizations put them in repair so they are ready for release, all this effort being volunteer work. Indeed we have cause to be thankful.

This year our requirements increase since ours is the task of building up stocks of clothing in line with other defense projects in the city. It is particularly difficult to secure clothing which children give heavy usage, and our stock is never for more than current needs, and sometimes not that. Likewise with the increasing scarcity of many materials which will be unavailable to non-essential industries soon, we are faced with a certain increase in unemployment over the present rate, and possibly a dearth of some things we shall need. This calls for adequate preparation to meet the situation.

Things in mind, we know we can count upon the continued support which we have received so ungrudgingly.

Sincerely yours, Mrs. Edgar P. Hay, Vice President.

#### WATER 5 CENTS A GLASS

Newton, Mass., Sept. 23, 1941.

To the Editor, Newton Graphic, Newton, Mass.

Dear Sir: As a newspaperman passing through your very beautiful city I feel that you might appreciate the reactions of a Westerner. I am a staff writer on the Cœur d'Alene, Idaho (Tribune). Newton is the only city, in over 4500 miles I have travelled on my vacation, in which a glass of water costs 5 cents. In the Drug Store on st., this afternoon an elderly gentleman requested a glass of water. He was informed by the clerk that he would have to make a purchase of 5 cents before he could obtain a glass of water.

Is the City of Newton, that ranks second to Brookline as a real city, in such dire financial straits that its commercial establishments are unable to give a poor old man a glass of water? I am just passing through your city. But I am wiring my managing editor this incident and also passing the story on to New Hampshire, Vermont and Maine editors. I know.

To be sure the "Blue Bloods" of the Back Bay live in Newton but you have too nice a city to have casual visitors carry away any ill feeling.

Sincerely Yours, VAN NESS E. HARWOOD, Cœur d'Alene (Trib.)

#### READER LIKES US

To the Editor, Newton Graphic, Newton, Mass.

Dear Sir: I wish to thank you for sending me a copy of the last Graphic in which was the account of our son's wedding.

We were in Newton Sunday and saw the account and thought it was the nicest write up of any. We tried to get extra copies at several drug stores but "Sold Out" was the report. However, I went to your office on Monday and obtained several copies. On my arrival home I found the copy in the mail.

Gratefully yours, MILDRED K. DOTEN, (Mrs. Nathaniel M. Doten.)

#### MISTAKEN SENTIMENT

Dear Editor:

Having been a student of democracy in local community life for many years, I have noticed that infractions of the principles of true democracy are apt to be committed by people with a consciousness of the best intentions. It seems to me that such an example is furnished us by the refusal of the committee in charge of the series of poetry readings, starting tonight at the Newtonville Library, to change to a hall where all who wished to attend this rare opportunity of listening to several of our distinguished New England poets could be accommodated.

Next to our public school system, our Free Library system is the most democratic of all our city institutions. The Newtonville Library building was erected by the city. It belongs, therefore, to the people of the entire city. While the present series of poetry readings is presented, not by the library management itself, it is for the benefit of the Newtonville Library. It is also a cultural opportunity. Its benefits should not have been limited to the fortunate hundred and forty people which the small community room of the library seats.

Very truly yours, ROBERT V. SPENCER, Newtonville, Sept. 24, 1941.

### Kiwanis Club

Officer David Dalton of the Newton Police Department gave an exhibition of police marksmanship with revolvers and submachine guns at the Newton Kiwanis Club meeting last Tuesday. Officer Dalton is a national expert on police marksmanship and is the holder of many medals which he has won in local, state, and national competition. For over a half-hour Officer Dalton exhibited many kinds of firearms in use in various police departments, described the training necessary to attain good marksmanship, and then gave a fifteen-minute exhibition of actual marksmanship, without missing the target once.

Archie Bellinger, Chairman of the Entertainment Committee of the local club, announced that arrangements have been completed to take many of the children from the Peabody Home to the Shrine Circus in Boston on Thursday, October 2nd. Transportation will be furnished by members of the local club. This is a part of a vast program of underprivileged child's assistance which the local club participates in.

President Raymond Green announced for the directors of the club that the meeting on Tuesday, Oct. 14th, would be an evening meeting with the ladies invited. There will be a dinner, entertainment, and penny sale, followed by an informal dance. Arrangements for this meeting are being made by Archie Bellinger, George Van Buskirk, William Guild, James Riggs, Walter Hood, Frank Battles, William White, Wilfred Chagnon, C. J. Hutchings, C. H. Hurtubis and H. M. Morgan.

Mr. Hayden Morgan, who has been in charge of music for the schools in Newton, and who is Chairman of the Music Committee for the local club, has resigned membership, as he has accepted a position in Michigan.

#### SALE OF GEMINI HOUSE IN NEWTON CENTRE

Alvord Bros., Realtors of Newton Centre, report the sale of an interesting residential property located at 1013 Beacon st., Newton Centre. The house was originally built by two brothers of the Stevens family, for their own homes. The building, of frame construction, is similar to a duplex type, but with a common rear entrance hall; each apartment has seven rooms, and there are three baths. The beautifully shaded lot of land contains 11,163 square feet, and there is a detached two-car garage. Bernard W. Stille, of Westwood, Mass., bought the house for \$10,400.

#### BRAND NEW HOME IN NEWTON HILLS, SOLD

Alvord Bros., Realtors, report the sale of a new home in one of the pleasant situations in Newton Highlands, at 41 Cochituate rd., which runs off Plymouth rd. Cochituate rd. has recently been extended, making possible four or five attractive building lots for the small, modern home. Among the most attractive of the group is a fascinating Cape Cod Colonial house, situated on a well-landscaped lot, sloping among old shade trees. The house consists of six rooms, a bath and lavatory, and a one-car attached garage, all heated by air-conditioned heat. One of the features of the property is an exceptionally efficient and artistic kitchen with unusual design, breakfast nook. This property has recently been completed by William R. Stevenson, of Newton, Mass., and has been purchased by Norman S. Rose of Boston, Mass. The owner has occupied with his family as his home.

Alvord Bros. represented both parties in the transaction.

There is an average of 300 single tickets for Boston sold daily at the Newton depot.

Messrs. A. A. Glines of this city and W. W. Stall of Boston, have undertaken an important project, that of issuing photographs of all the bicycle celebrities. Mr. Glines is the photographer and Mr. Stall publisher, and they had about sixty different ones on sale at the Lynn races this week.

Editorial: The street railway question promises to be more exciting than politics for the next few weeks. The list of remonstrants is growing daily, and now it is said that all the cyclists of the city will hand in their protest next Monday, as the new railway would render the roads unsafe for wheelmen. Some of the remonstrants are poking fun at the street railway men for their uncommon anxiety to get people into the Newton Cemetery, on the ground that that is a curious way to build up a city.

The oldest son of Mr. Willard S. Higgins, a lad of fourteen years, narrowly escaped being run over by the 4:30 express train Monday afternoon. The ever-vigilant and thoughtful gate-tender at Newtonville, Mr. Douglas, by a quick action saved the youth from an untimely end. The efficiency and fidelity with which this veteran employee stands at his post is a matter of great thankfulness— to the mothers and fathers whose little ones constantly cross the track on their way to and from school.

A cornstalk 11 feet 3 inches high, from the garden of S. F. Emery, has been on exhibition at W. P. Holden's store, Newton Lower Falls.

Among the possibilities of the near future is a new (Waban) street, 100 feet wide, from Beacon to Washington, on the north side of the road. Editor's note—this street was never built due to the development of the land as a part of the Brae Burn golf course some years later.)

The new foot-bridge (Newton Lower Falls) is a great convenience to the mill employees, enabling many of them to devote more time to the noonday meal, because of the less distance to walk. It is some two feet higher than the old one, and beyond the reach of the spring floods.

If the city would employ an architect when any addition or improvements are to be made upon the public buildings, there might be no such henhouse appearance as the windows make, that have been placed in the upper story of the Hyde School House, Newton Highlands.

Editor's note—the report of the meeting of the School board is of interest in comparison with today's facts. In Sept. 1891 the board voted—teacher of sewing at a yearly compensation of \$240; the salary of Miss Sarah L. Dix was fixed at \$480 per annum. Edward F. Stearns, appointed principal of the Prospect evening school of mechanical drawing at Upper Falls with a compensation of \$3 per evening; his assistant was paid \$2 per evening. At the Jackson evening school at Nonantum a principal, a teacher of mechanical drawing and five assistants were appointed at \$3, \$2, and \$1.50 respectively, per evening.

The report of the committee estimated the school appropriation for 1892 as \$133,000—an increase of \$11,000 over the previous year. The superintendent submitted his annual report showing a total enrollment of 4,487, an increase of about 200 over the previous year. There were 63 graduates from the high school during the school year, twenty-five in general course, nineteen in classical course, three in institute and thirteen mechanical. The number of teachers, male and female, was 115 and the school houses numbered 23. Average age of high school graduates was 18 years and 9 months; average age of students entering high school 14 years and 7 months.

where his family now resides. His resignation resulted in the subsequent election of Stanbrough Fernald.

In seeking to clear up some of the curiosity attendant to the filling of the vacancies to be caused by the retirement of the three school committee members, the latest polyscope reveals that nomination papers are being circulated in behalf of individuals in each of the three wards. With two weeks before the expiration of the time for filing nomination papers expires, it is possible that other candidates may enter the field. If so the polyscope will discover them as it sweeps the political horizon.

Much of the time during the past fifty years there has been a woman member of the Newton school committee and for at least twenty consecutive years without interruption. The retirement of Mrs. Woods does not mean a discontinuation of this trend with the announcement that Mrs. B. Alden Thresher of 188 Collins rd., Waban, has taken out nomination papers as a candidate to succeed the present member from Ward 5.

Mrs. Thresher is a graduate of Vassar College with the class of 1921. She is the mother of four children, three of whom are now in the Newton schools. The Threshers' family have lived in Newton for about 17 years during which time Mrs. Thresher has been prominent in many women's activities. She is a past president of the Waban Woman's Club and the Newton League of Women Voters. She has also served as president of the Boston Vassar Alumnae Branch and the Metropolitan Student Y. W. C. A. She has also been active in the American Association of University Women. During the war Mrs. Thresher organized the Volunteer Service Committee under the Newton Community Council. She has also served on numerous other committees in Newton, such as the Community Forum, the Parent Education Course, and is now on the Women's Division of the Newton Defense Committee.

In Ward 4 the polyscope gleams the information that Fitzhugh Traylor of Woodland rd. will be a candidate to succeed Chairman Knowlton. Mr. Traylor has been a resident of Newton for many years. After several years' experience as a teacher he entered the insurance business, formed his own agency in Boston, and has served as president of one of the national insurance associations. He has been active in the Community Chest and other civic affairs.

### New 1942 Nash On Display Here

Harvesting the fruit of a long-term planning program, which provided Nash with new production lines, machines and dies before the national defense emergency set in, Nash Motors Division of Nash-Kelvinator Corporation has presented fifteen new 1942 models. They are in three series of five models each and include the low-priced Nash Ambassador "600," the medium-priced Nash Ambassador Six and the Nash Ambassador Eight.

"Four years ago," W. A. Blees, general sales manager, said, "Nash began preparing to build a new and advanced automobile to enter the car in the Ford, Chevrolet and Plymouth mass market. Millions were invested in new machines, new and advanced mass production lines, and new tools. This most complete modernization of an automobile plant in years was virtually completed before the national defense emergency set in, and so Nash was in a position to go ahead with its completely new cars."

The cars are now on display at the local Nash showrooms of August Osterlund, Inc., 724 Beacon st., Newton Centre and Newton Corner Nash Co., 321 Washington st., Newton.

Feature of the 3 series of cars Nash will build in 1942 will be the low-priced, high-economy Nash "600," which Nash engineers claim is the newest automobile in the world in that it involves construction principles entirely new to the mass production automobile world. The new construction principles were thoroughly approved and acclaimed by thousands of drivers last year, but the car appears for 1942 with many improvements.

All the fifteen Nash models are big cars, with full three-seater seats which are just short of five feet wide. Even the low-priced "600" is 196½ inches in over-all length, or about 16½ feet from bumper to bumper.

"600" To Be Featured

Nash will stress the "600" this year, just as it did last year. Among the outstanding features of this newest low-priced car are: unusual economy (25 to 30 miles on a gallon of gas).

New type body construction, coil springs on all four wheels, two-way roller steering, and sound-proofing.

Simplified, "Flying Scot" Engine. This engine was developed for the Nash "600," and is in perfect balance with the car. It is 75 horsepower, simplified to point where it has fewer parts than conventional motors. This new design delivers better performance and uses less gas and oil.

Operating refinements in the motor and a newly designed flywheel, have sharply improved the "pick-up" performance of the car.

Concealed running boards. There are running boards for safe entrance and exit from the car, but they are hidden under the doors, where they stay clean and dry and do not mar the slipstream exterior lines of the car.

Conditioned air for winter driving. Nash's famous "Weather Eye" system has been improved again. You can make your own weather with this unique system and drive in your shirtsleeves in clean, filtered air even in zero weather.

Airline-type instrument panel. Large dials with bold, indirectly illuminated figures which can be read at a glance are set in round steel panels which give the entire interior a new sparkle.

Cruising gear. This is an optional automatic fourth speed forward, for utilizing the full power of the engine in passing other cars, and in highway driving emergencies when a surge of power is needed.

Ambassador Sixes and Eights. Nash will place two big roomy cars in the medium-price field this year. One is a six and the other is an eight-cylinder car. Both are built on the same wheelbase, and both are powered by a modernized valve-in-head motor which has a new compression chamber through which more of the power in gasoline can be utilized.

You Can Tell a Nash

In exterior design, Nash cars are much different from other cars. They have a much wider and lower sweep, and the trim is placed at a low level in keeping with the sturdy balance of the car. Part of the front design is a new name plate which leaves no doubt in the public mind that the car is a product of Nash Motors.

### ALL NEWTON MUSIC SCHOOL

Advance registration at the All Newton Music School has been in progress since the beginning of September and present indications are that the enrollment for the season 1941-1942 will excel that of last term when the music school opens its doors on next Monday, Sept. 29th.

In addition to the large number of beginners who have registered so far, the records show that most of the former pupils are returning to continue their music education. All this is very gratifying, as well as the many inquiries from new residents who have come to Newton in recent months, have heard about the work of the music school and have become interested in the special opportunity offered in this field.

The steadily increasing number of adults who are turning to the school for music opportunity is especially interesting and emphasizes the desire and need for cultural outlet on the adult level.

Of the many advantages offered during each season are extra-curricular activities such as two-piano playing, ensemble and orchestral playing, sight-reading classes, normal instruction, informal recitals, Student Concerts and Faculty Concerts. These are all part of the music school curriculum.

Through gifts from friends, violins are available for use of students. These are loaned to pupils of the school free of charge, with the understanding that they be returned in good condition when no longer needed.

## Zonta Club

The Newton Zonta Club opened the season Monday evening, September 22nd, at the home of president, Della Stanley of 166 Mofat rd., Waban.

The business meeting aroused a definite determination among the members that all activities should be carried on in the service of those beyond our own vicinity and shores.

In a short "Pep Talk" the president stressed the necessity of being alert and keen to create opportunities to serve as Newton Zontians have never done previously.

"Service must be a major issue, taken seriously and blazoned in the foreground of the ensuing season's program."

Mr. and Mrs. Warren E. Lincoln of Waban, entertained the dance committee of the Waban Neighborhood Club at their home on Neholoid rd., Friday evening.

Mr. and Mrs. Lincoln are chairmen of the committee and are assisted by the following: Mr. and Mrs. Carl V. Y. Bradford, Mr. and Mrs. Newton C. Burnett, Mr. and Mrs. William M. Dunkle, Col. and Mrs. Henry A. Hale, Mr. and Mrs. Charles W. Lyons, Mr. and Mrs. John Parkinson, Mr. and Mrs. Gordon Peterson, Mr. and Mrs. Kenneth B. Park, and Mr. and Mrs. Irving H. Worth.

Plans were made for the first dance which will be held at the clubhouse on Saturday evening, November 1. It will be a Victory Dance, decorations to be in keeping. One of the finest orchestras has been engaged, and reservations are already being made. Tentative plans were made for the other dances that are to be held throughout the year.

### LASSELL JUNIOR COLLEGE

## COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss. Superior Court

(L.S.) In Equity No. 12356

To Dora R. Arcese and Anthony E. Arcese, both of Newton in the County of Middlesex, defendants, and to all whom it may concern: Edna M. Sturtevant and Mary E. Armstrong, as they are administratrices of the estate of David B. Armstrong, late of Somerville in said County, plaintiffs, have filed with said court a bill in equity for authority to exercise the power of sale contained in mortgages of real estate situated at 56 Central Avenue, in said Newton; at 56 Central Avenue and Turner Terrace in said Newton; and at 115-117 Pleasant Street, Cambridge in said County, given by said Dora R. Arcese on premises at 56 Central Avenue in said Newton, dated July 7, 1936, and recorded in Middlesex South District Registry of Deeds, Book 6042, Page 117; on premises at 56 Central Avenue and Turner Terrace in said Newton, dated December 31, 1936, and recorded in Middlesex South District Registry of Deeds, Book 6008, Page 378; and on premises at 115-117 Pleasant Street, said Cambridge, dated February 15, 1937, and recorded in Middlesex South District Registry of Deeds, Book 6098, Page 174.

If you are entitled to the benefits of said Soldiers' and Sailors' Civil Relief Act of 1940 and you object to the foreclosure of said mortgages, you or your attorney should file a written appearance and answer in the office of the clerk of said court at Cambridge on or before the twentieth day of October 1941, or you may be forever barred from claiming that a foreclosure sale made under such authority is invalid under said act.

Witness, John P. Higgins, Esquire, Chief Justice of said Court this twenty-second day of September, 1941.

### MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by Arthur T. Connelly and Edna G. Connelly as joint tenants and not as tenants in common to Newton Trust Company, dated July 7, 1936, and recorded in Middlesex South District Registry of Deeds, Book 6041, Page 214, of which mortgage the undersigned is the present holder, and of the conditions of said mortgage, and for the purpose of foreclosing the same I will sell at public auction on the first day of October, A. D. 1941, on the premises in Newton, Middlesex County, Massachusetts, all and singular the premises described in said mortgage, to wit:

A certain parcel of land with all the buildings and structures now or hereafter standing or placed thereon, situated in Newton, in the County of Middlesex and Commonwealth of Massachusetts, bounded and described as follows: SOUTHWESTERLY by Boston Road as shown on a plan hereinafter mentioned seventy (70) feet; NORTHEASTERLY by Lot No. 11 as shown on said plan sixty-five (65) feet; WESTERLY by Lot No. 12 as shown on said plan twenty-two (22) feet; and SOUTHWESTERLY by the line of the Southwesterly side of the said real estate was not set forth in said mortgage, and the same being a part of the Southwesterly side of the said real estate conveyed to John D. Diggin through mesne conveyances, subject to said mortgage, and all such subsequent owners believed that said mortgage was a mortgage of all the said real estate at 17-19 Crosby Road, including said five (5) foot strip of land. Said mortgage was foreclosed on July 5, 1940 by said Bank, and was purchased by said Bank at the foreclosure sale. Said Diggin died on January 1, 1941, leaving five (5) children, next-of-kin who have refused to convey said five (5) foot strip of land to said Bank, as a result of the foregoing the Newton Savings Bank has brought a Bill in Equity asking the Court to order the said mortgage so that the mortgaged premises shall include the aforesaid five (5) foot strip of land, to decree that said mortgage is a valid mortgage of said five (5) foot strip of land, as well as the real estate described in it, and to give to said Bank such other and further relief as may seem just to the Court.

basis for its course this year for the fifth season.

The meetings will be held at the Senior High School, as in previous years, beginning at 7:45 and closing sharply at 9:15.

The first meeting will be held on September 29th. The topic—"Building Desirable Parent-Child Relations," will be the speaker of the evening will be Dr. William Blatz of the University of Toronto. He will be introduced by Mr. Julius E. Warren, Superintendent of Schools in Newton.

Dr. Blatz has gained international recognition through his book "The Five Sisters." This is one of the most interesting and readable books on the general subject of education of pre-school children. Many parents have read this book which records what Dr. Blatz has done in training the Dionne Quintuplets before they actually started formal school work.

Dr. Blatz was appointed by Dr. William Daffoe to advise and counsel with him when the quintuplets were ten months old.

Many Newton parents are looking ahead to hearing Dr. Blatz's presentation of his work with the Dionne quintuplets and to know his general conclusions in the building of desirable parent-child relations.

## Newton Woman Attacked by Dogs

While seeking to protect her dog from two larger animals last Thursday afternoon Miss Eleanor Dwyer of 237 Tremont st., Newton, was knocked down, bitten and clawed. She was walking with her dog when the two other dogs attacked. Trying to hold her pet out of reach the others leaped and lunged at her. She was treated by a physician for bites on the shoulder and scratches on her arms. Her clothing was badly torn.

## JAMES R. BROWN

James R. Brown, son of Mr. and Mrs. George H. Brown of 215 Mill st., Newtonville, died on Monday, Sept. 22, at the Boston City Hospital. He was 30 years of age and was born in Roxbury, coming to Newton when a young boy where he had since resided. He was captain of the Hockey Team at Newton High School in 1927 and 1928 and also was a member of the track team. In 1929-30 he attended Worcester Academy where in 1930 he was captain of the Hockey team and also participated in tennis and track events. He was a member of the class of 1934 at Brown University and recently was in the stationary business with his father in Boston.

Funeral services were held on Wednesday morning from his home. A high mass of requiem was celebrated in the Church of Our Lady at 10 o'clock by Rev. Russell T. Haley. Burial was in Holyhood Cemetery.

He is survived by his parents, a sister, Miss Kathryn Brown and a brother, Paul Brown, both of Newton.

## LIDA MOORE LOWSTUTTER

## Rotary Club

This week the club was honored by the visit of Herb Halliday, new District Governor. Harry Starr, last year's Governor, was also present.

Herb stressed the personal angle of Rotary which he considers one of the great motivating factors and told about many of the fine men which whom he has come in contact over the past seventeen years, men not only from the United States, but from many foreign countries. He brought out how many of the men in our district realize and recognize their definite responsibilities and coming in contact with them is bound to make one a better Rotarian. Our fellowship with the other men in the community would not be near so close personally if it were not for Rotary.

Secondly Herb brought out the fact that Rotary is a definite movement and not a static institution. The tremendous growth of Rotary is brought home to us when we realize that it was an organization of only one club for three and a half years and has spread until at one time it embraced fifty-three nations. Of course these are difficult times when Rotary is dormant in all of the occupied countries of Europe; but these hard times are making Rotary even stronger for the day it will come back in these persecuted countries. Right always prevails in the end and Rotary is a rightous movement. Rotary has spread its concept of community service and is making the world a more pleasant place to live as it is ever moving upward in its progress. Rotary's greatest opportunity is in service to the younger people and in building up American citizenship. These are challenging days and Herb feels that more than any other organization at present calls for our attention and support as it is that organization which will protect the youth of this country who are gathered together at camps of thirty and forty thousand men.

Quincy High tossed a bundle of fireworks into the basket with 7 to 0 upset of a Brockton high team that was figured to go places this season. Newton takes on Quincy next week Saturday at Newtonville and will find itself up against another Granite effort. Brockline High tucked in another surprise for Saturday's results by topping Lawrence High 6 to 0. Waltham, with one of its heaviest aggregations in years, but one with little experience, battled Providence Central to a 0 to 0 tie by staging a near goal line defense stand to avert defeat. Leominster, one of the two new Newton opponents this year, succumbed to an Arlington passing attack in a 6 to 0 affair. Fitchburg, against Rindge Tech, and Cambridge Latin, against LaSalle High of Providence, were shut out by their respective opponents, 19 to 0, and 20 to 0.

From the very start of the season it is evident that Lynn Classical and Everett will be the top-flight teams with Quincy, Waltham, Leominster and Brookline stubborn foes. Where Newton will fit in this circle remains to be seen.

## Defense Funds

cussed last week in an executive session had been reduced. Eliminated from it were approximately nine thousand dollars of expense of air raid warden equipment. Due to the needs of the U. S. Army it is impossible to obtain steel helmets while it is probable that other equipment of belts, whistles and accessories may be furnished through government channels. Also eliminated from the budget was \$1500 for additional hose for use by the auxiliary fire department.

## Teachers

(Continued from Page 1)

at Indiana, Pa. Mr. Remley will take up his duties on October first.

Sarah E. Clark, daughter of Dr. and Mrs. Frank R. Clark of Newtonville, was elected a building assistant at the Newton High School. She is a graduate of the Newton High School and of Wellesley College in June of this year.

Gertrude R. Spiers was elected building assistant at the Hyde, Stoughton and Hopedale High Schools. She is a graduate of the Newton High School and the Framingham State Teachers College this year. Barbara Stinson, also a Newton High graduate and a graduate this year from Framingham, was elected to teach kindergarten in the new Peabody Home for Crippled Children.

Howard W. Hawley of Nahant was elected to teach drafting at the Watertown Arsenal, succeeding James J. Steeves who resigned as of Sept. 30th. Herbert R. Davidson was elected a teacher of industrial arts. He is a graduate of Fitchburg State Teachers College.

were taken by New York City policemen, each of whom scored 284. The match was open to police from any part of the North Atlantic states. There were 276 entries in the match and a .38 calibre pistol was used.

Dalton took second place in the big match Sunday, which was open to military, police and civilian contestants. Sergeant Welton of the New York City police was in first place with a score of 288, while Dalton's score was 286, including a "100 possible" in the time fire stage. Walter Walsh of the Federal Bureau of Investigation was third with a score of 285 and the next six men were New York City policemen.

In the grand aggregate, Dalton was tied with Sergeant Weldon for second place with a score of 646, while Walter Walsh was first with a score of 647. Walsh is rated as the third best shooter in the country. He was one of the instructors at the F. B. I. training school in Washington.

## Newton Opponents Open Grid Season

The 1941 scholastic football season opened last week-end with the local inauguration of the fall sport scheduled for this coming Saturday afternoon at the Dickinson stadium. Woburn High will assist Newton high in the curtain raiser for the orange and black. It will be the second tilt for the visitors, they having raised the lid with Saugus last week on the short end of a 13 to 0 count.

Newton's other opponents during the coming season all opened their season last week with the exception of Everett, 1940 champions. The Gilead-coached outfit, not as highly regarded as usual to develop into a strong outfit, takes on Somerville for its opener this coming week-end. Lynn Classical, the other co-champion, opens its season against Peabody last week and chalked up a 13 to 0 victory with Captain Boley Danciewicz getting away to a flying start towards another scintillating season.

Quincy High tossed a bundle of fireworks into the basket with 7 to 0 upset of a Brockton high team that was figured to go places this season. Newton takes on Quincy next week Saturday at Newtonville and will find itself up against another Granite effort. Brockline High tucked in another surprise for Saturday's results by topping Lawrence High 6 to 0. Waltham, with one of its heaviest aggregations in years, but one with little experience, battled Providence Central to a 0 to 0 tie by staging a near goal line defense stand to avert defeat. Leominster, one of the two new Newton opponents this year, succumbed to an Arlington passing attack in a 6 to 0 affair. Fitchburg, against Rindge Tech, and Cambridge Latin, against LaSalle High of Providence, were shut out by their respective opponents, 19 to 0, and 20 to 0.

From the very start of the season it is evident that Lynn Classical and Everett will be the top-flight teams with Quincy, Waltham, Leominster and Brookline stubborn foes. Where Newton will fit in this circle remains to be seen.

The Woburn line-up will present a lad who was one of the best backfield performers to play on the local gridiron last year in Co-captain Bob Roche. Packing 170 pounds weight this lad has power and ability as well as being a speedy ball carrier. A featherweight in the neighborhood of 130 pounds is listed as the starting quarterback—a lad named Burke. The halfbacks will be Walsh and P. Doherty, both tipping the scales at about 160 pounds each.

Woburn ends will be Halliday and McDonough with Cullen and C. Doherty at the tackle positions. Nagle and Pandolf are the guards with Pizzo at center. Woburn comes here with visions of knocking off the orange and black in one of those early season upsets which sometimes occur. On the basis of weight, experience and possibility the Newton team will go into the game favored to win.

## WHERE TO WATCH

A brief glimpse at the Friday night and Saturday afternoon football calendar might reveal a few surprises. In the local fray Newton is a question mark against a lighter Woburn eleven that already has tasted one defeat and is anxious to get onto the victory path. A Woburn win would be an upset which is a possibility. Newton cannot afford to make too many mistakes.

Friday night Everett will find Somerville, fresh from an imposing 12 to 0 victory over Chelsea last Saturday, ready to make it two straight. This game may prove to be an upset unless the Gilead crew starts right out on high.

Lynn Classical, with Danciewicz, should dance circles around visiting Gloucester to the tune of at least two touchdowns, possibly more. Cambridge Latin is due to take it on the chin again under the lights Friday night at the hands of Peabody, Class B champs now promoted to Class A. Peabody's loss to Classical last week did not make them feel too happy.

Brookline is apt to stub its collective toe over a strong Quincy eleven which will be anxious to tell the world that the knocking off of Brockton was the real stuff. Leominster at Saugus will be a nip and tuck affair with what edge there is going to little but mighty Saugus. Waltham should chalk up its first 1941 victory at the expense of Lawrence.
